

1972 BEACON

hi!

welcome to our world.

sit down and take a minute to look around.

our world is a world of laughter, love,

hello's and goodbyes.

a world of chewed-up pencils, term papers,

memorization, and notebook paper.

a world of endurance, determination,

ability, sacrifice, and dedication.

our world is made of people.

people with emotion,

people with brains,

people with ability.

and all of these different people, and all of

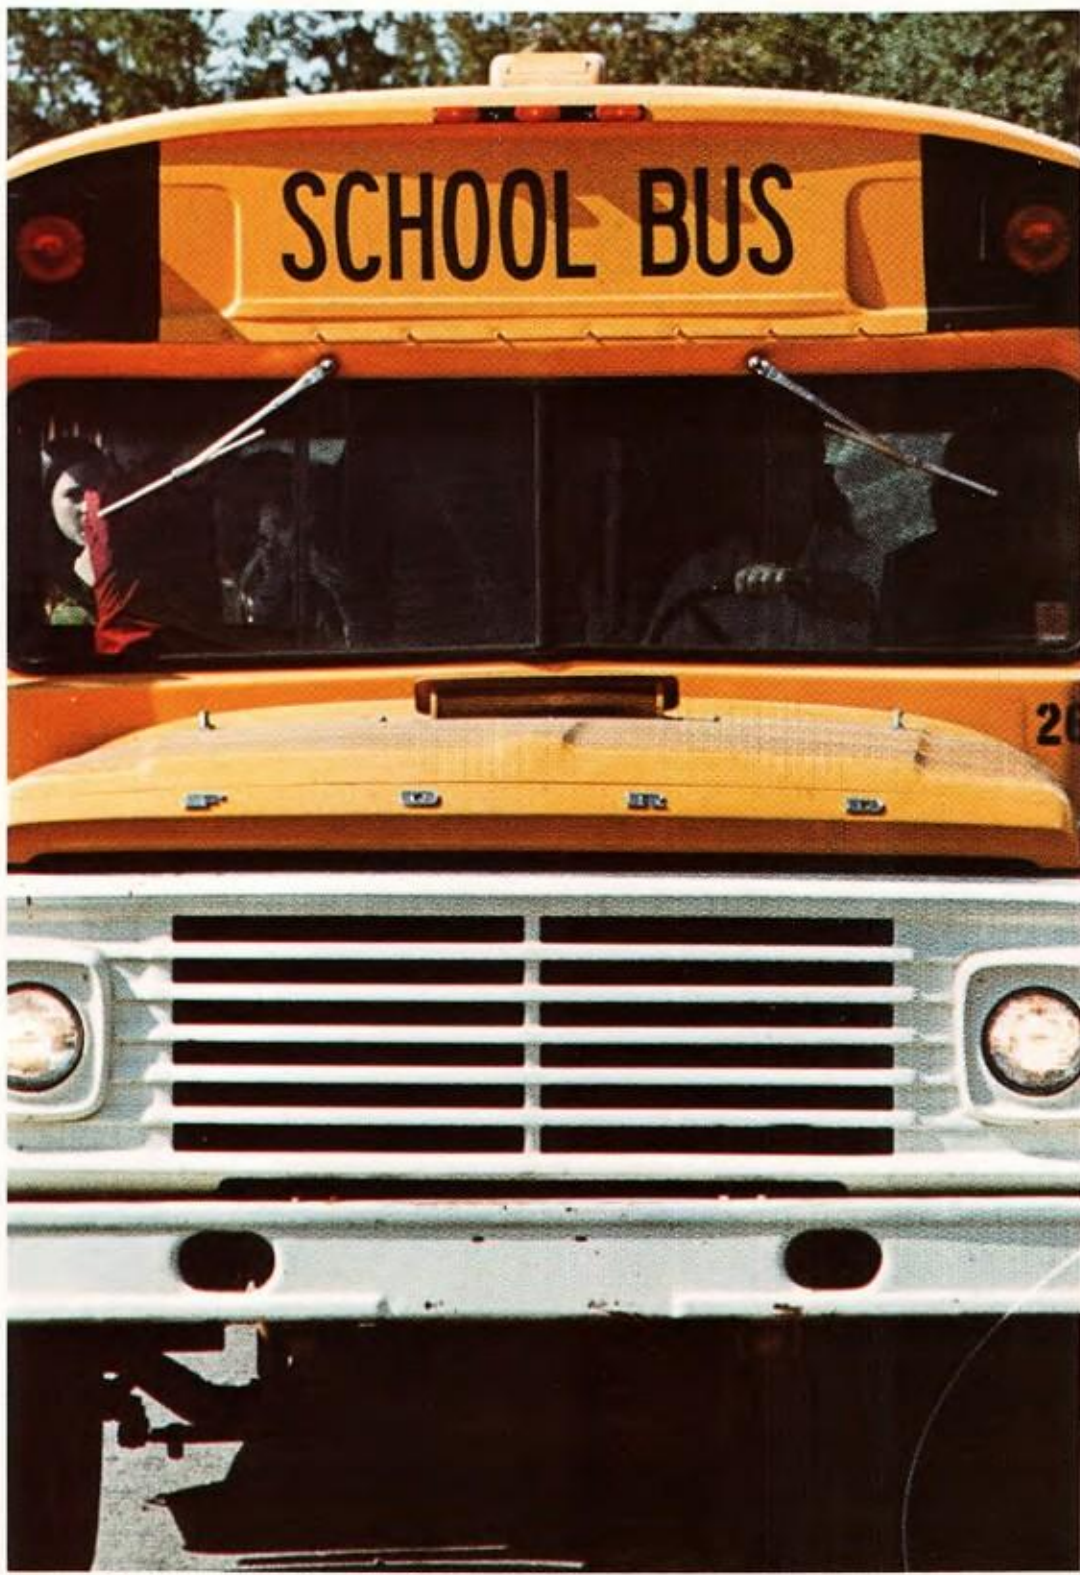

their interests are unified by a building

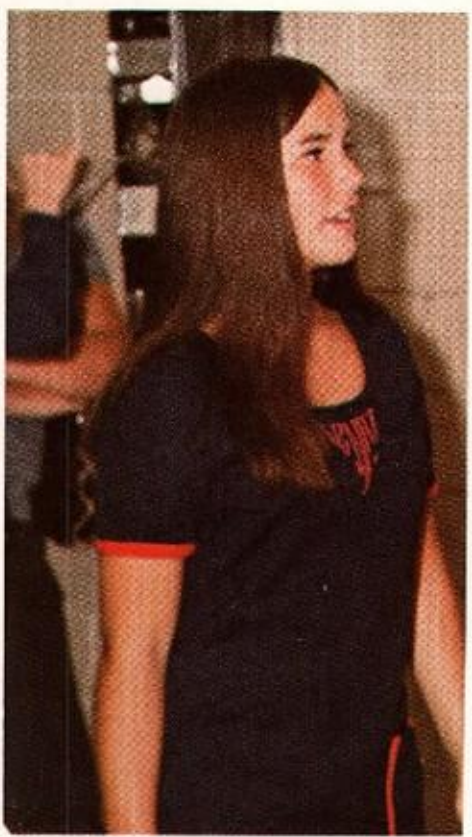

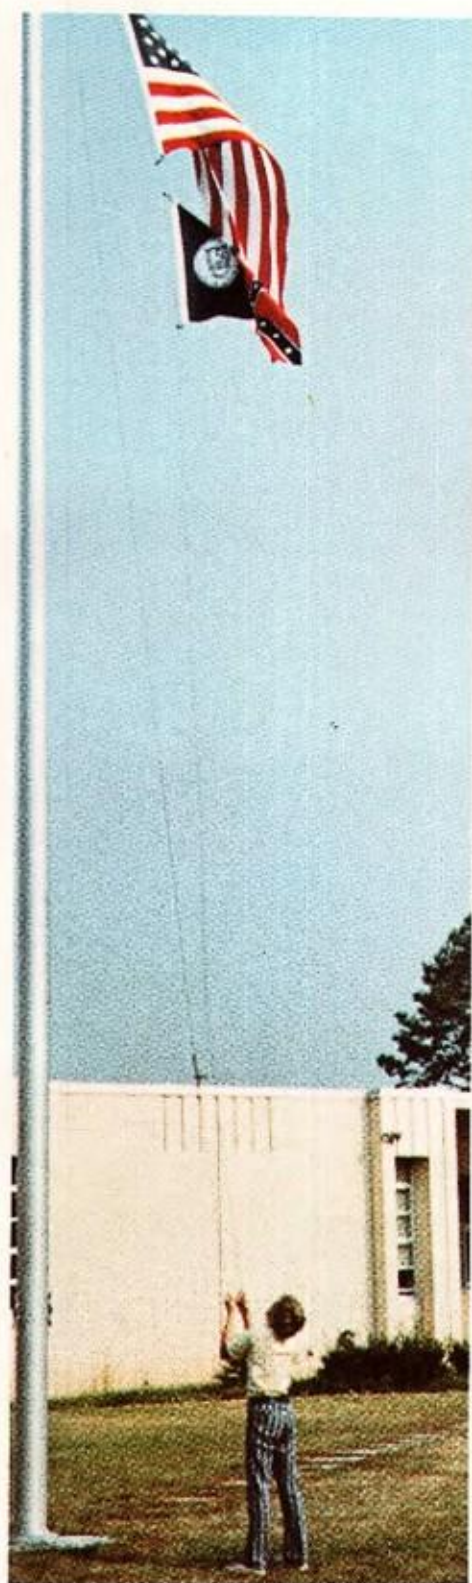

called peachtree . . . our world.

welcome to our world.

come on in!

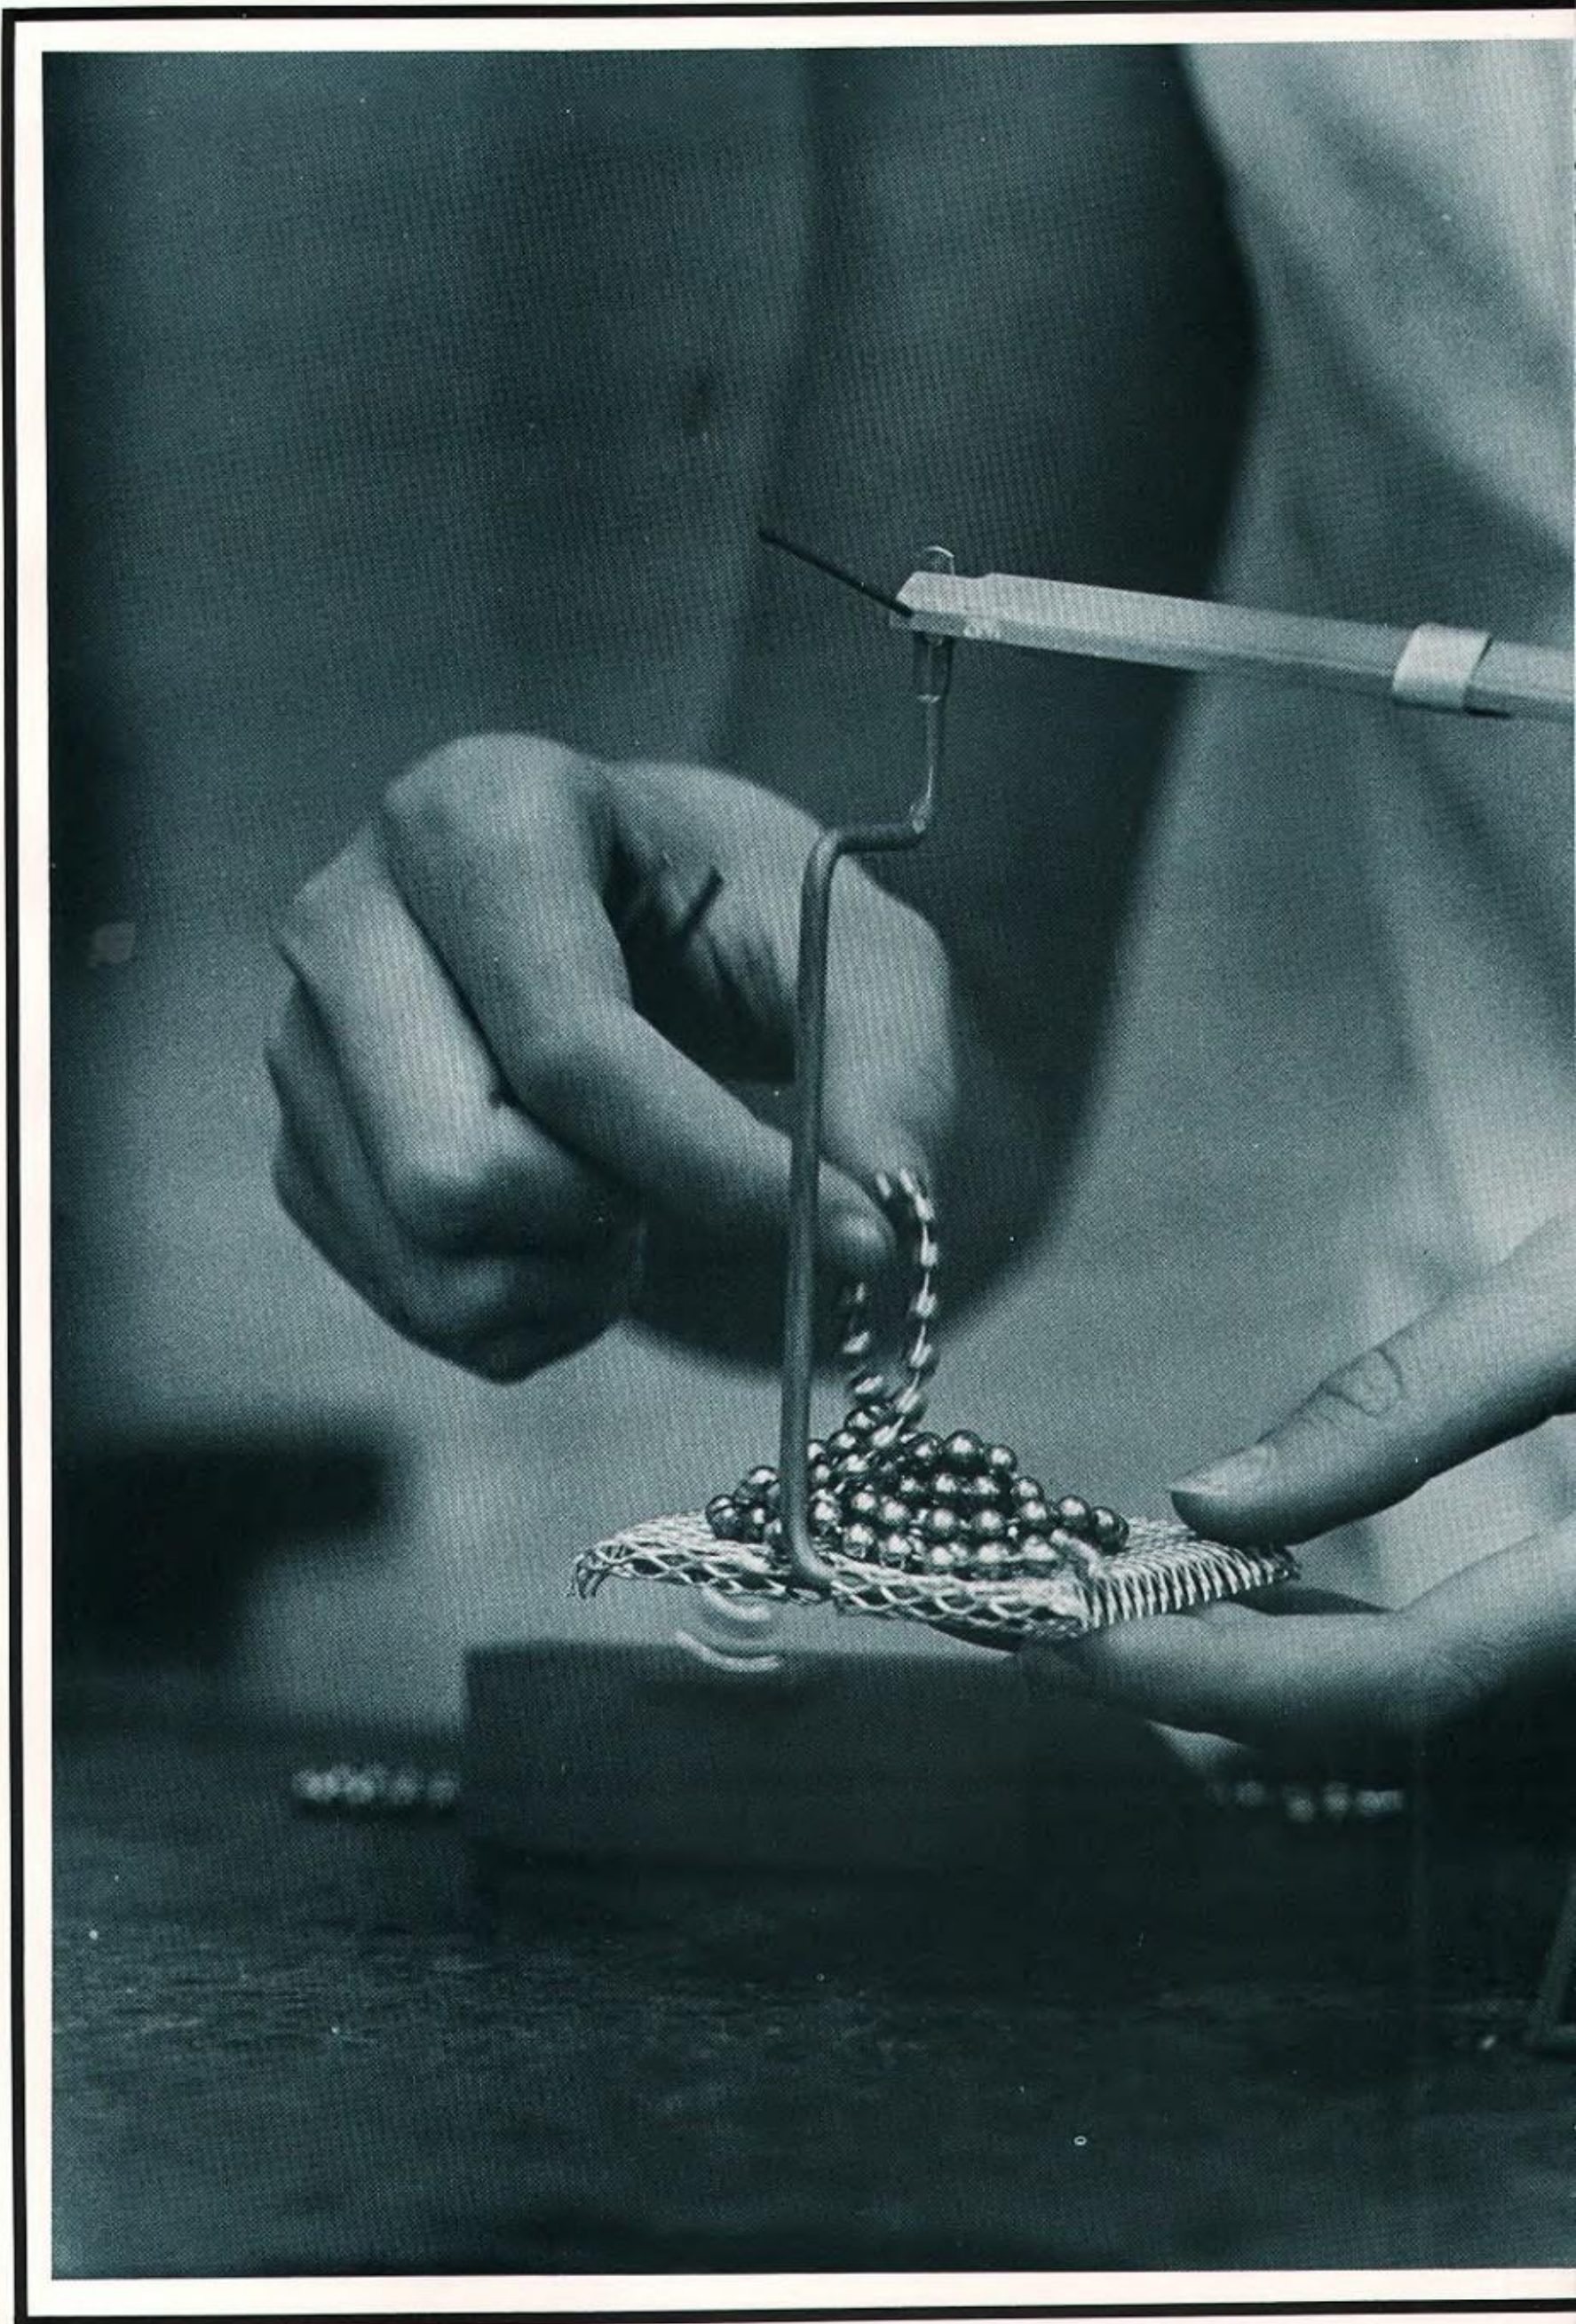

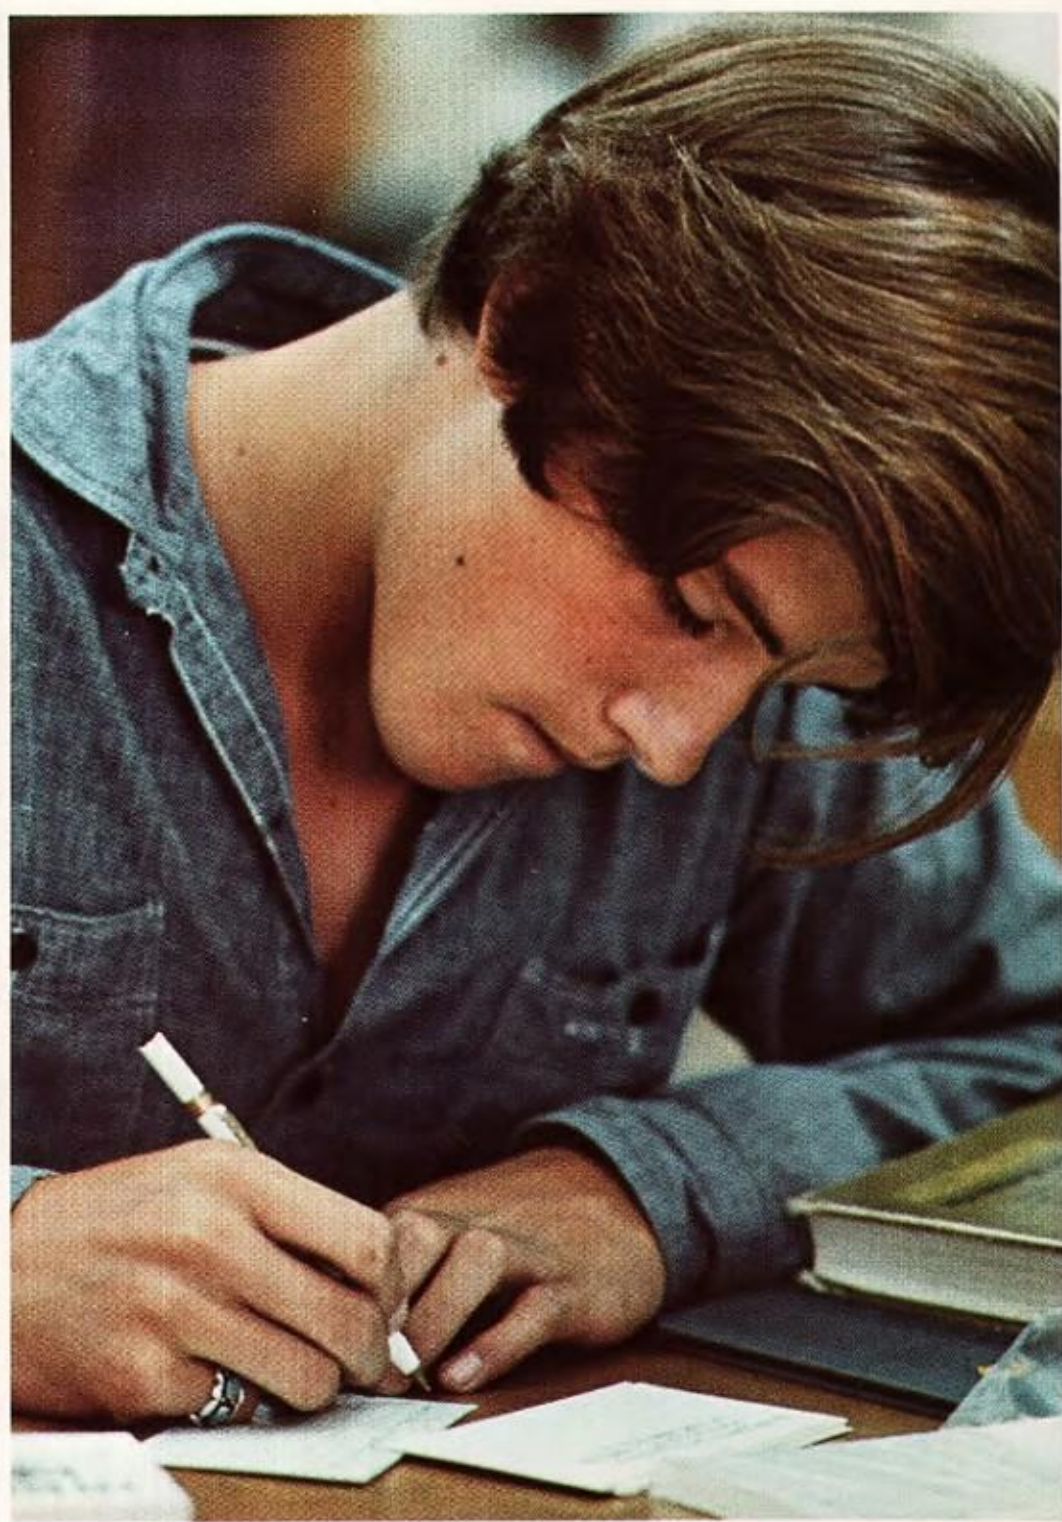

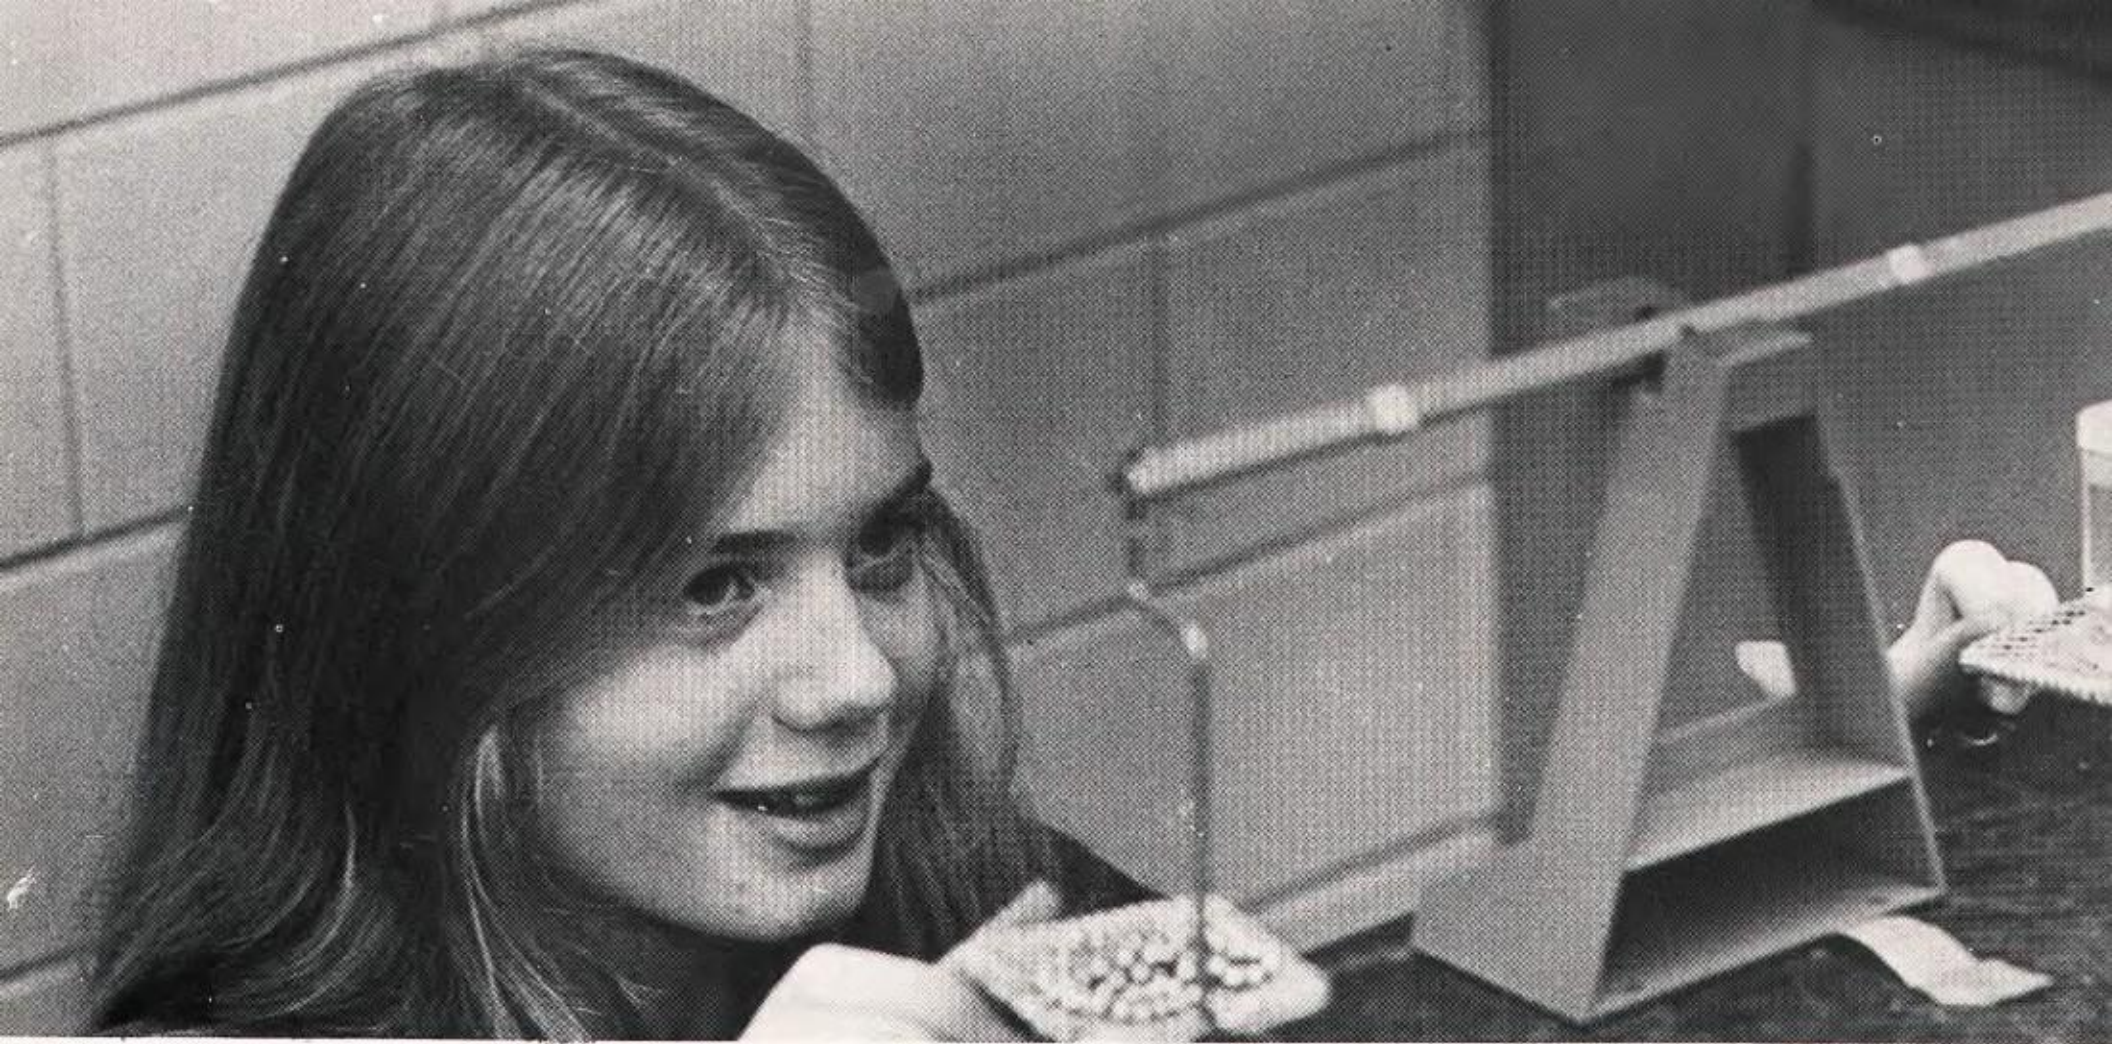

people.
thousands of 'em, 2,616 to be exact.
each a unique, conforming individual
each involved with himself,
and with 2,615 others
the necessity to conform
to conform to the yellow bricks
to conform to the attitudes of
those surrounding you.
to smile when you've been stabbed in
the back
to be saddened by the misfortunes of others
yet always being an individual
within a social structure
made of red, white, and blue.

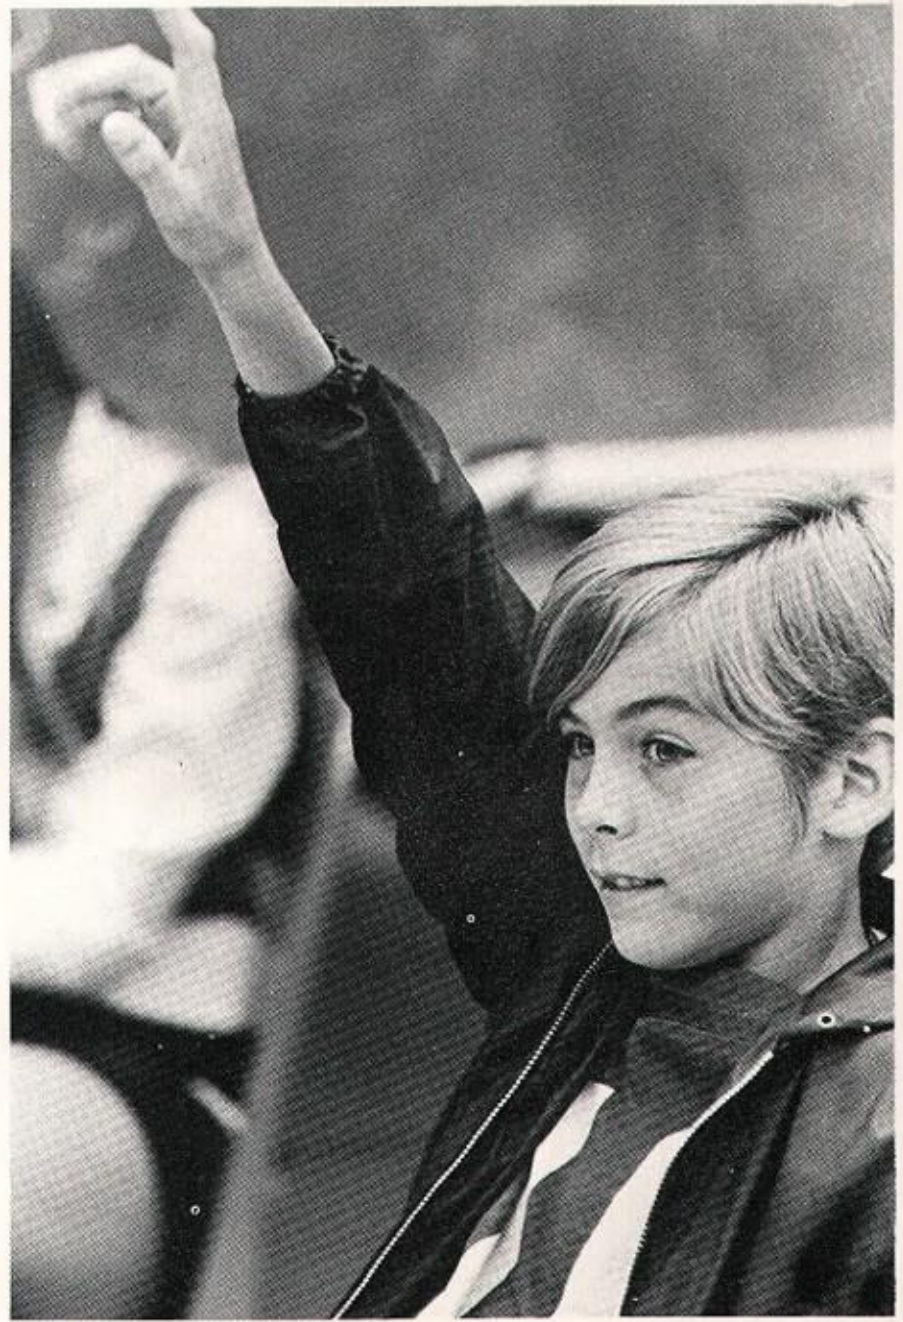

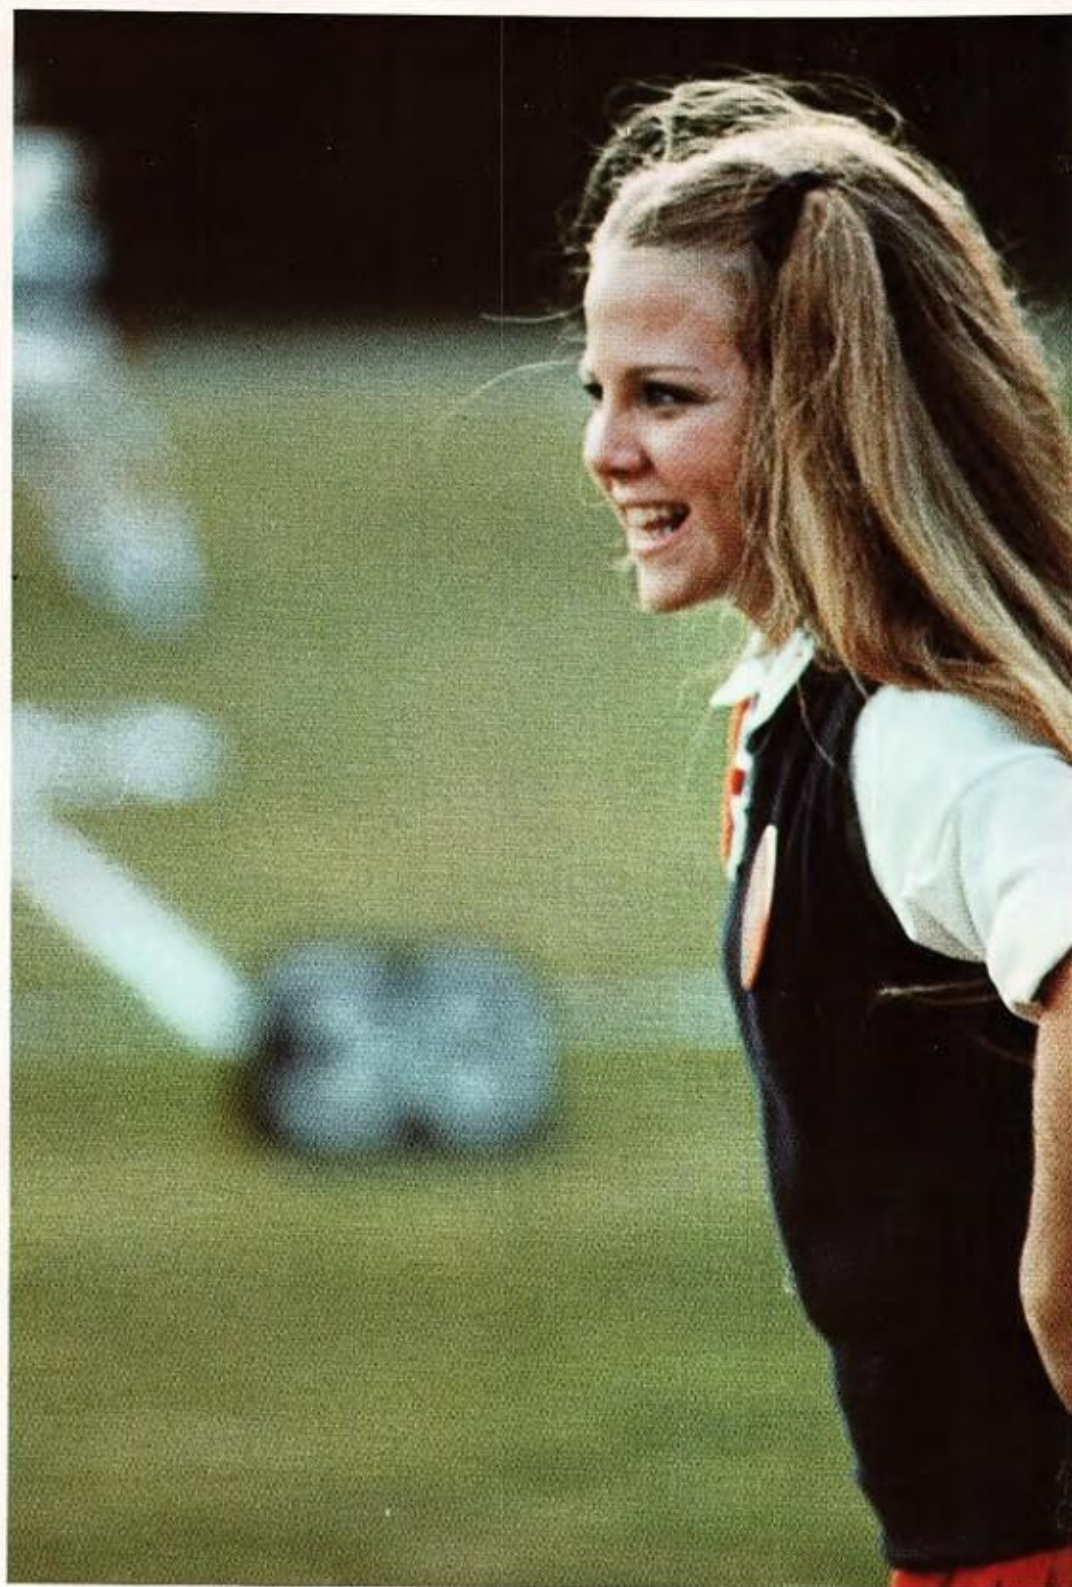

academically
we strive for the best.
well, maybe we don't always
make it, but we have the
intentions.

at times, crying from boredom.
at times,
crying because there's just not enough time.

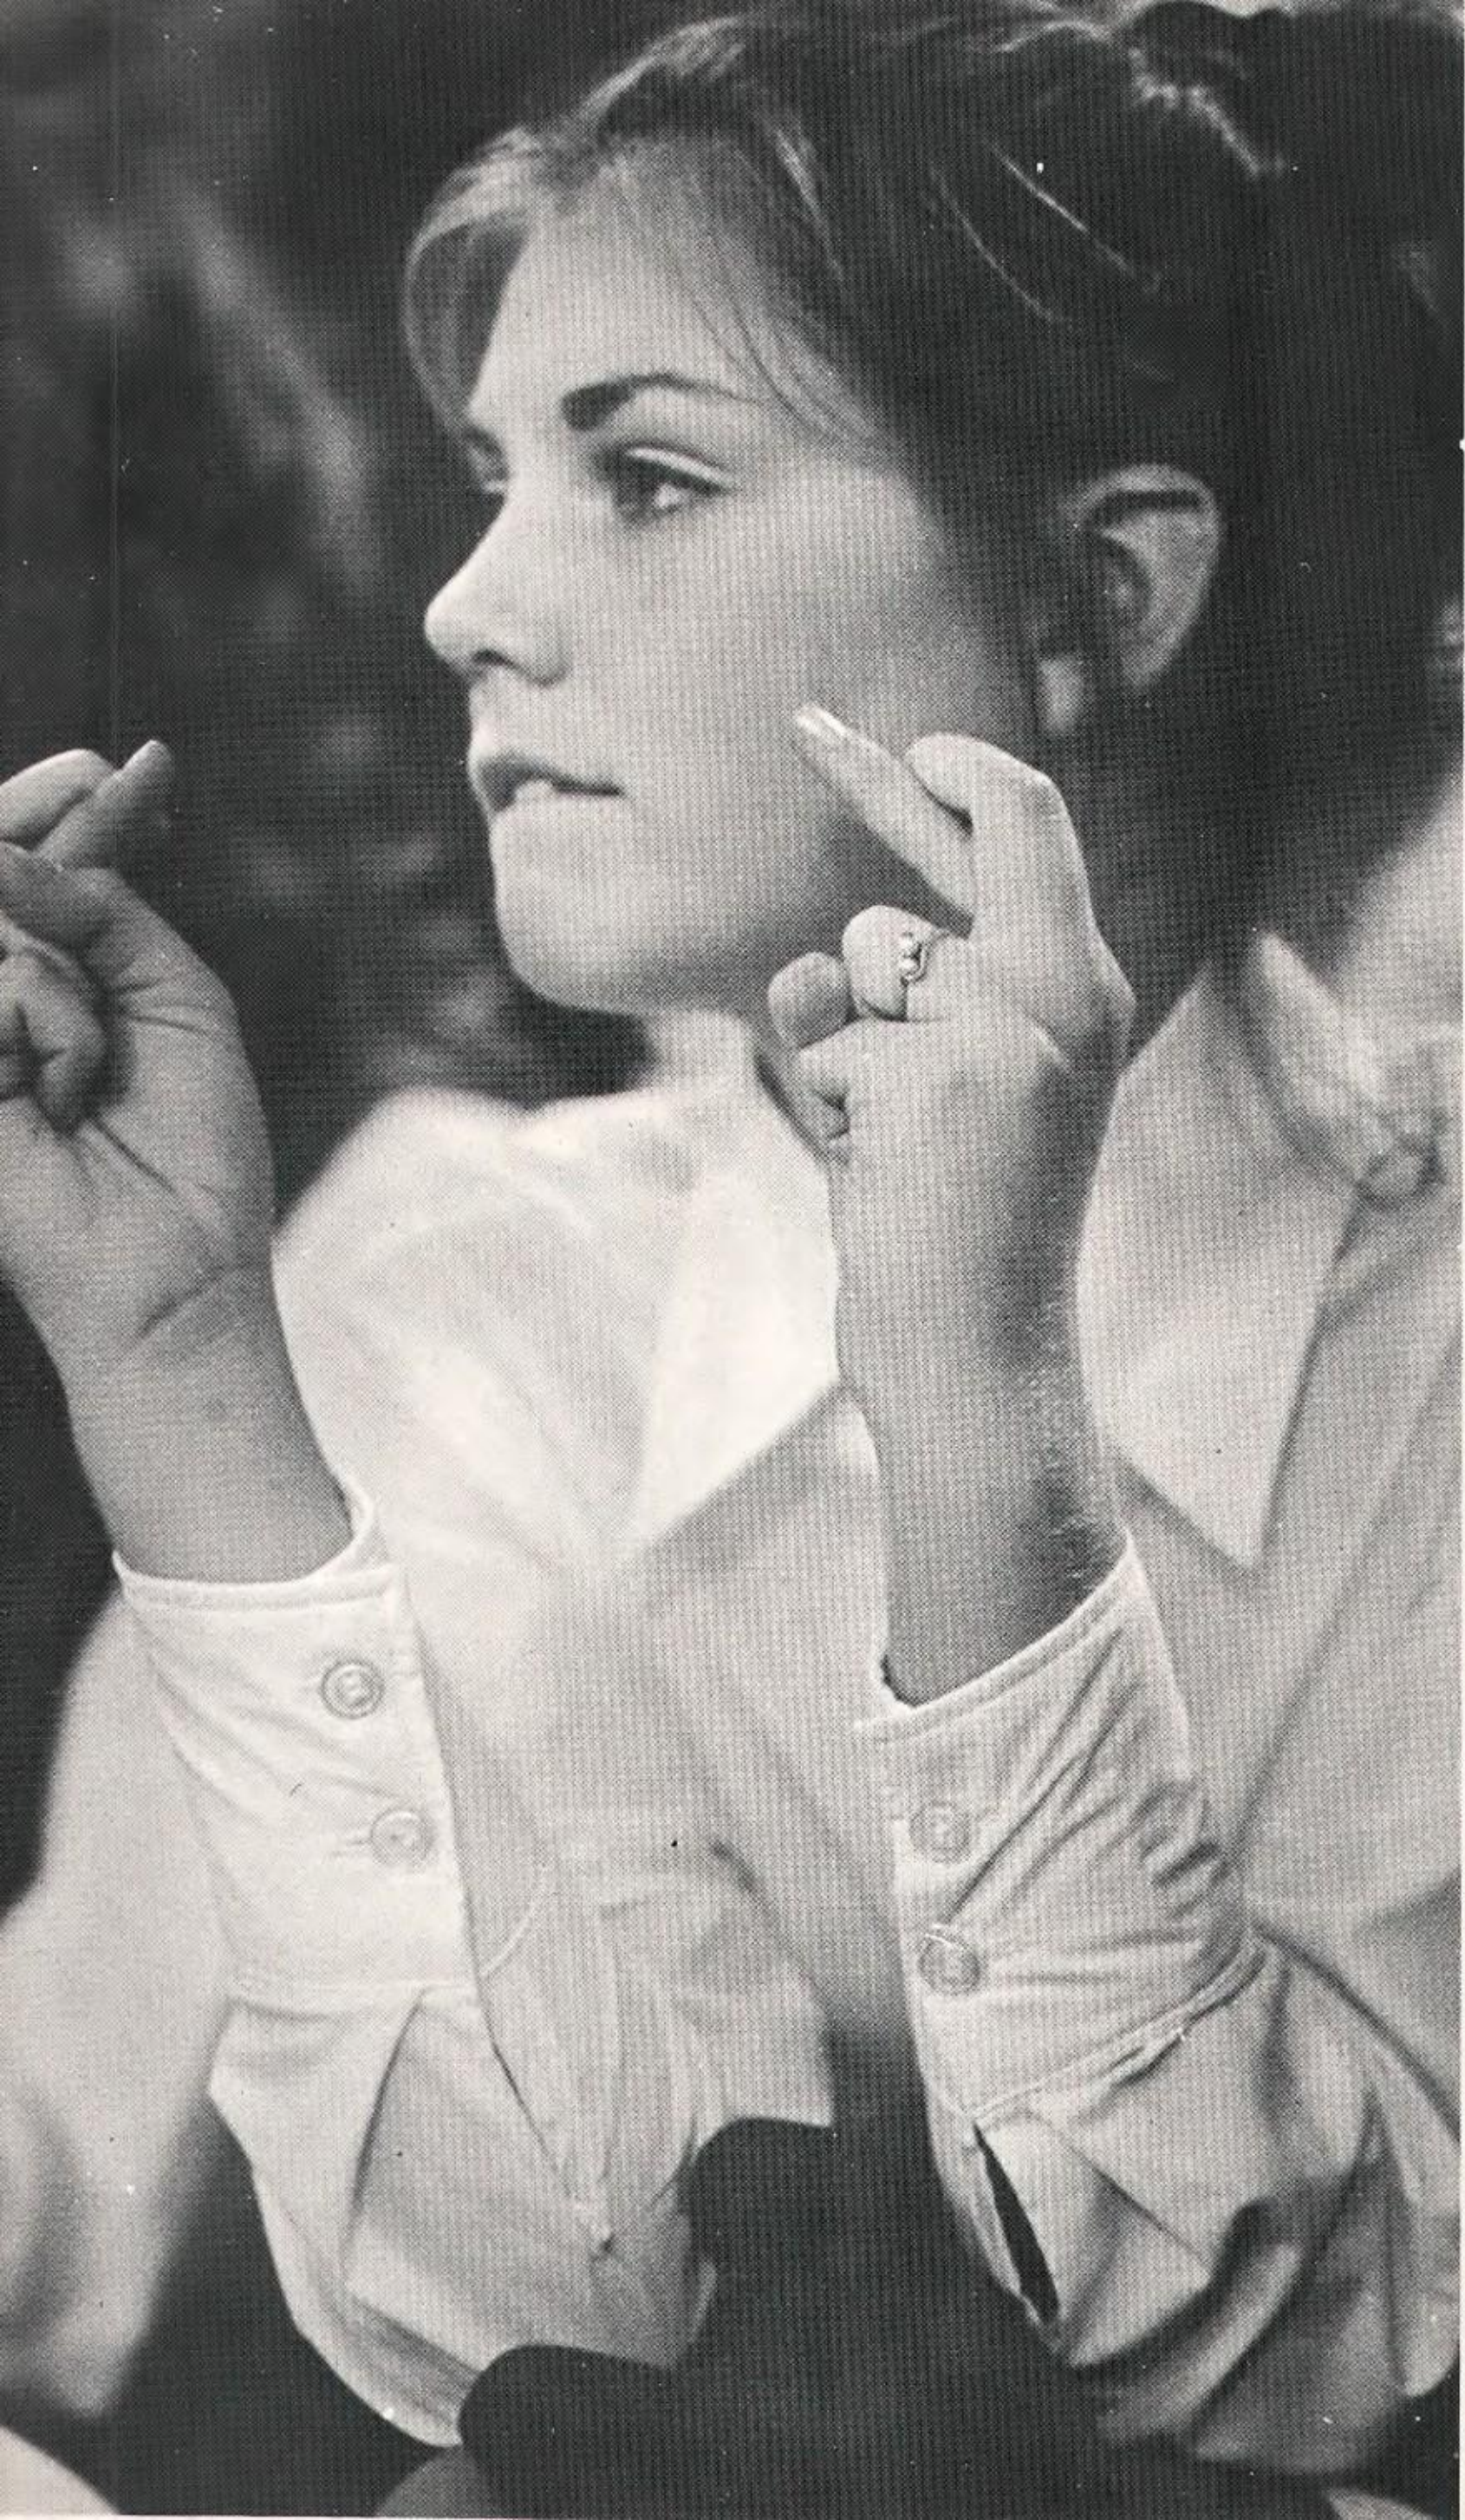

learning, comprehending,
desperately trying to understand.
a wonderful feeling to have
achieved a grade to be proud of.

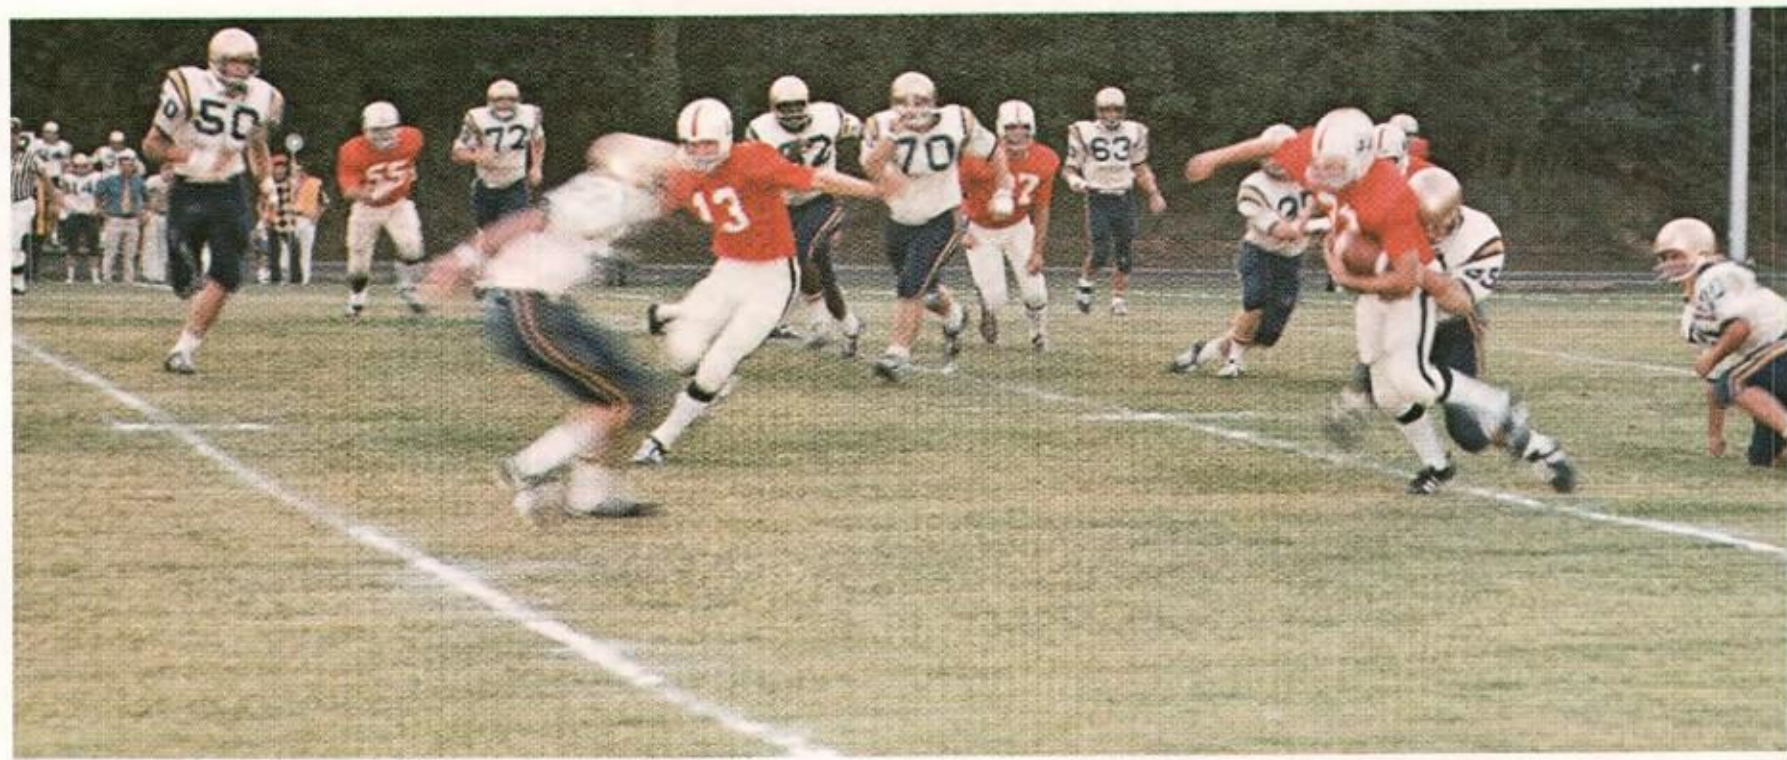

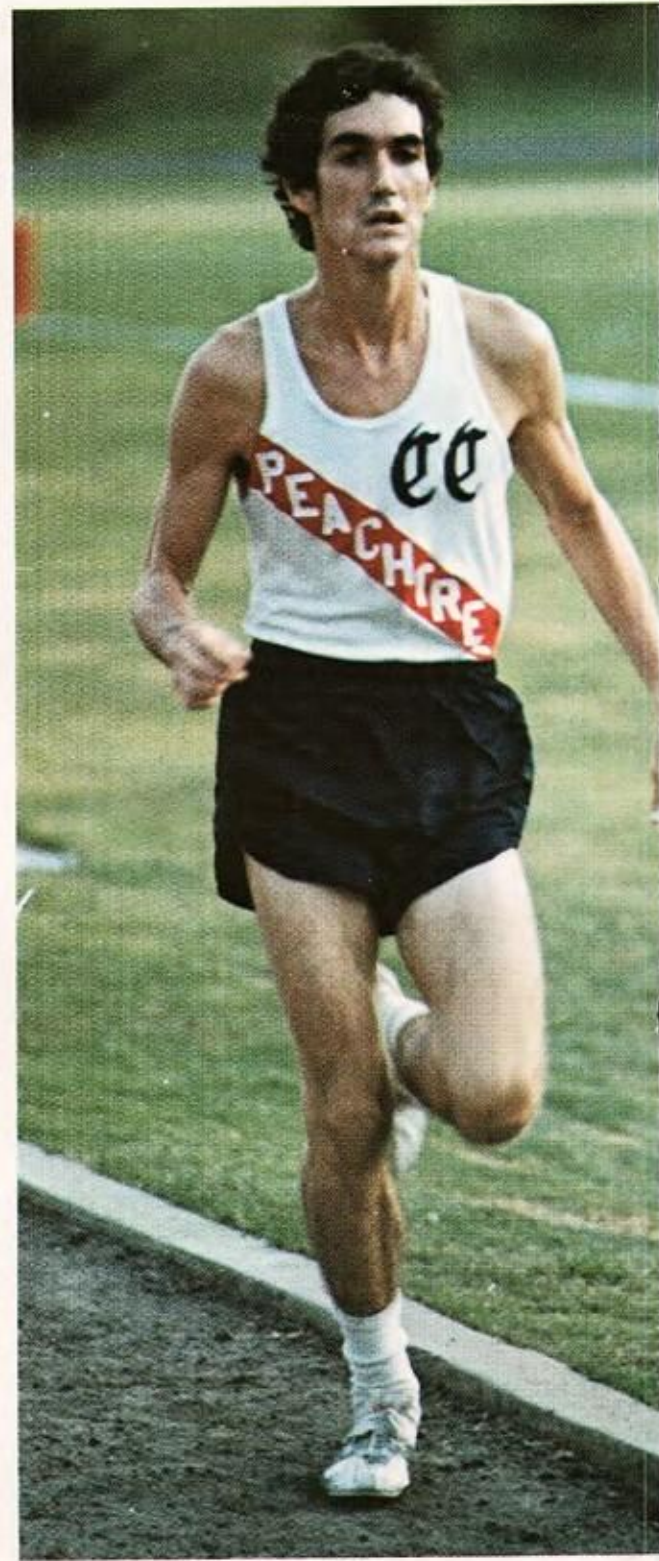

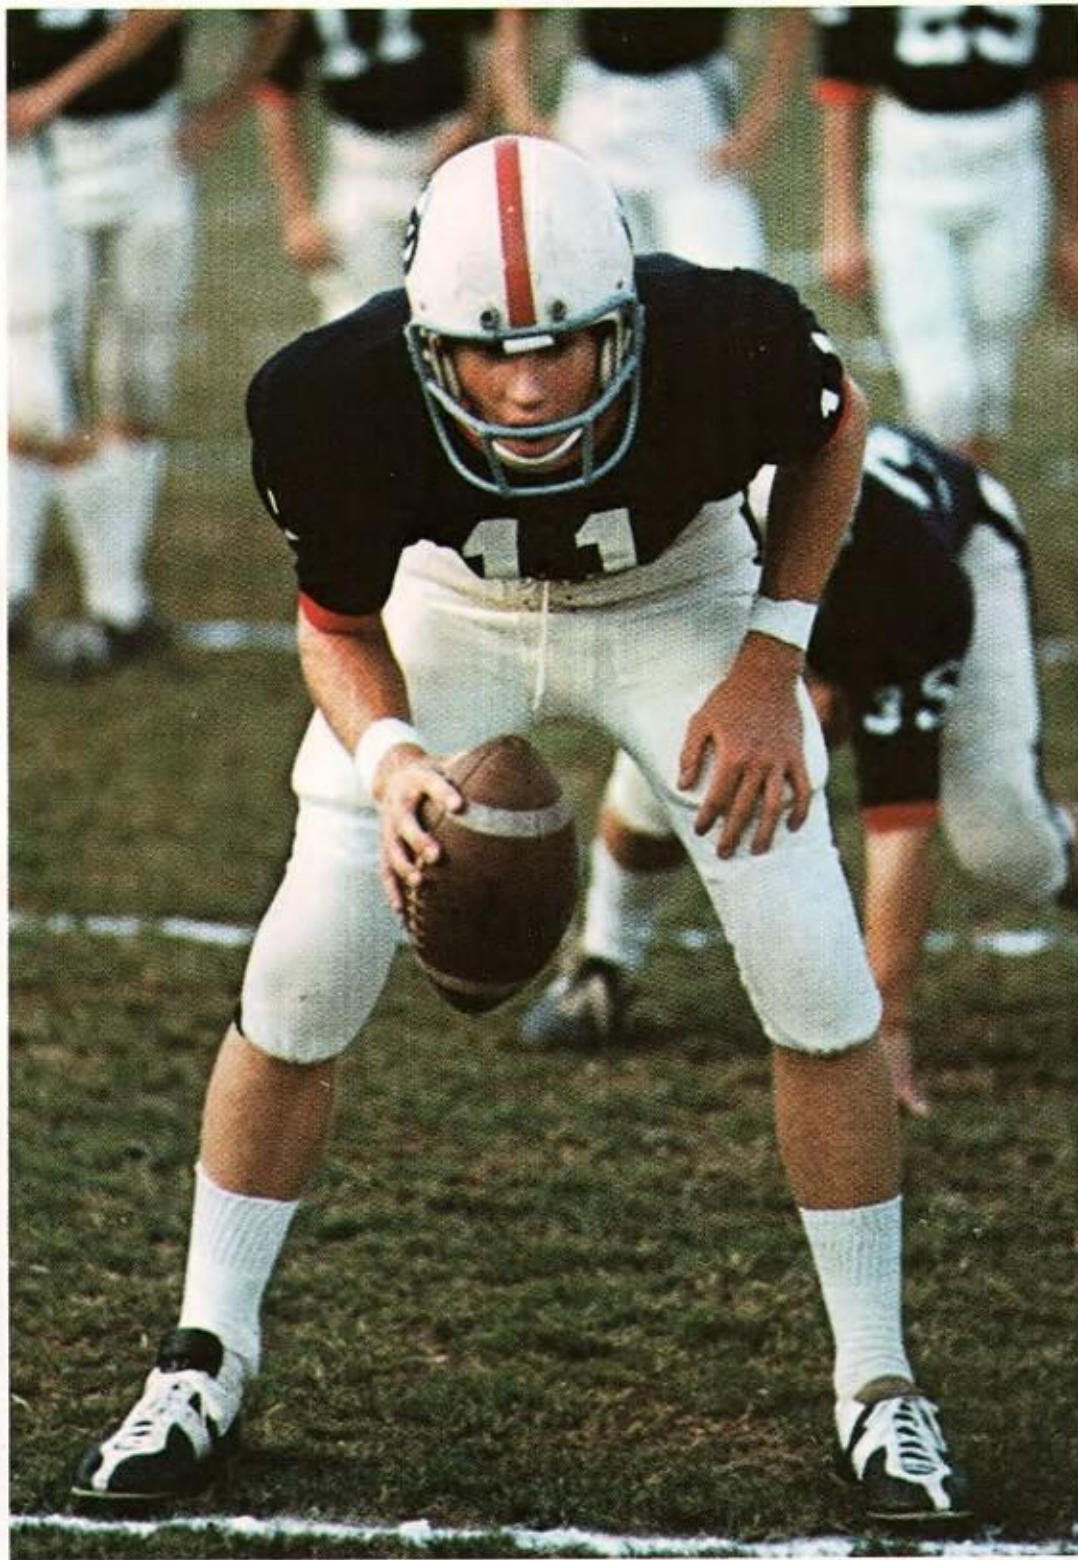

our world is a sports world.
at peachtree, you can't help but feel
the excitement, the tension, and
the joy of sports. it's contagious.
the people that support peachtree's sports
are a beautiful group. a group
that screams until the final buzzer
sounds . . . win or lose. they decorate,
build floats, get hoarse. they are people
that share the elation of victory or the
despair of defeat. people that care.
what for? for a team that represents peachtree

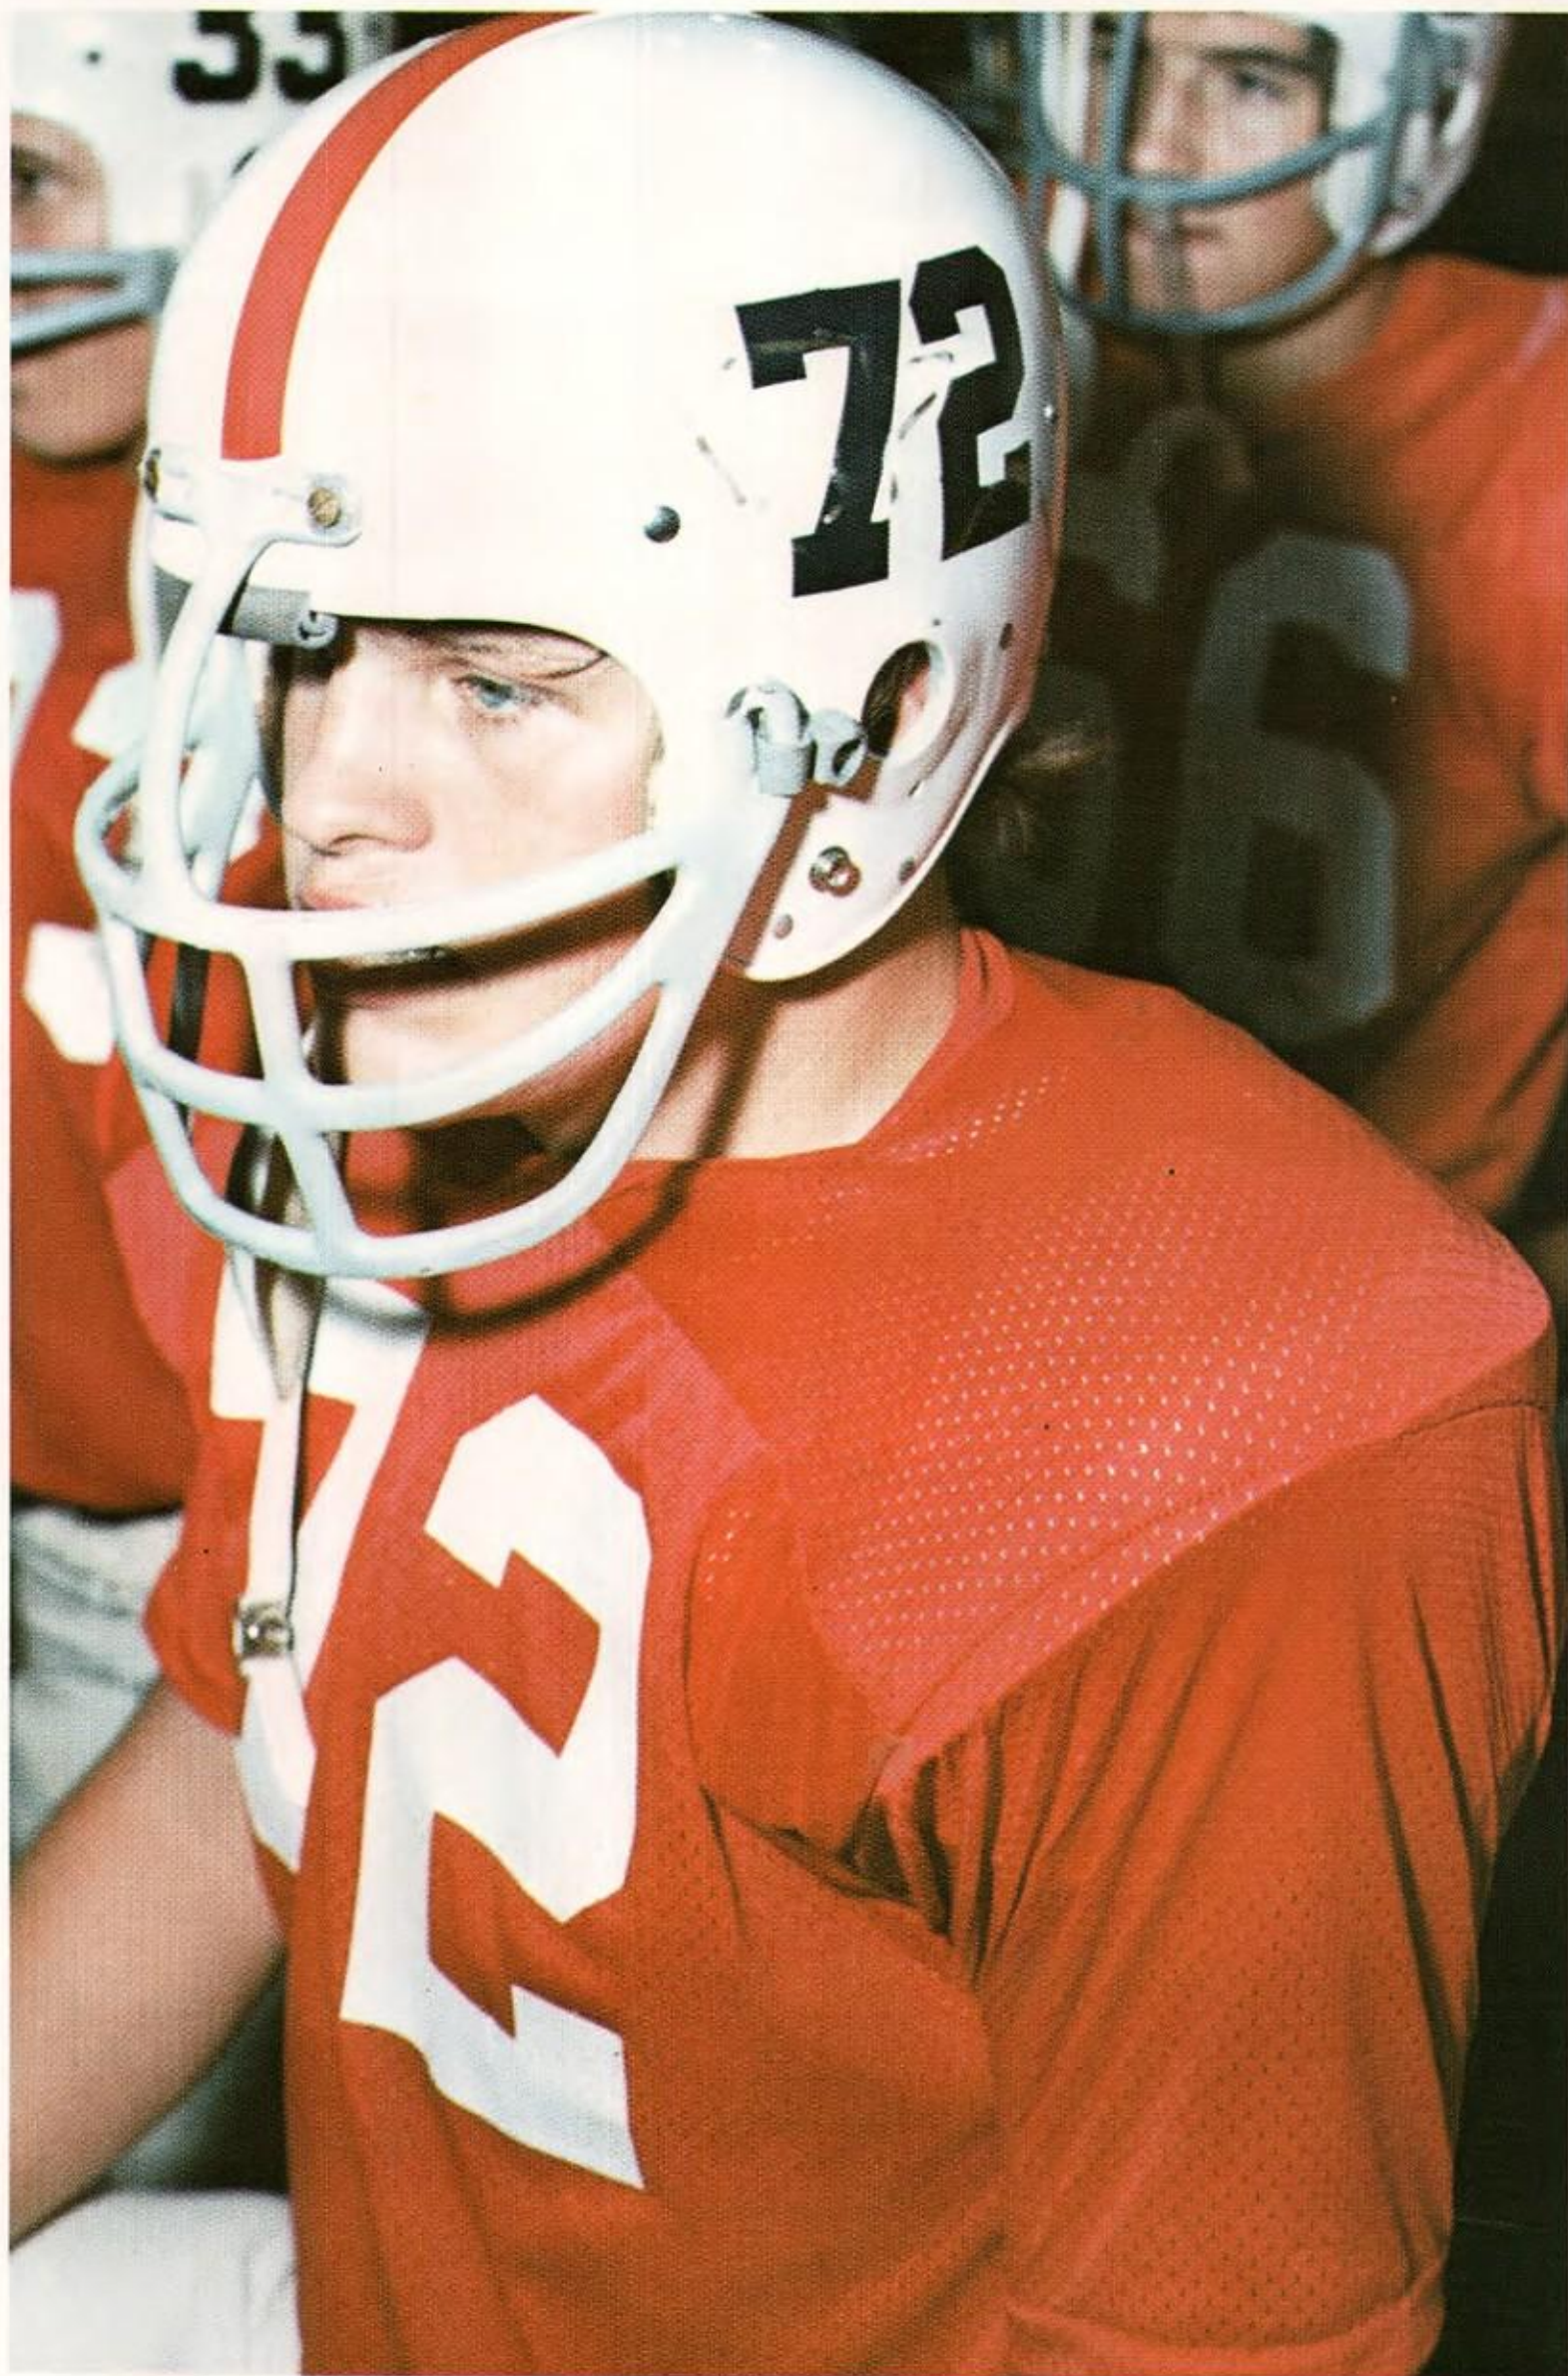

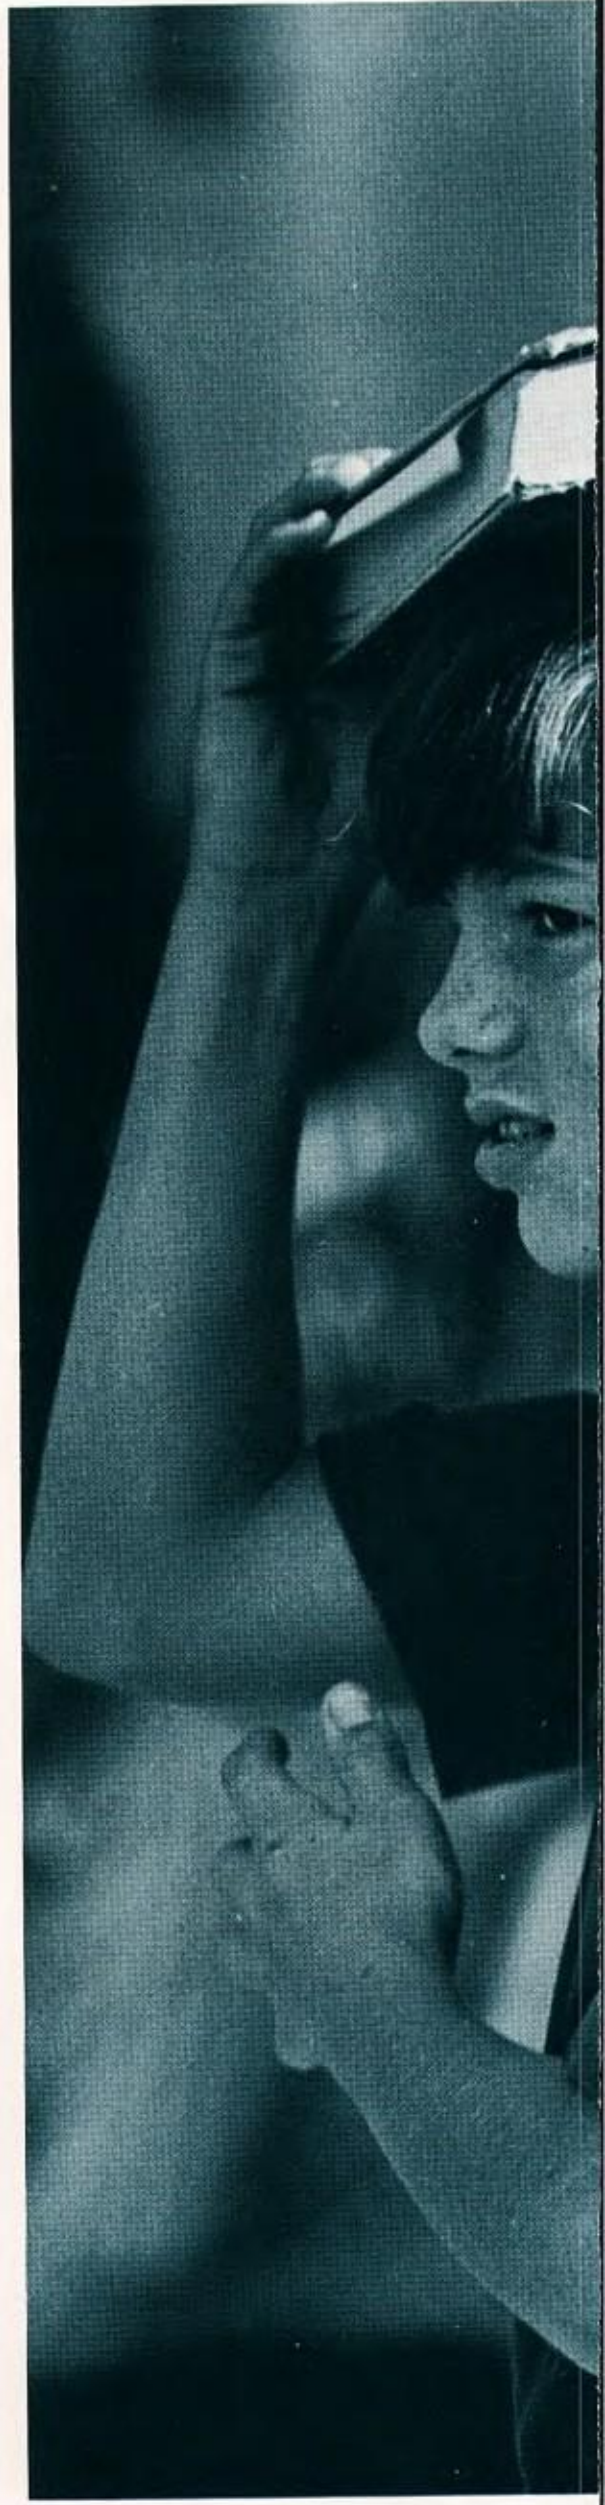

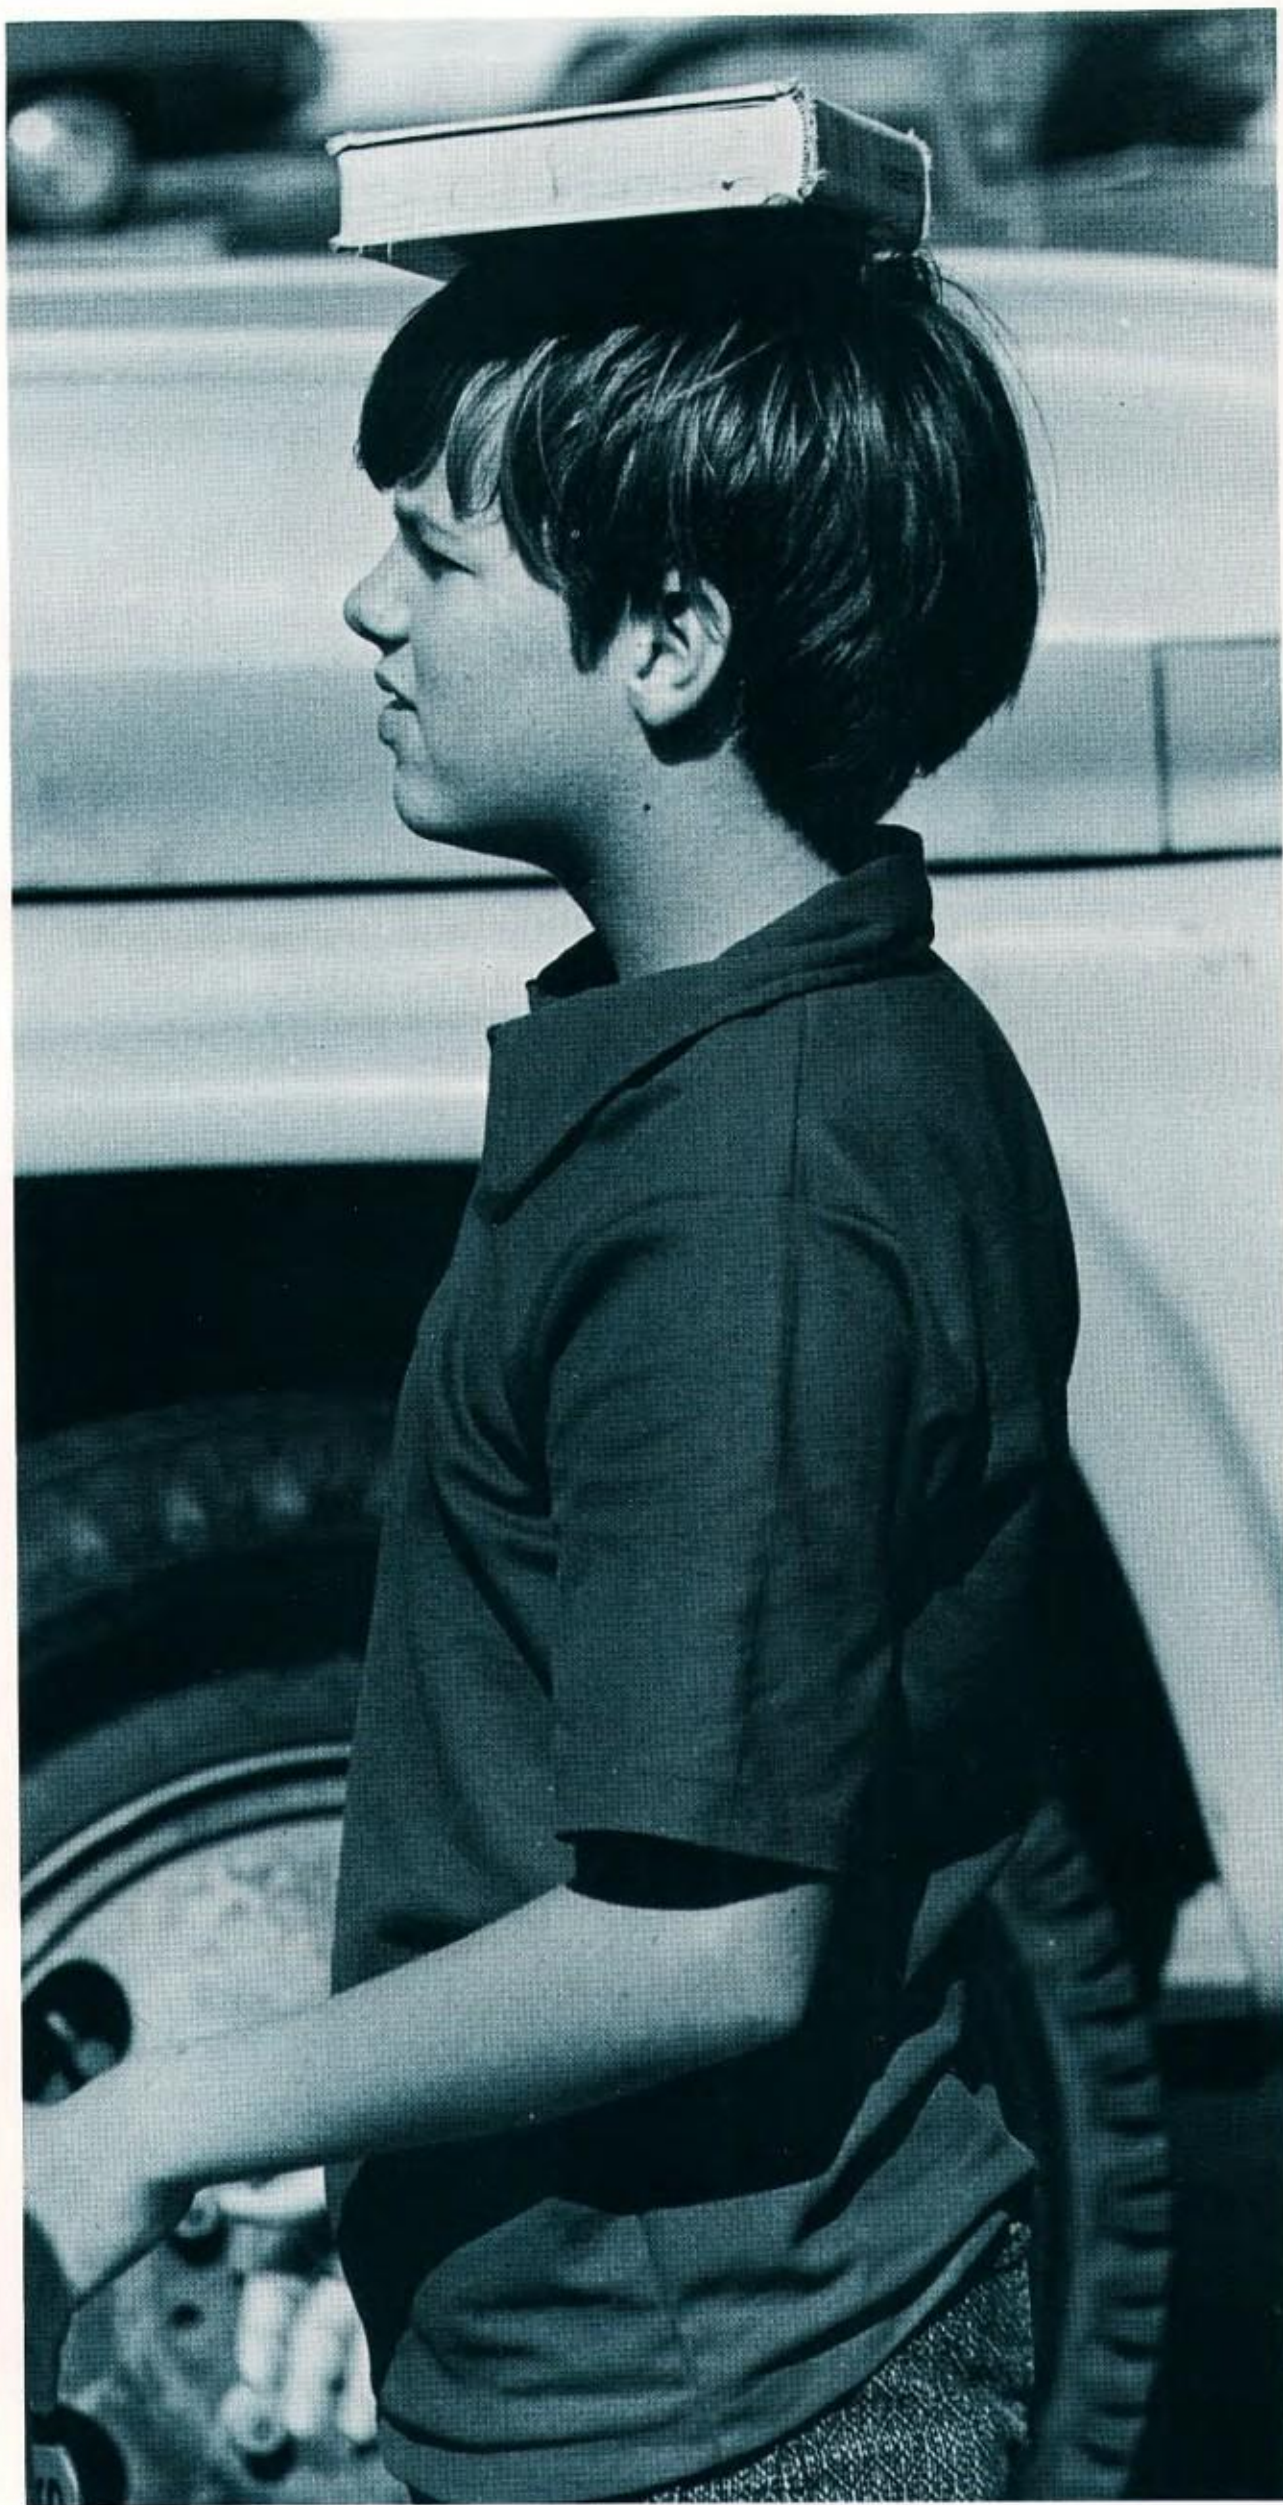

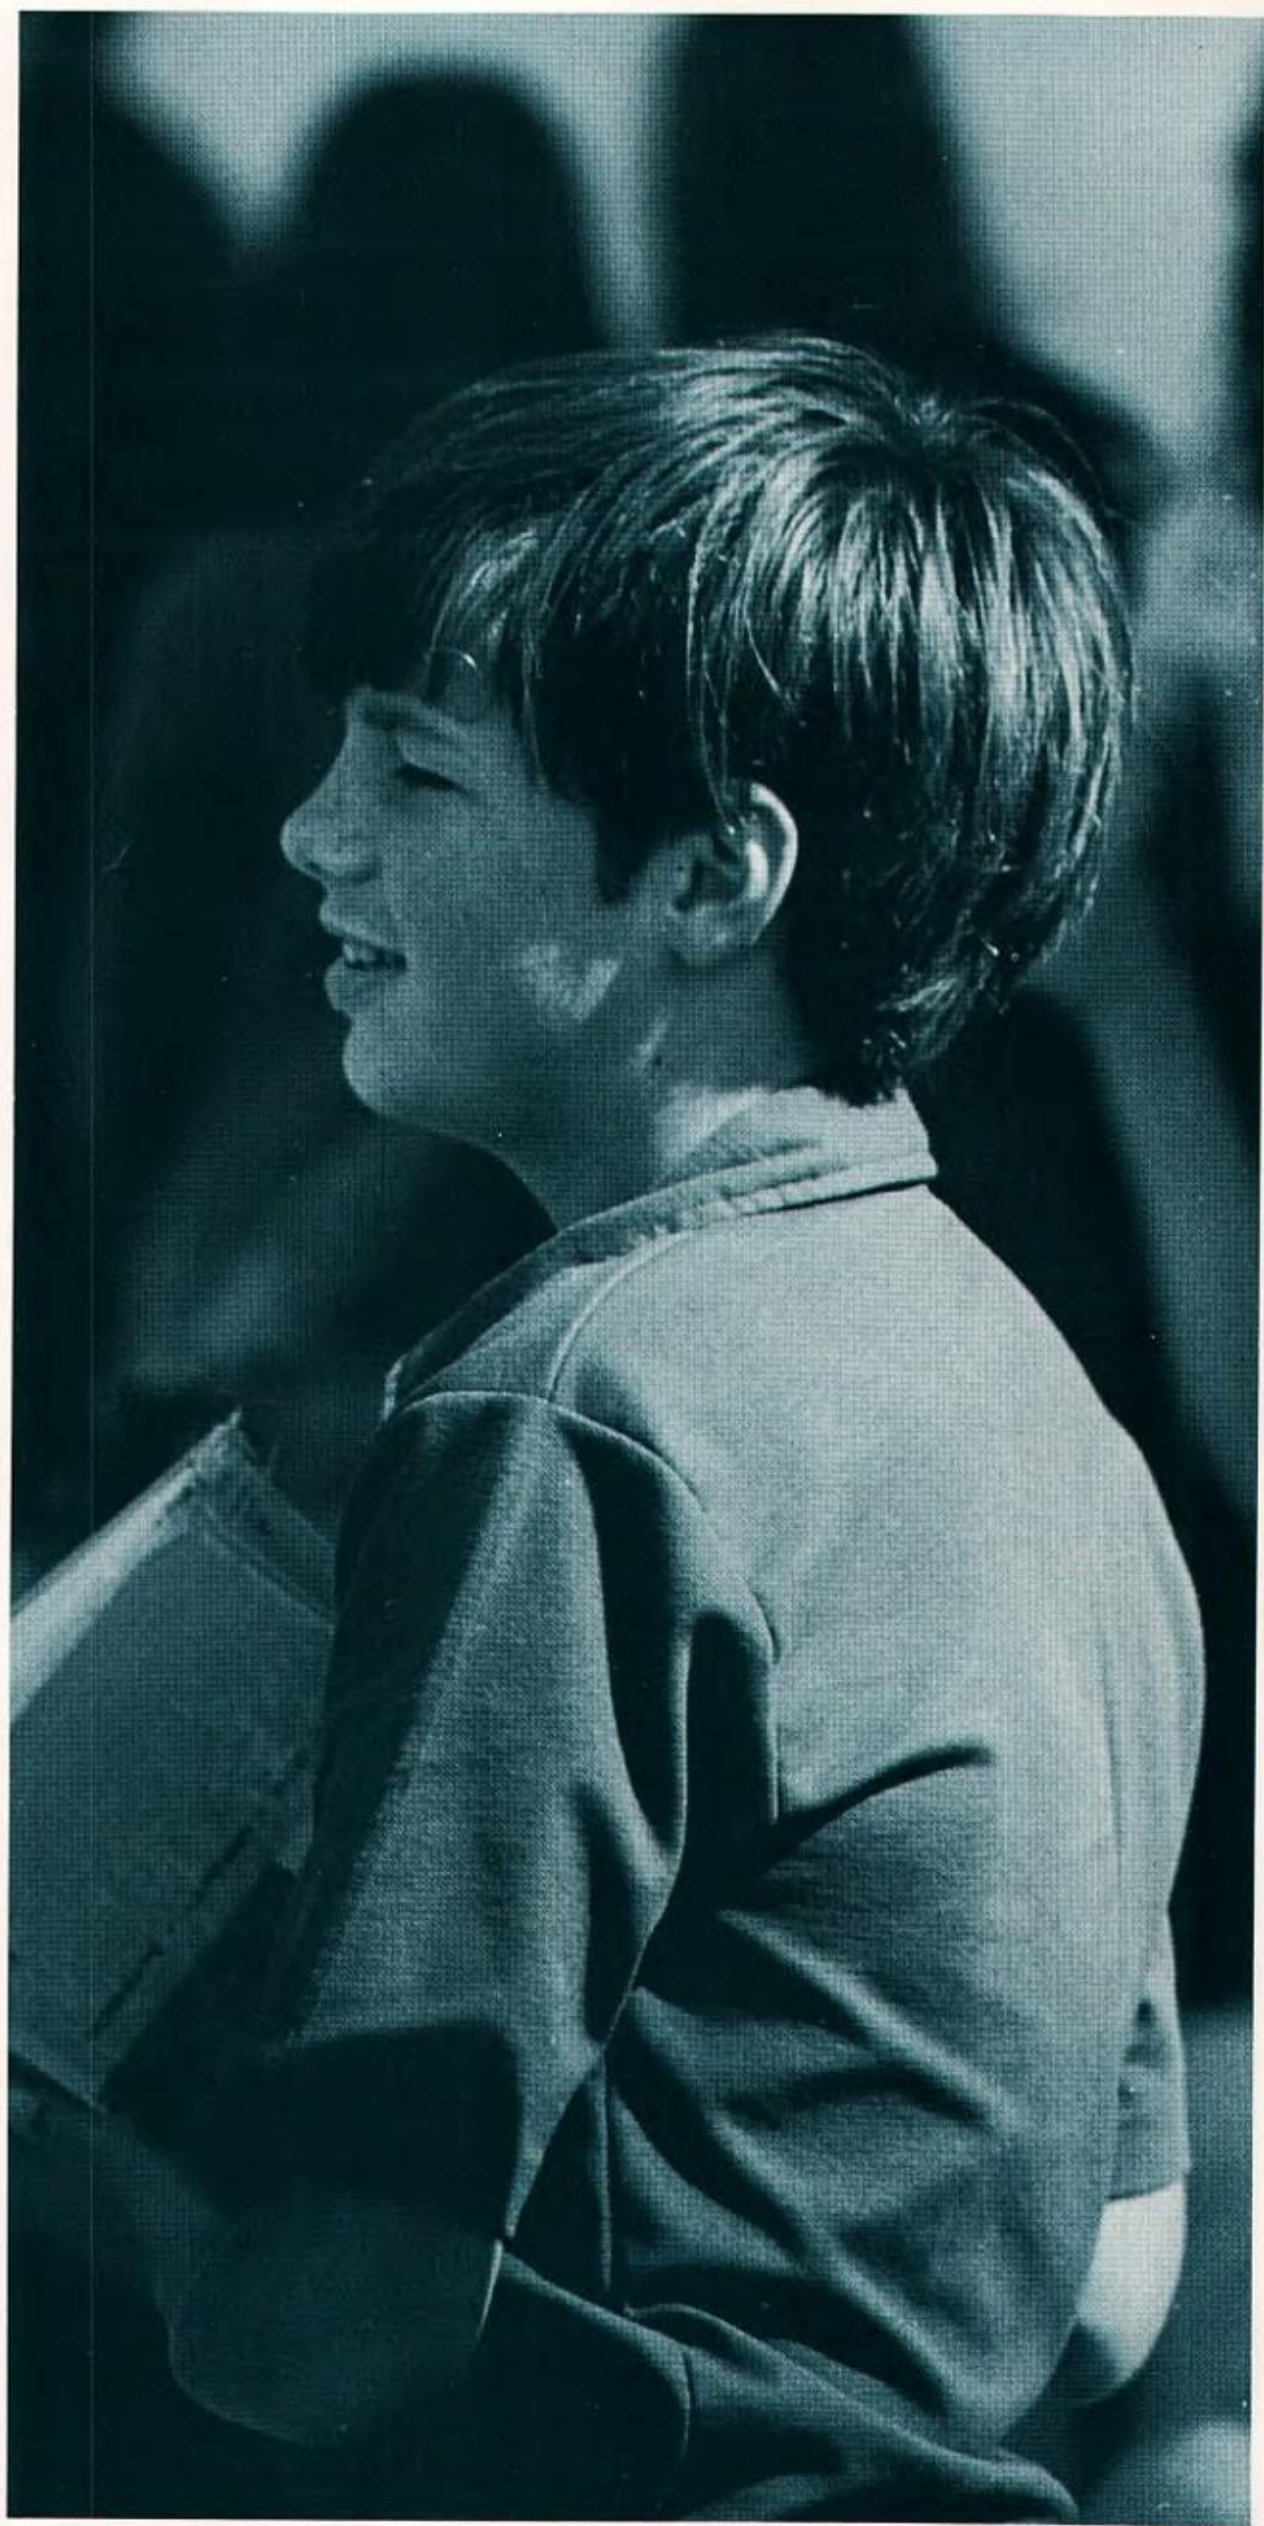

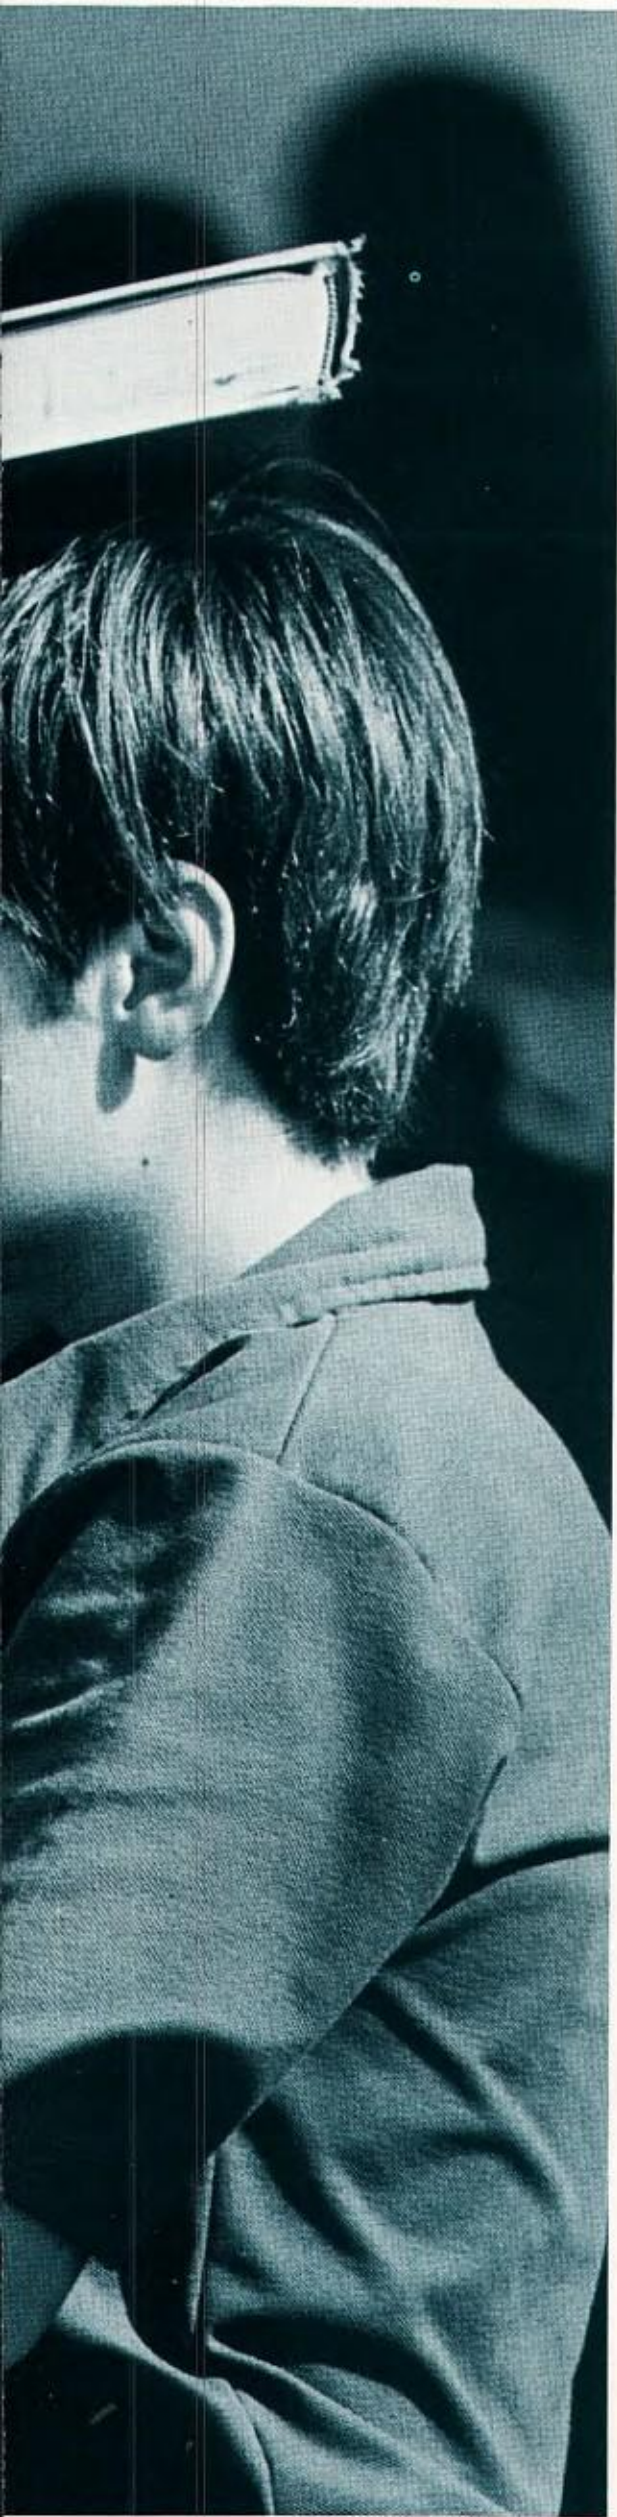

patriots.
true.
understanding.
knowing somebody cares.
every patriot has experienced a feeling,
an emotion,
at one time that,
together,
we all have in common.
and yes, this common feeling changes,
from joy to despair
happiness to sadness
elation to grief

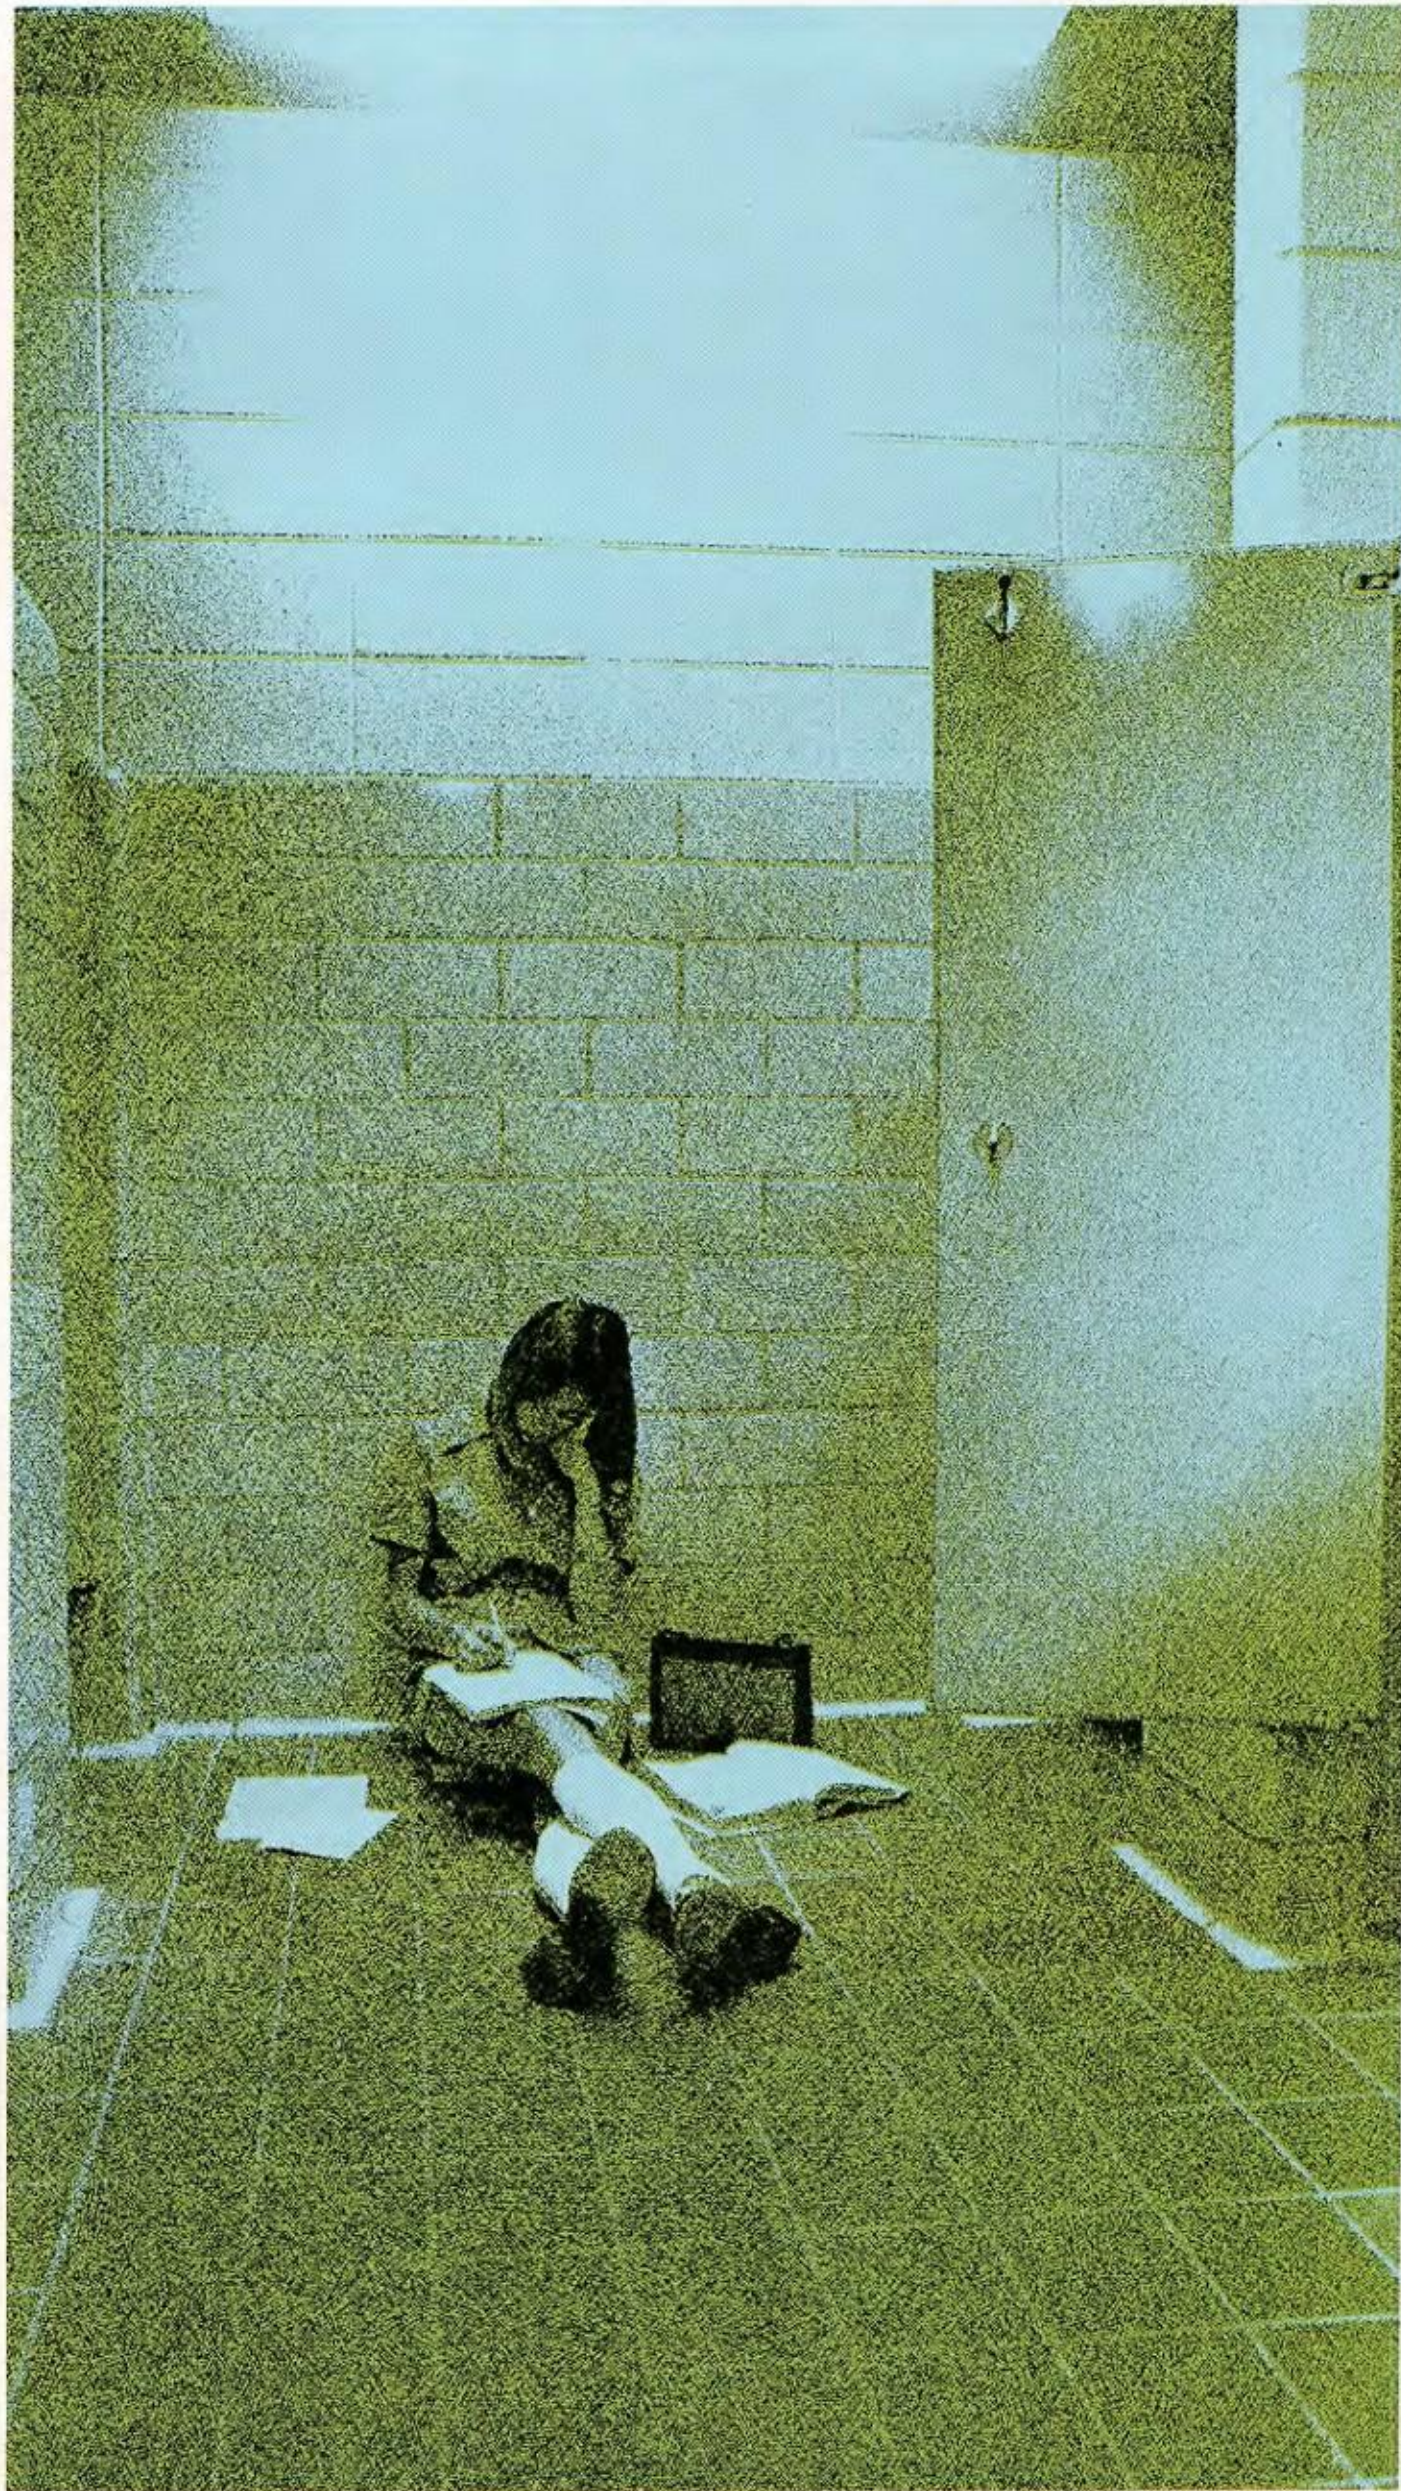

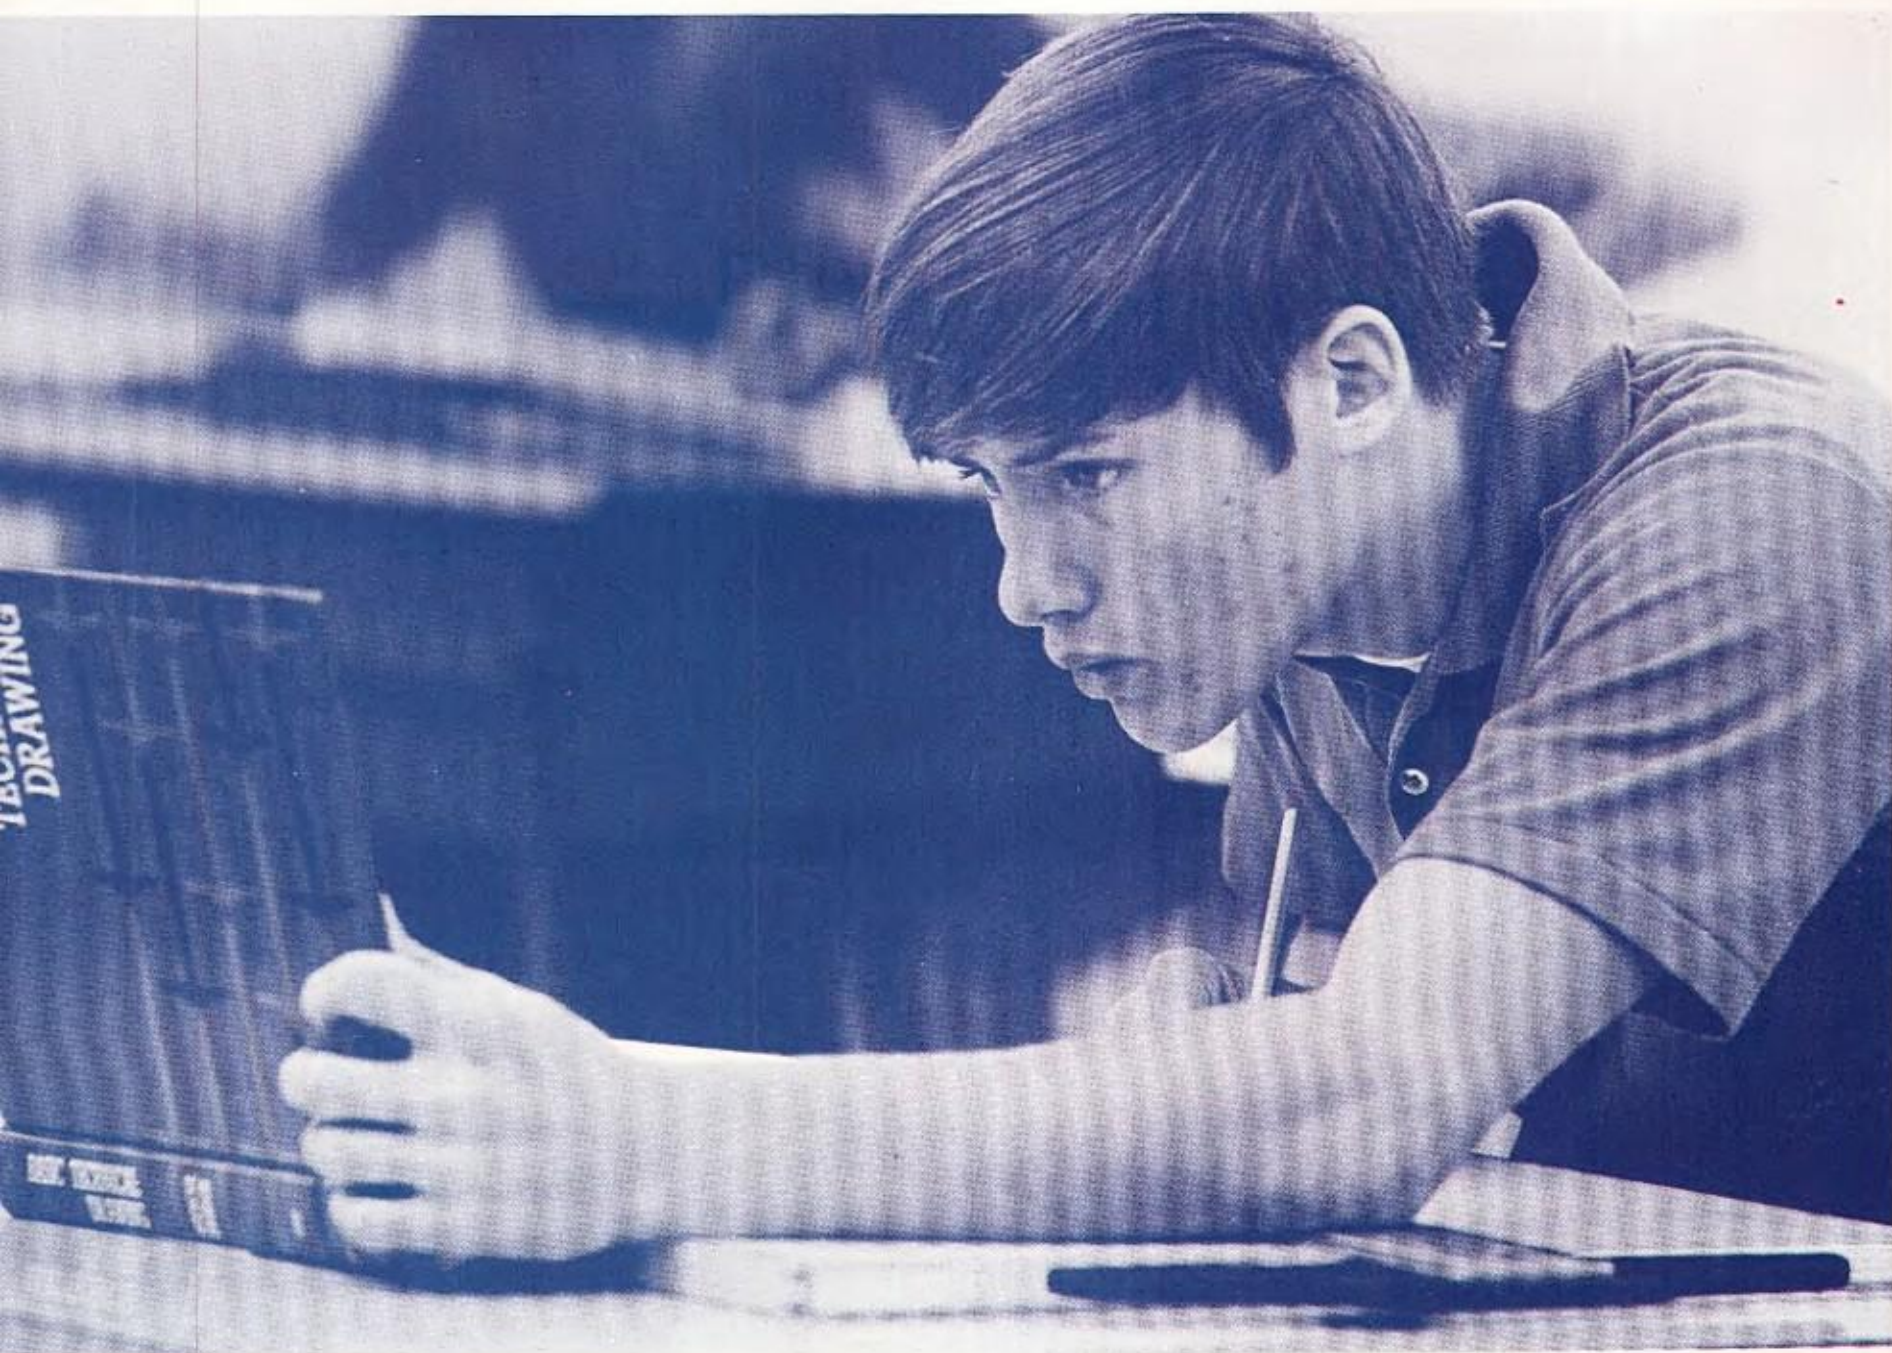

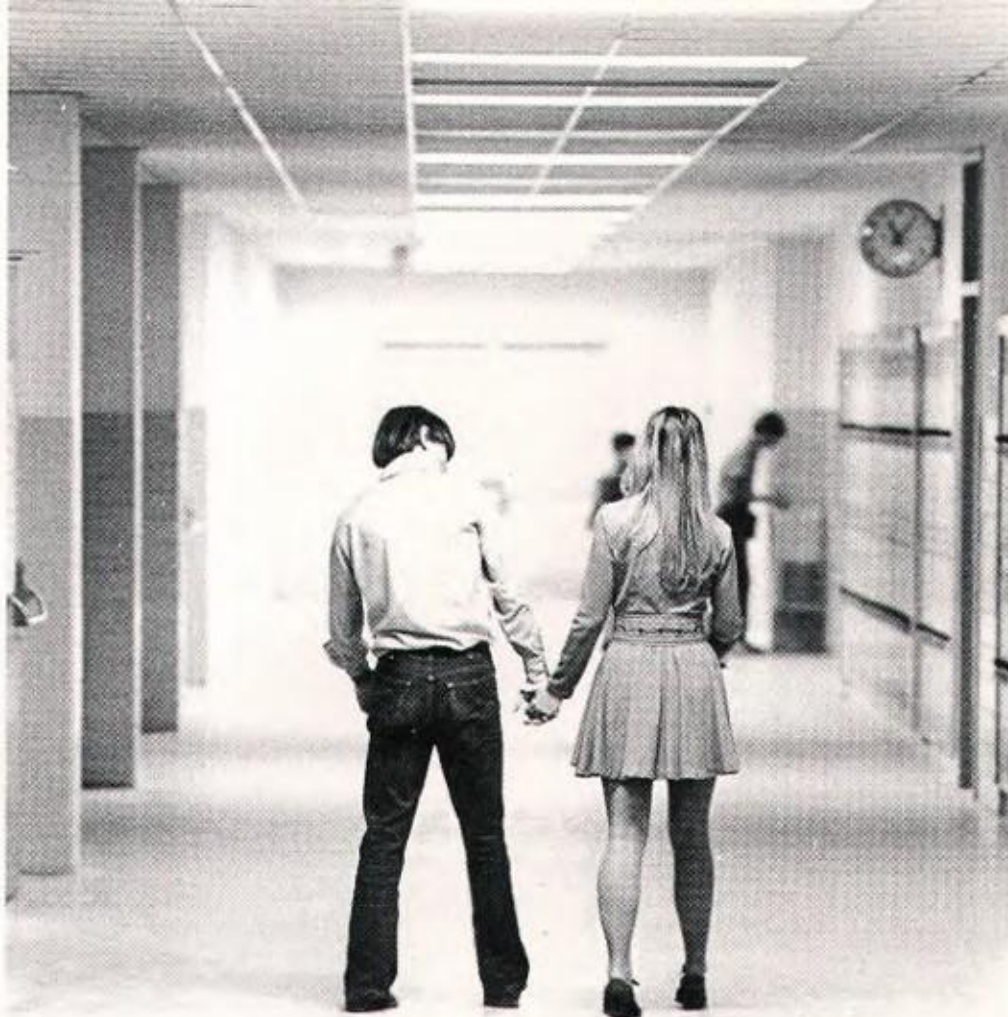

and somehow we all stay linked together
joined by that common bond.
a unit.
no matter what your feelings are,
you're not alone.
a fellow patriot is enduring exactly what
you feel.
to remain individuals we all show our
feelings differently,
tears of joy-tears of rejection
laughter of happiness—laughter of fear
sighs of relief—sighs of anguish
leaning on each other.
depending, sharing,
hoping, caring.
together. one. a unit. patriots.

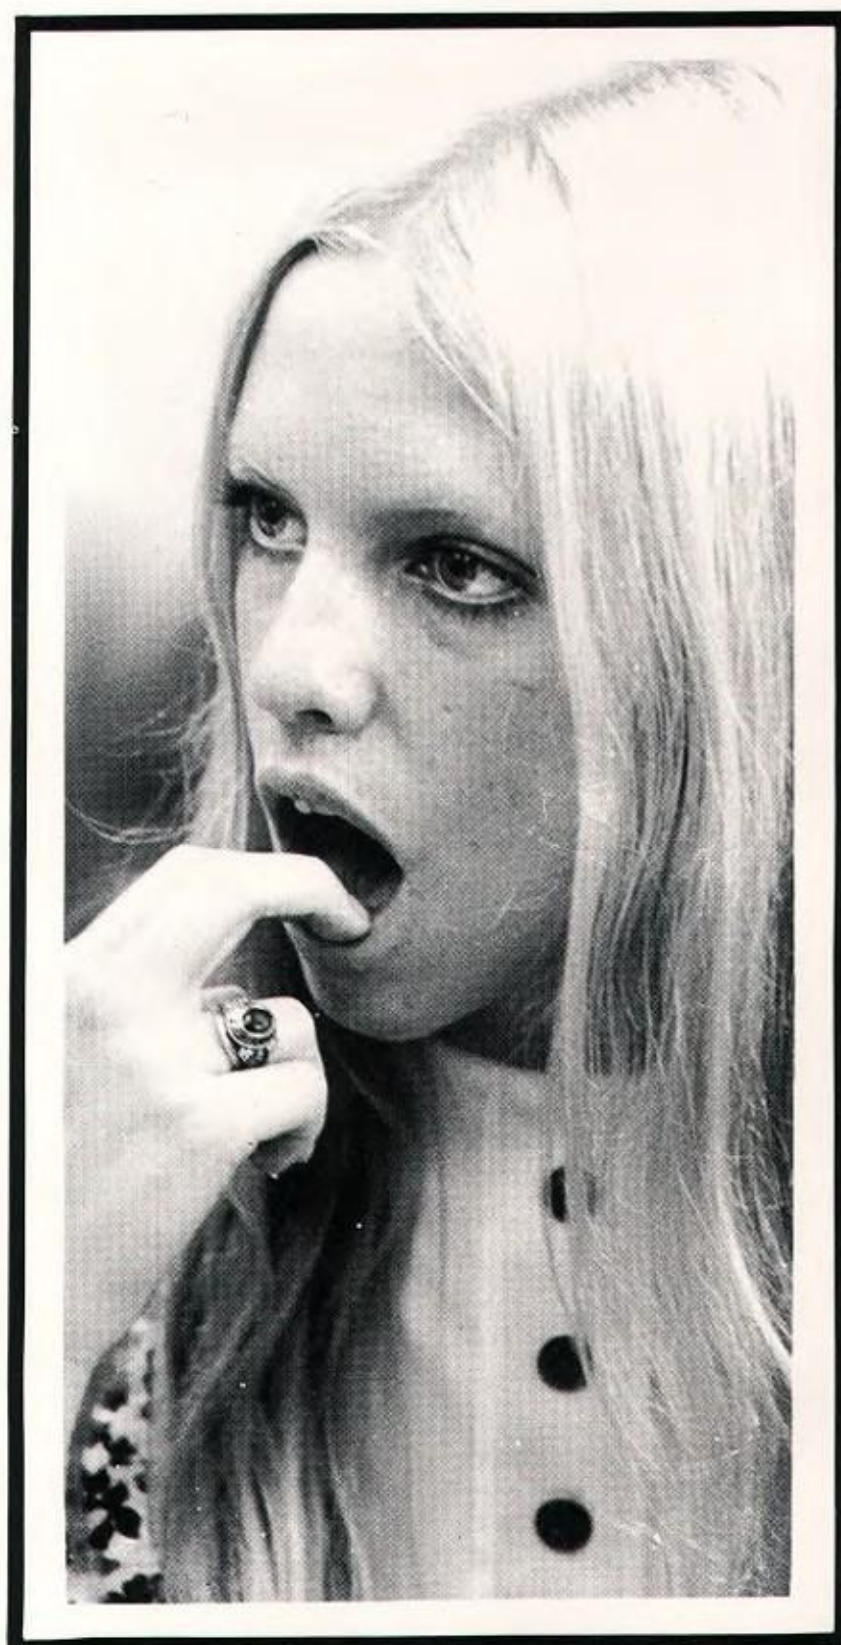

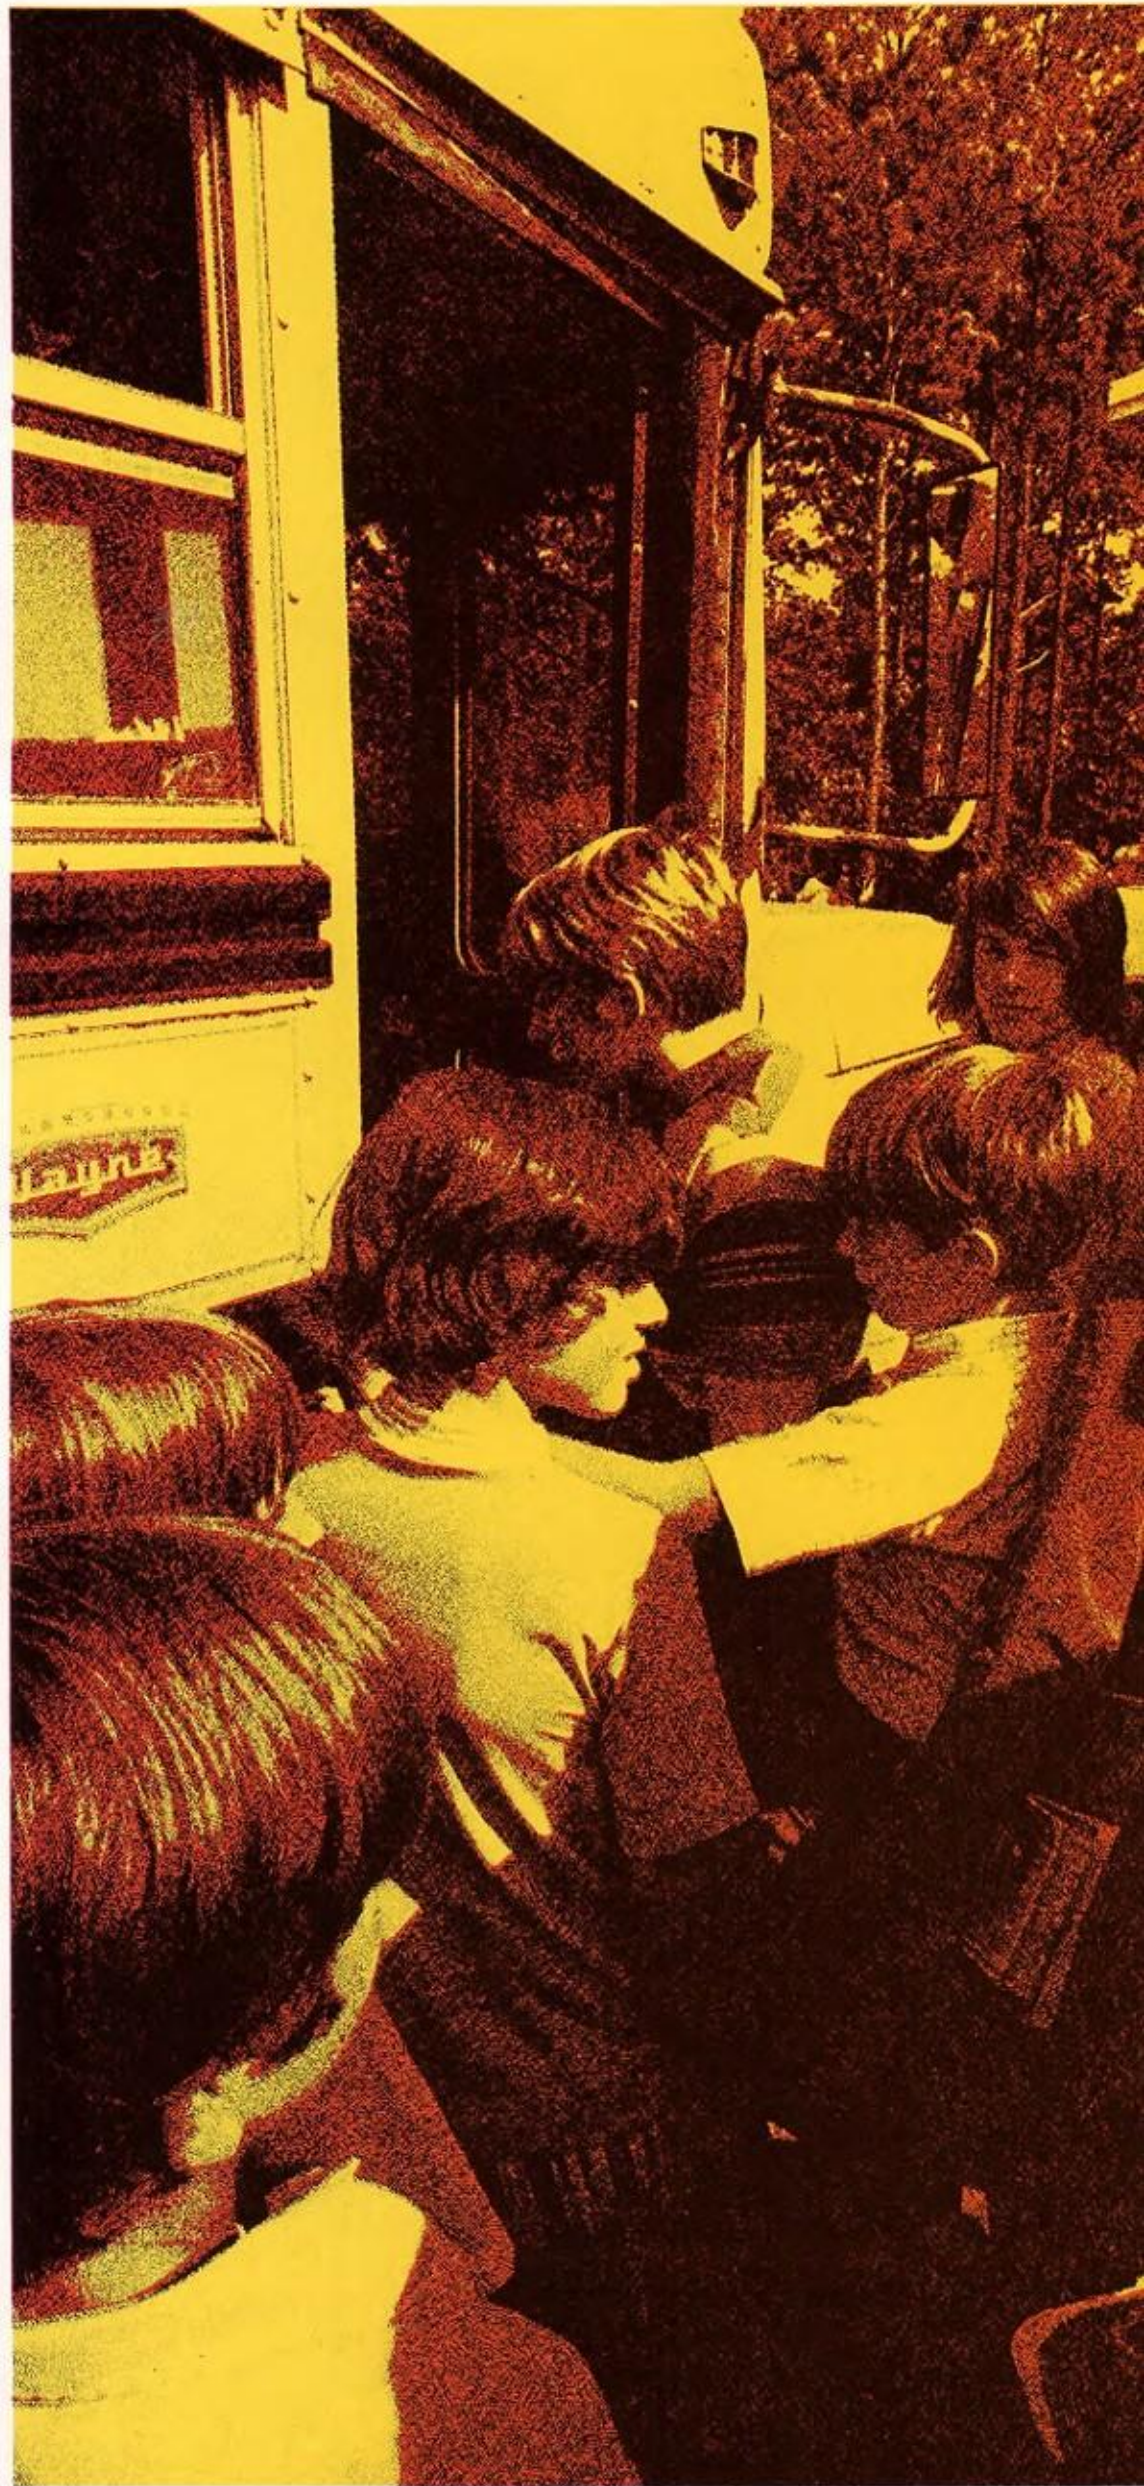

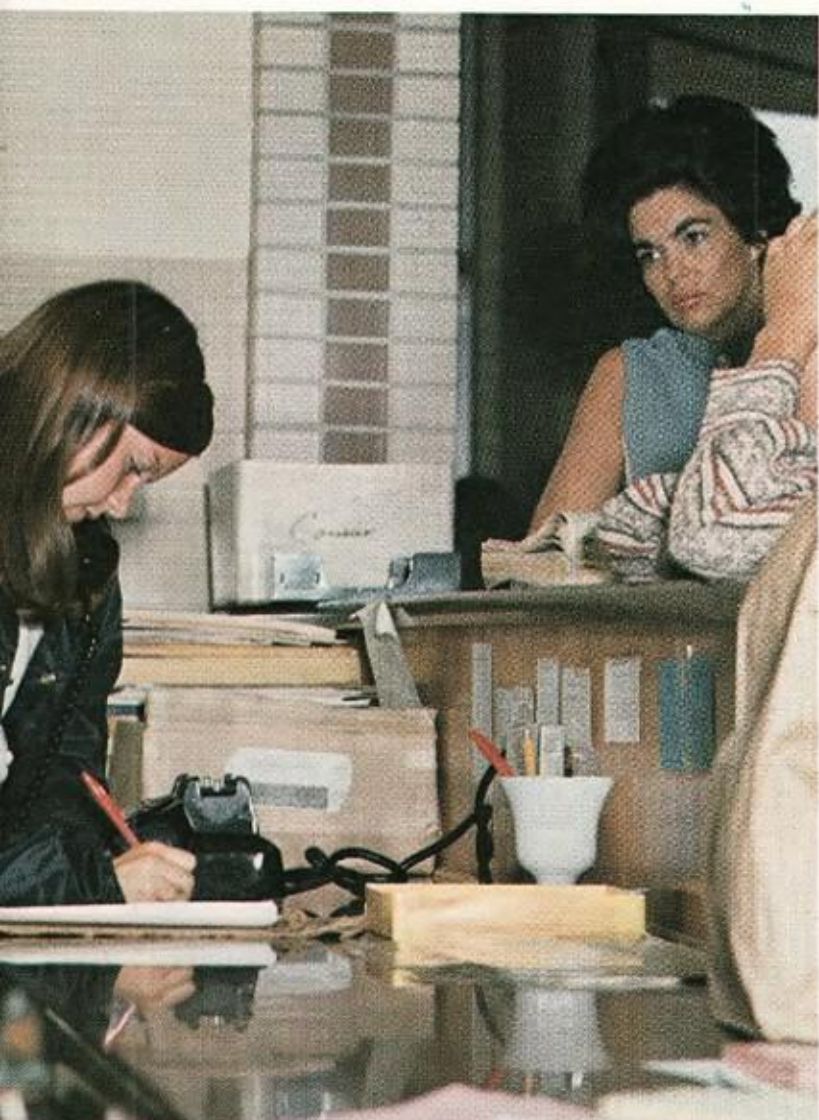

alright,
you've had a glimpse
of our world.

maybe it's not the best world,
but it's ours.

ours to live in,
ours to improve,
ours to strive for.

thoughts, feelings, and
comprehensions
revolving around a world
called peachtree.

Discouraged . . . "You're kidding, another major project?" . . . Test Question: How much money did Hamlet have in his back pocket in the second act? . . . "It's due WHEN???" . . . "I missed three commas" . . . Grade . . . F . . . Where does it all go . . . what good does all this trivia come to . . . It's hardest when you can't see a goal . . . when it seems like you're working for nothing . . . but somehow the reward comes through . . . it may not be immediate . . . but the end result is always better than the way we began . . . somehow.

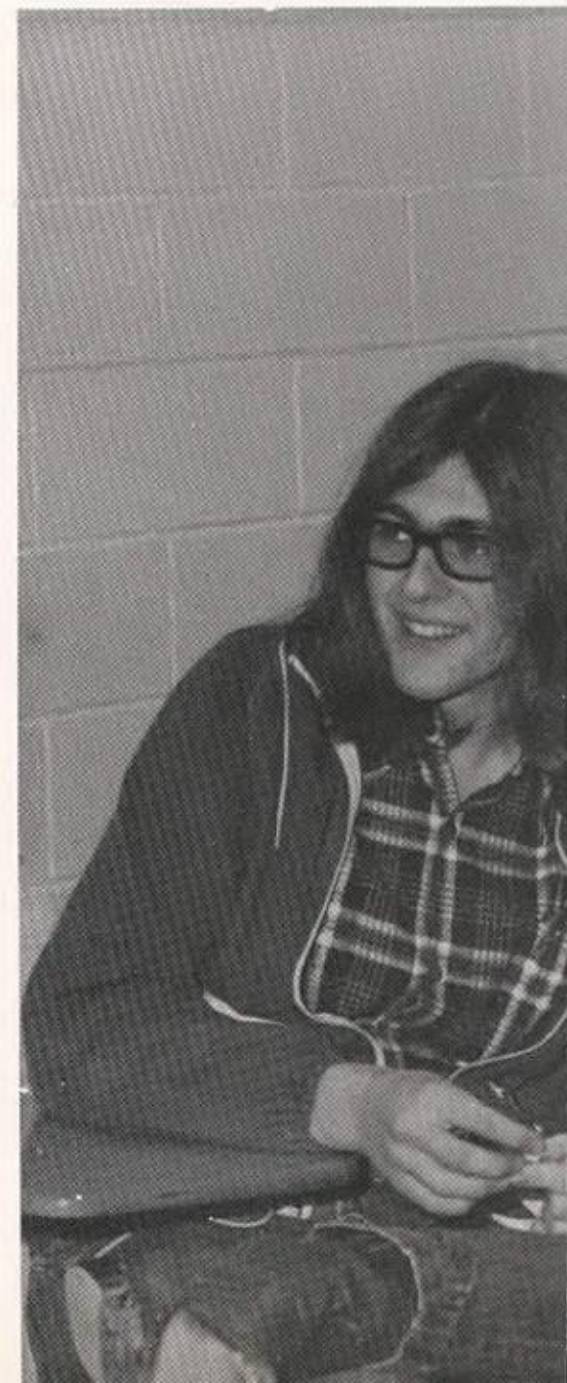

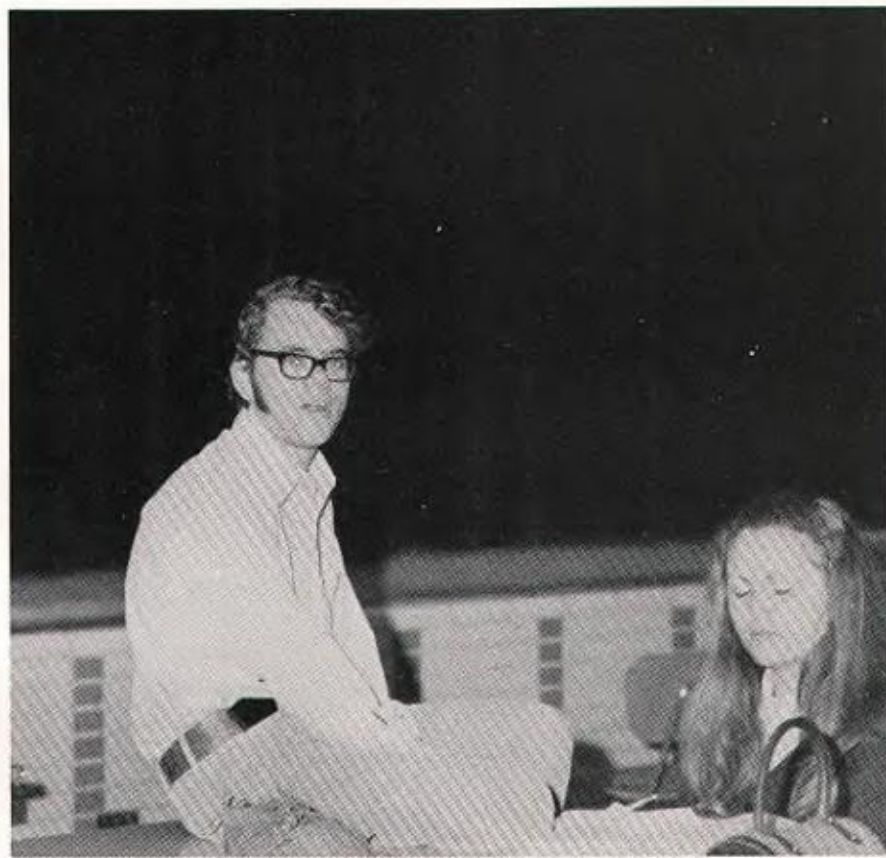

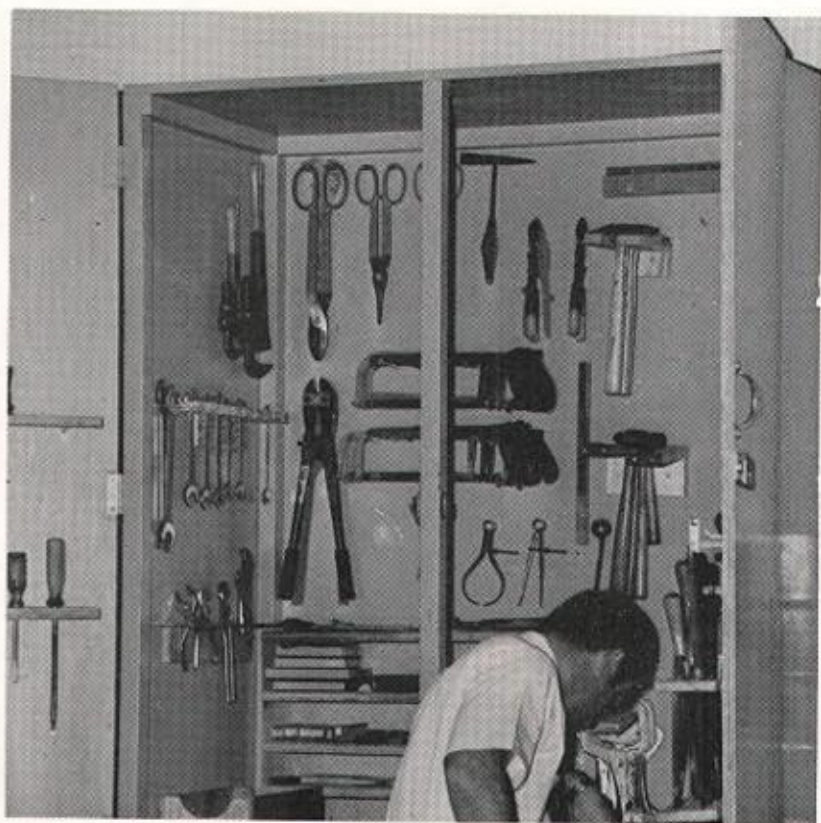

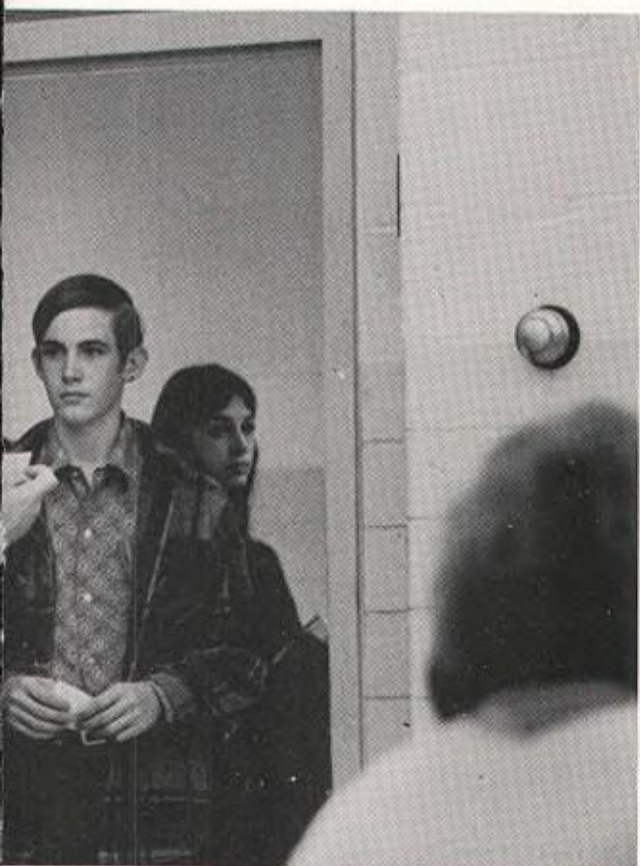

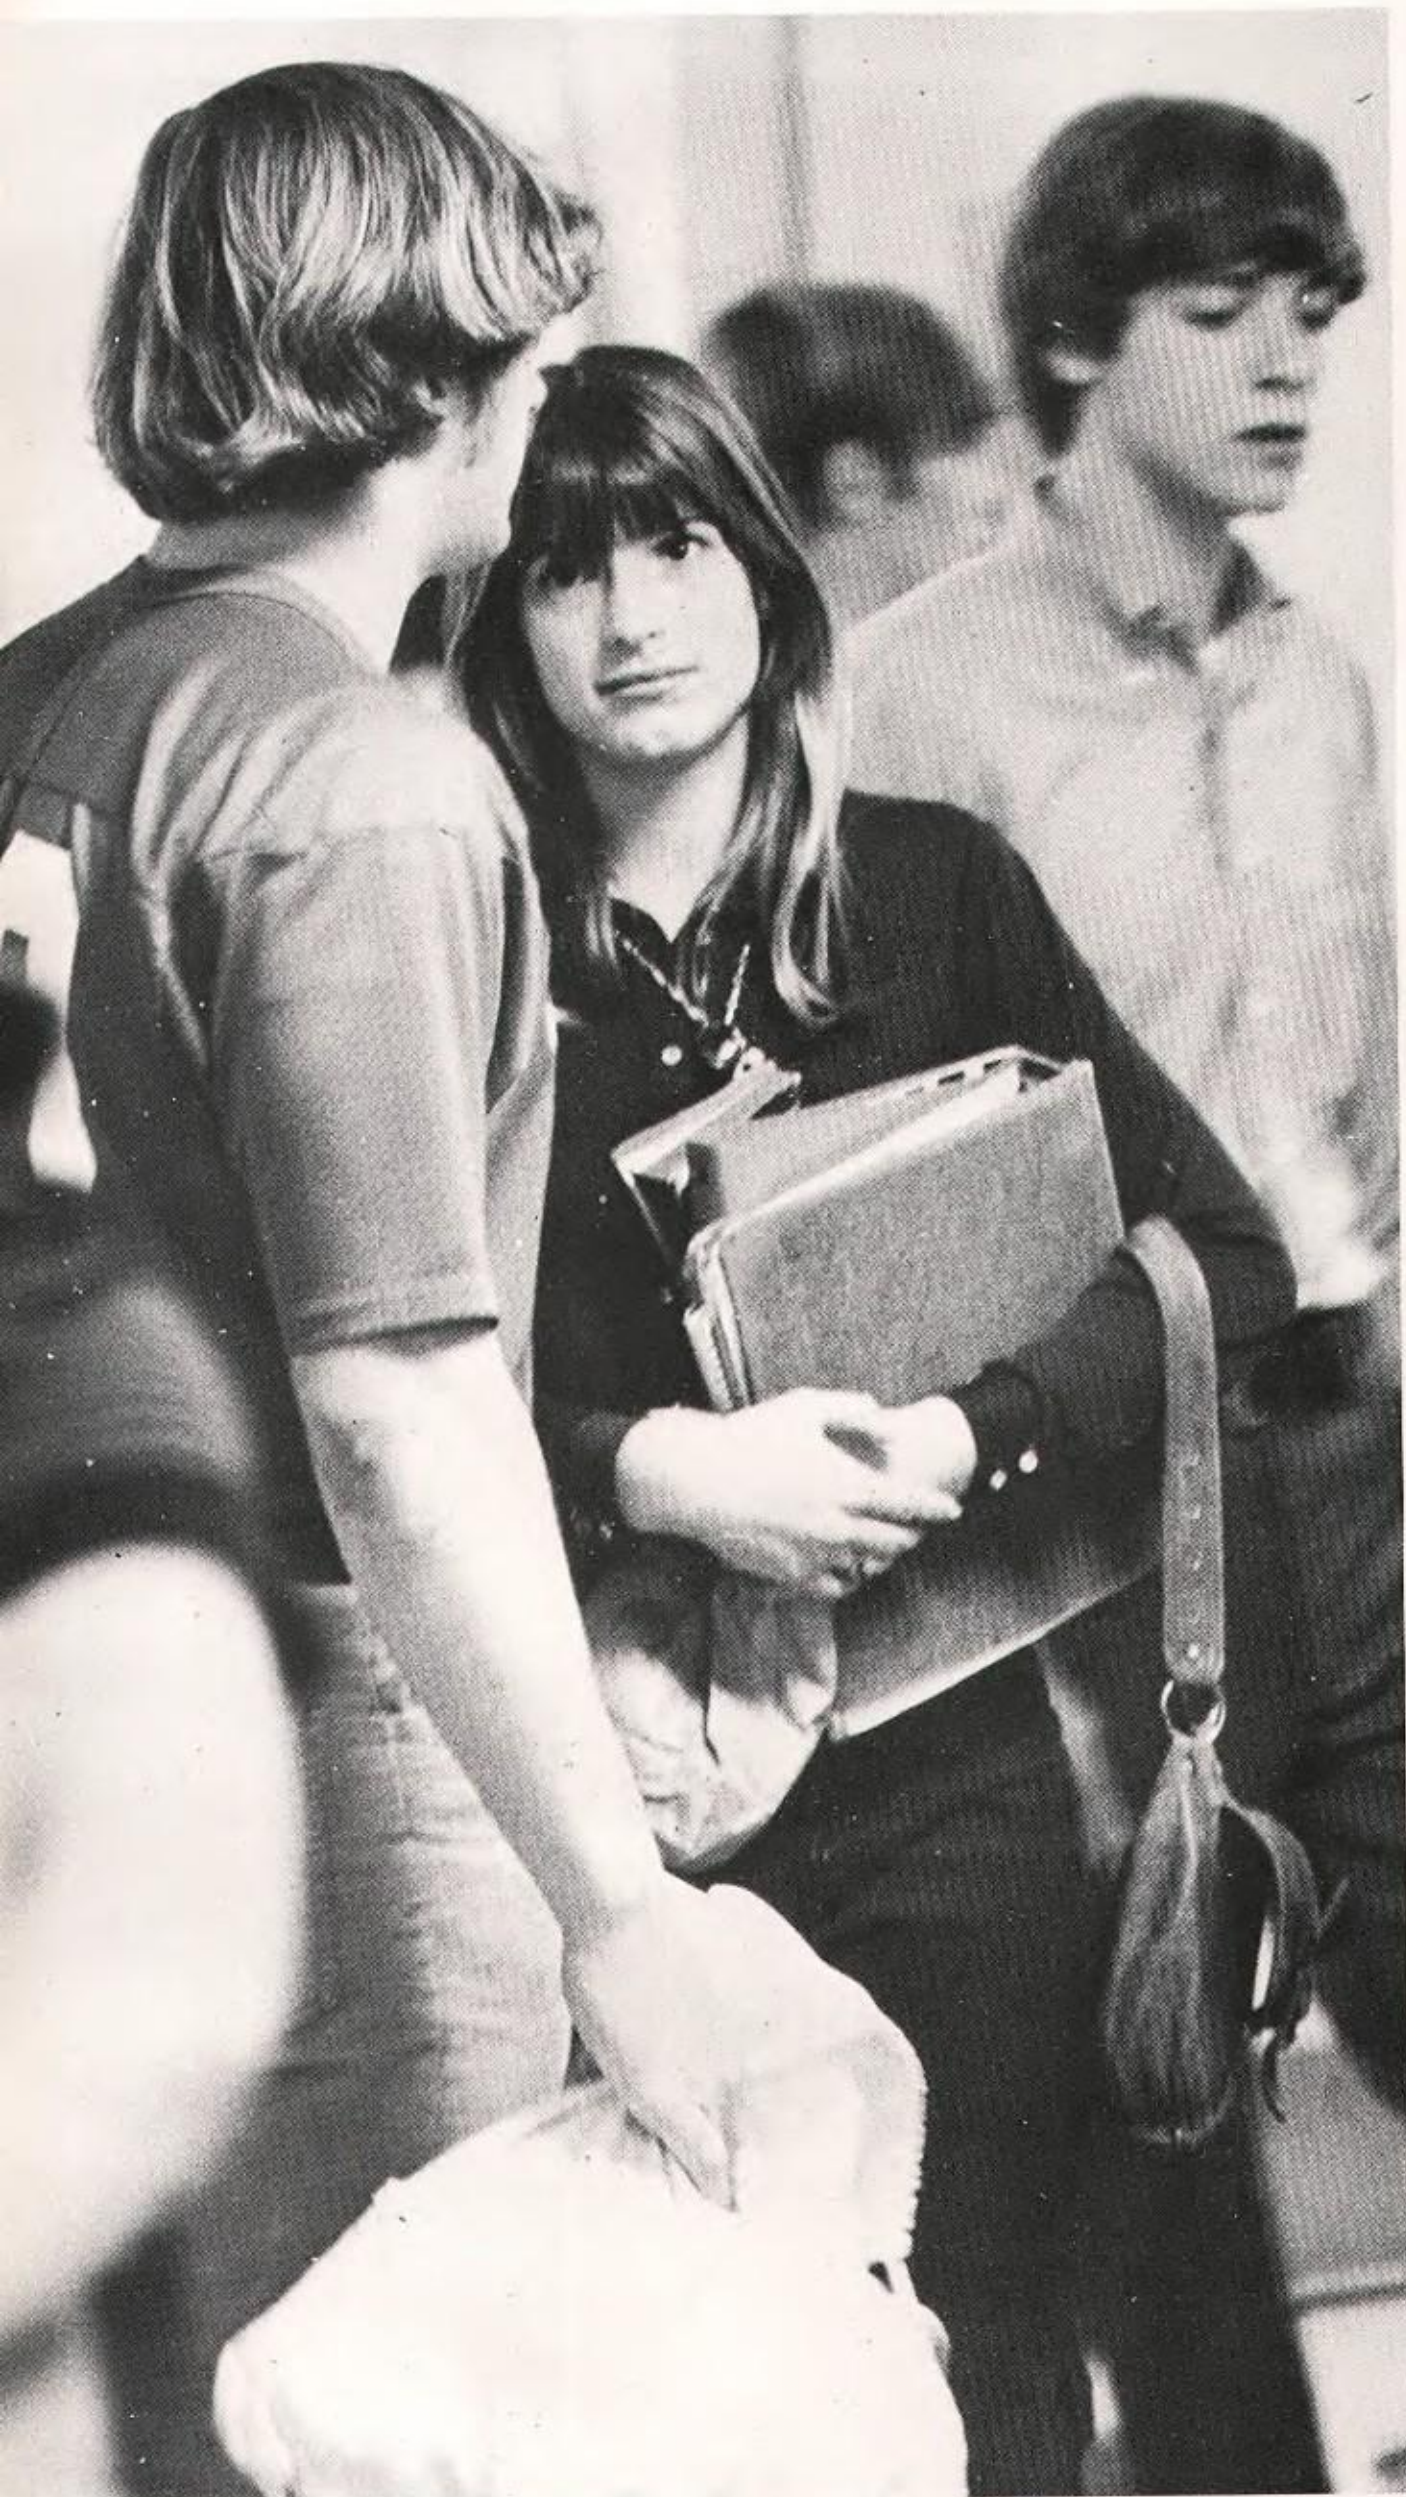

Of course . . . there's the other point of view . . . the one we all prefer . . . "You got an A from WHO???" . . . finishing a term paper two weeks early . . . being able to rattle off answers faster than the teacher can ask questions . . . extra credit grades . . . A+ . . . the little extra things that makes your work special . . . a good feeling inside knowing you've got everything under control.

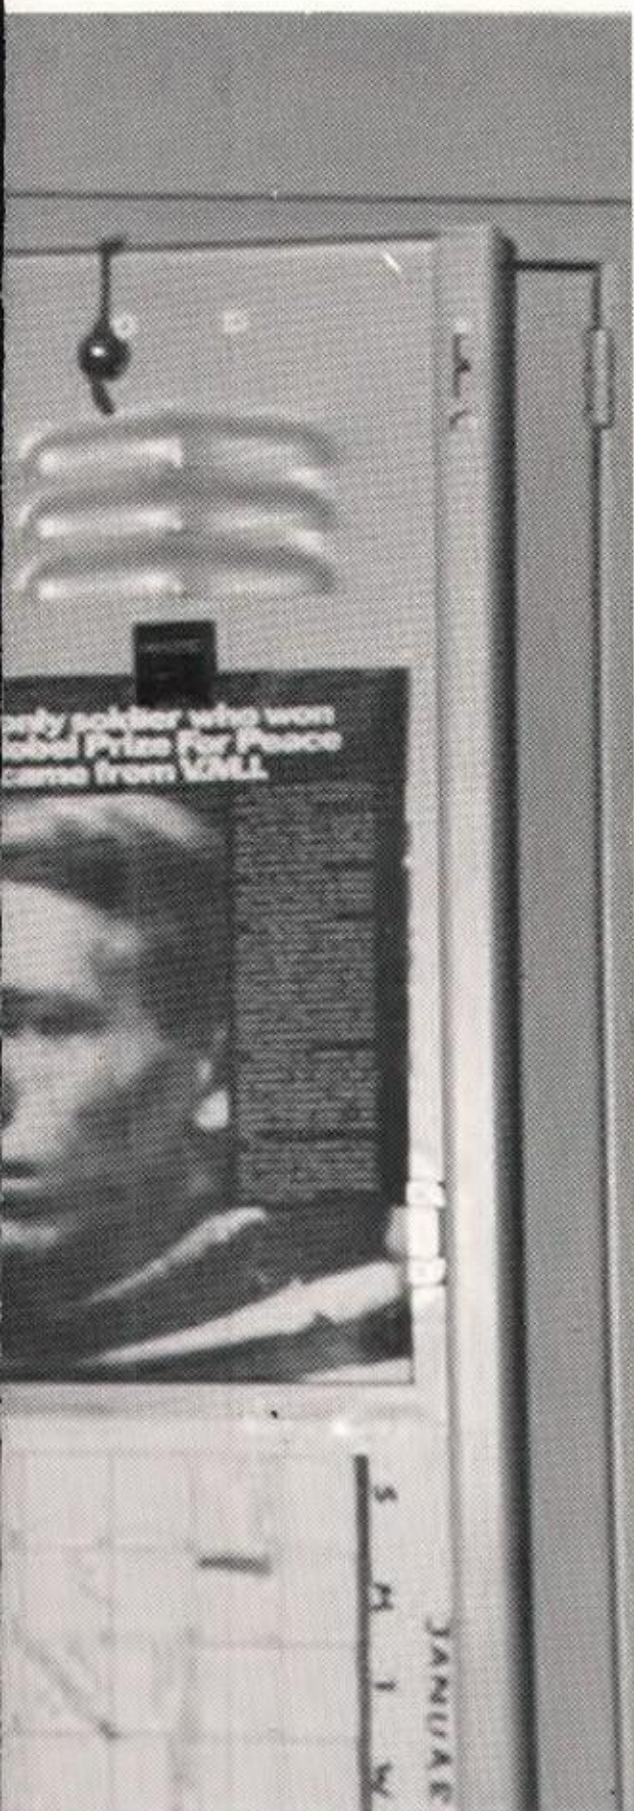

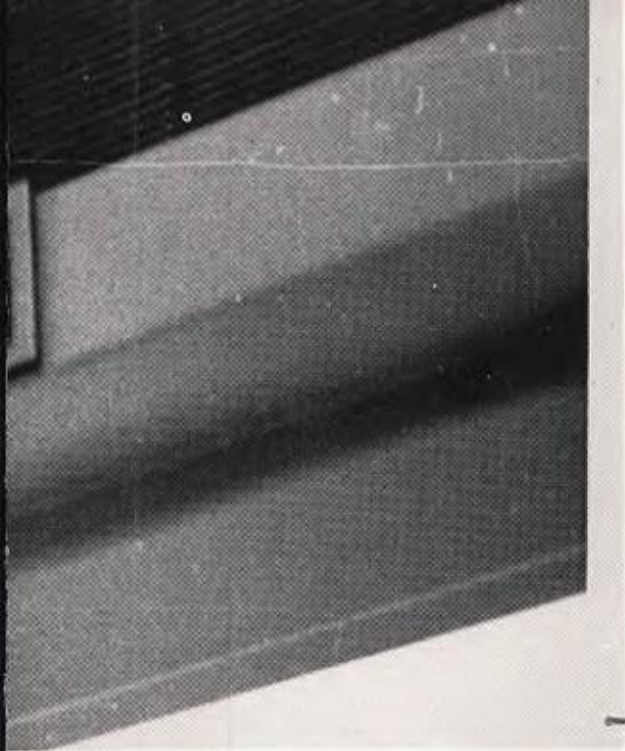

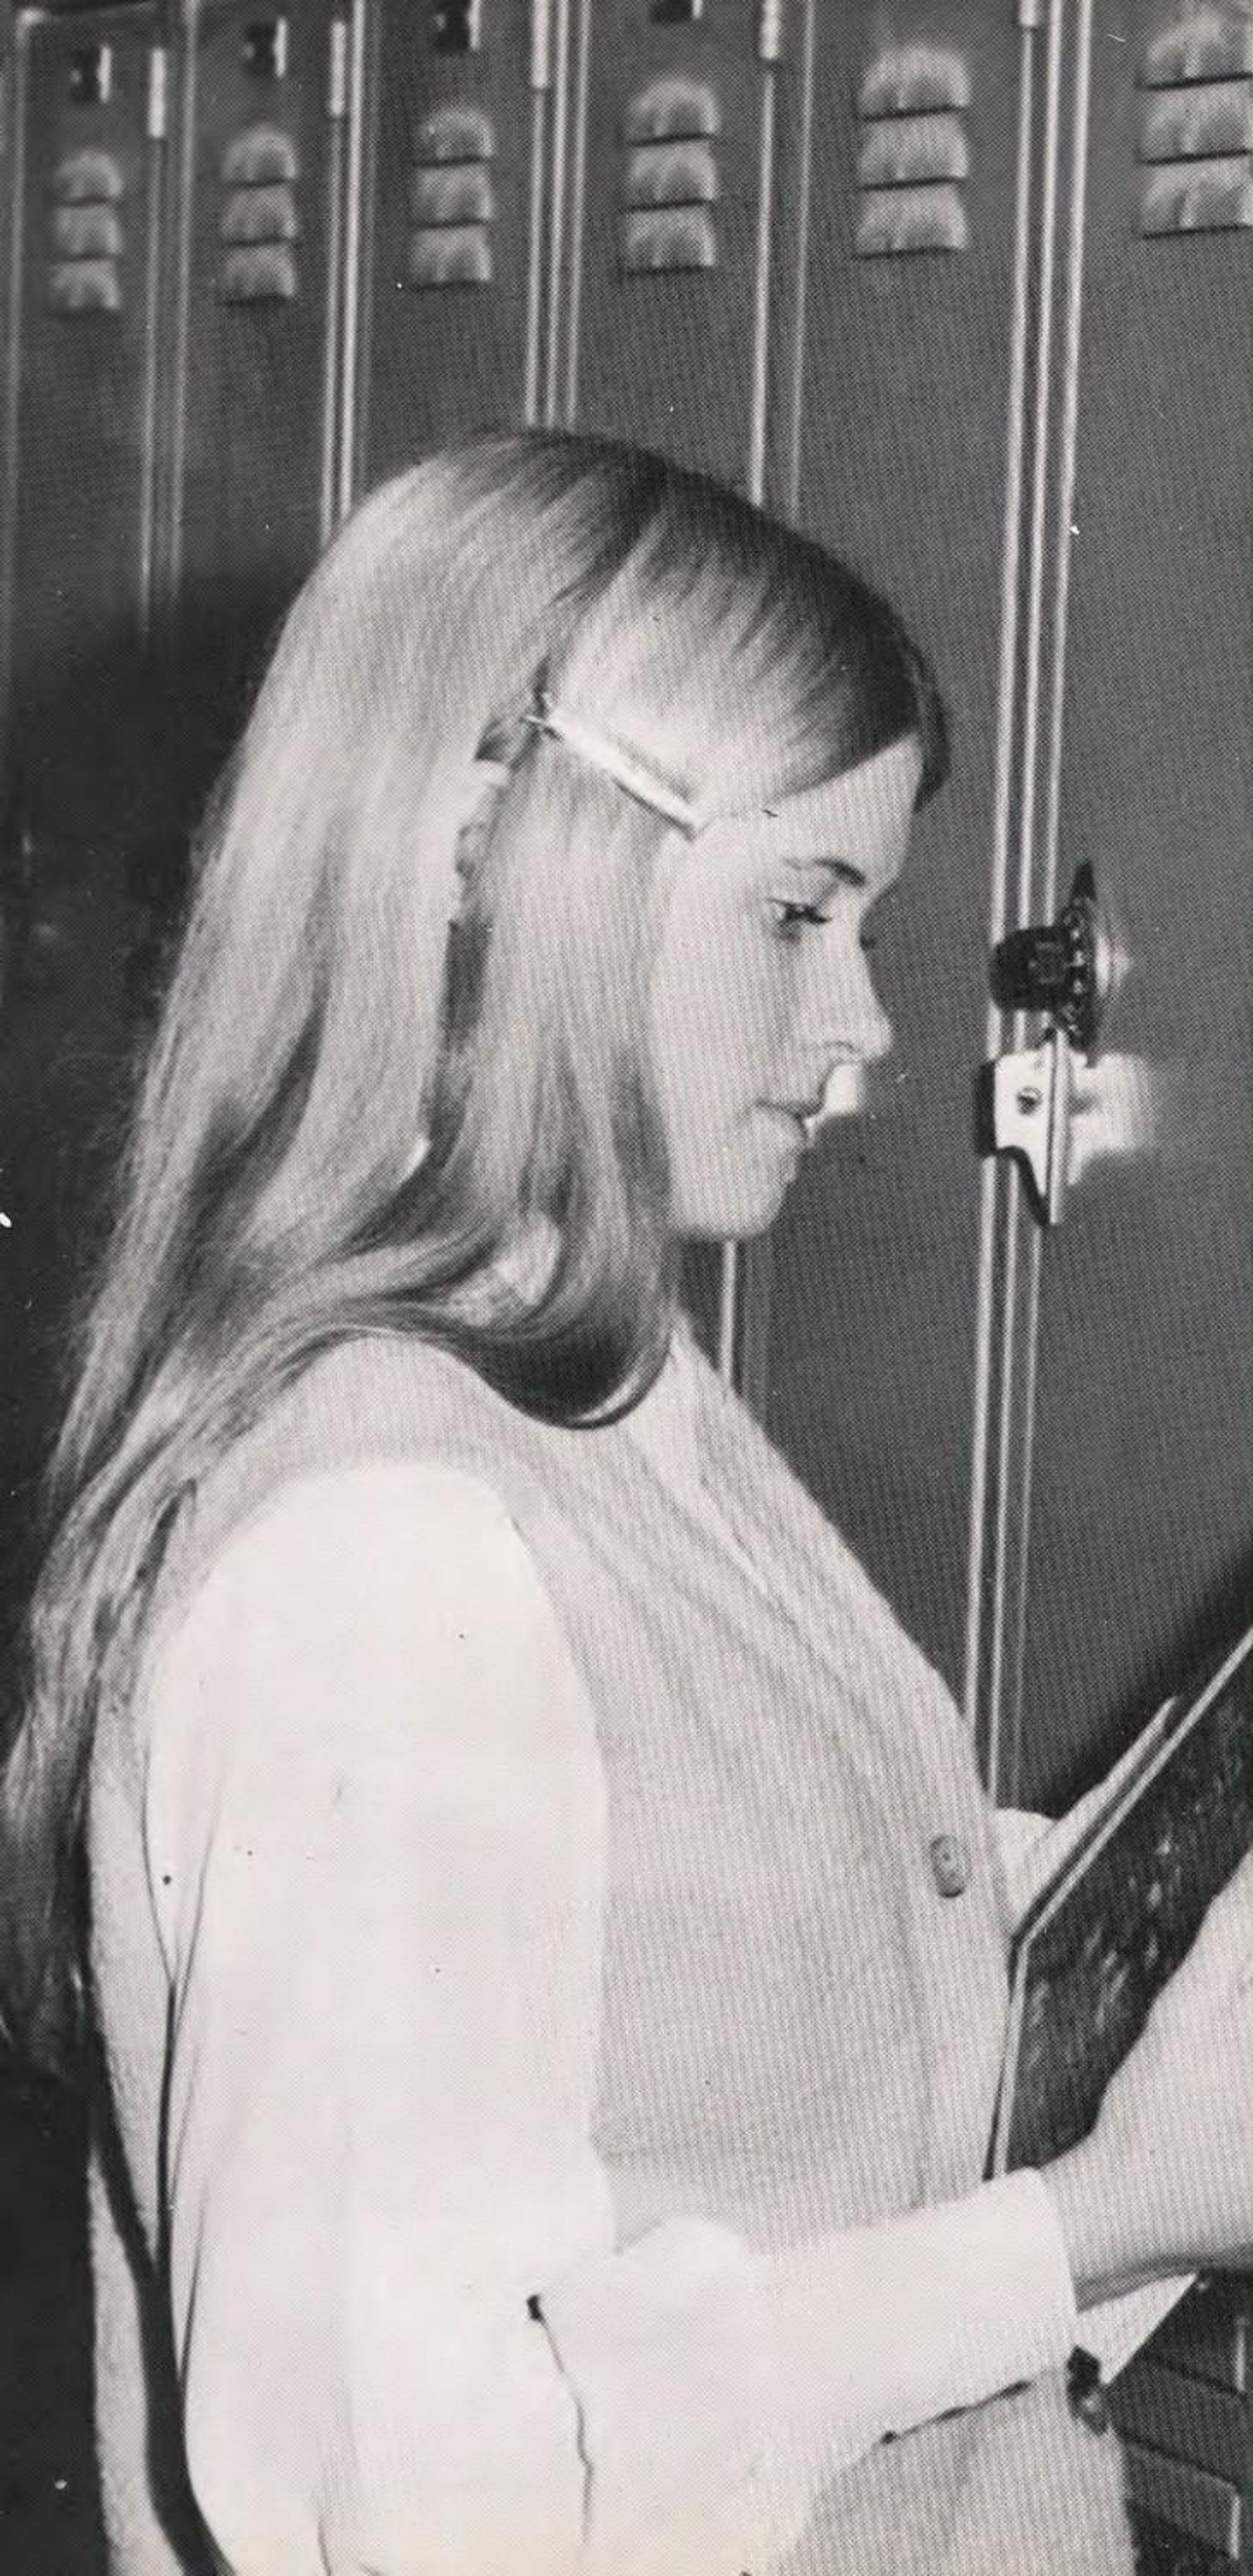

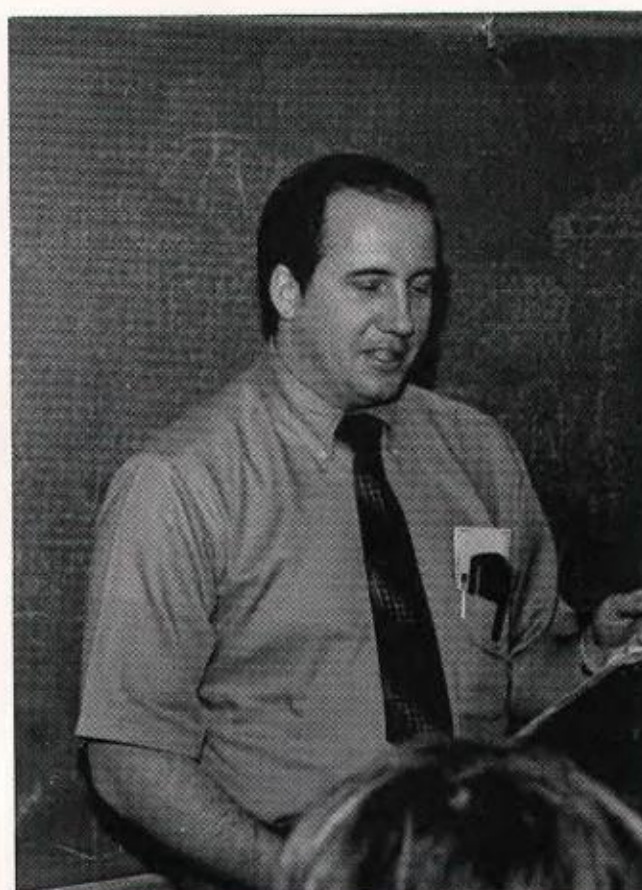

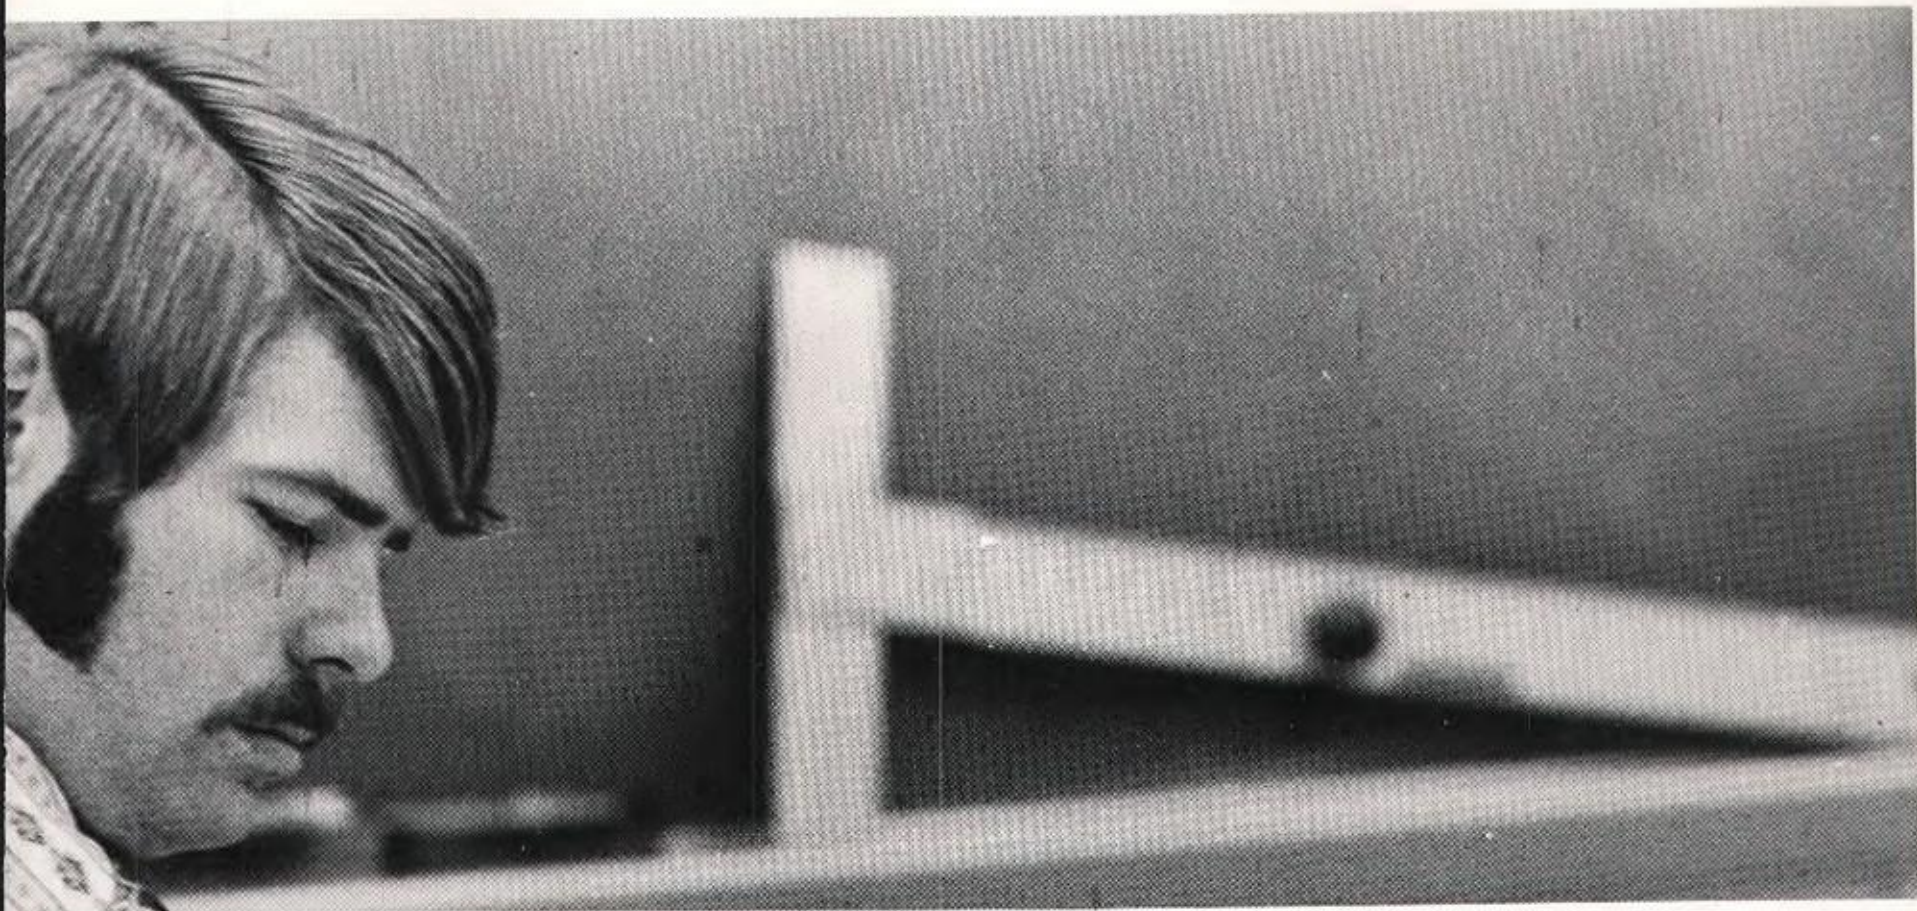

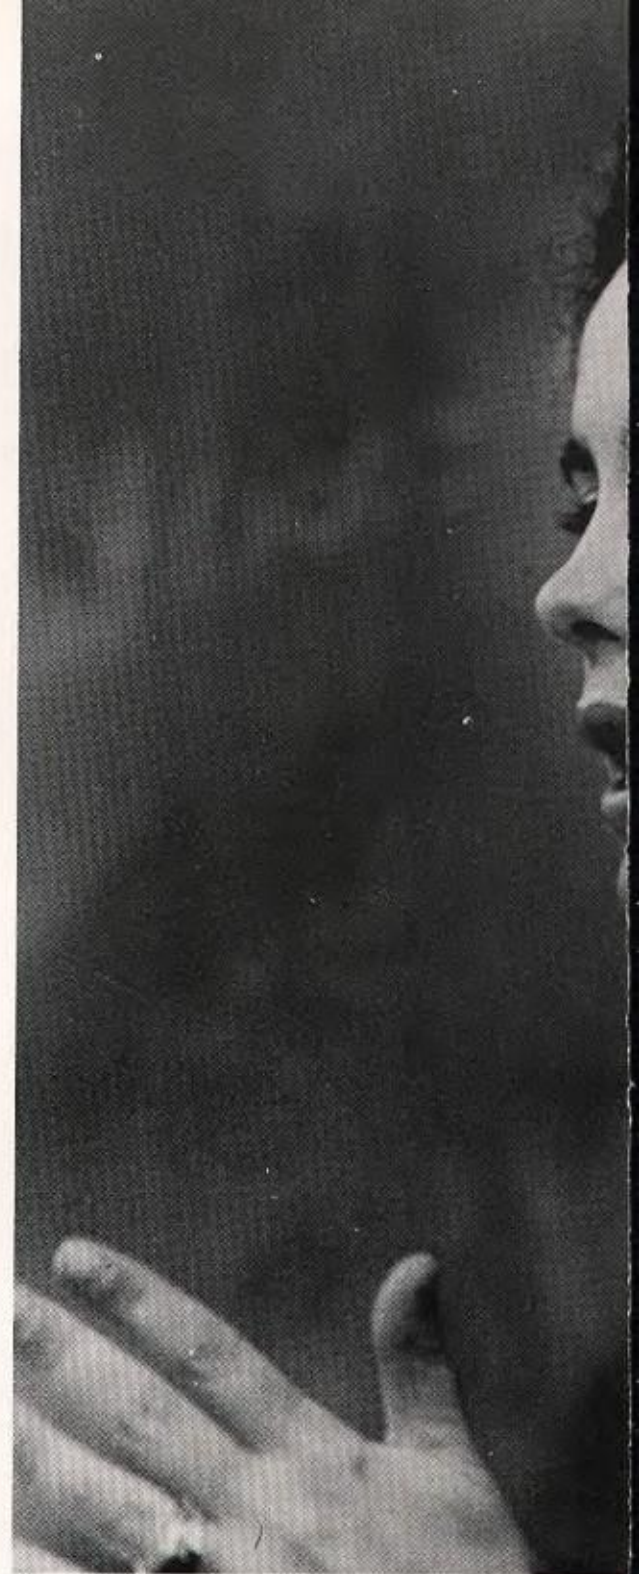

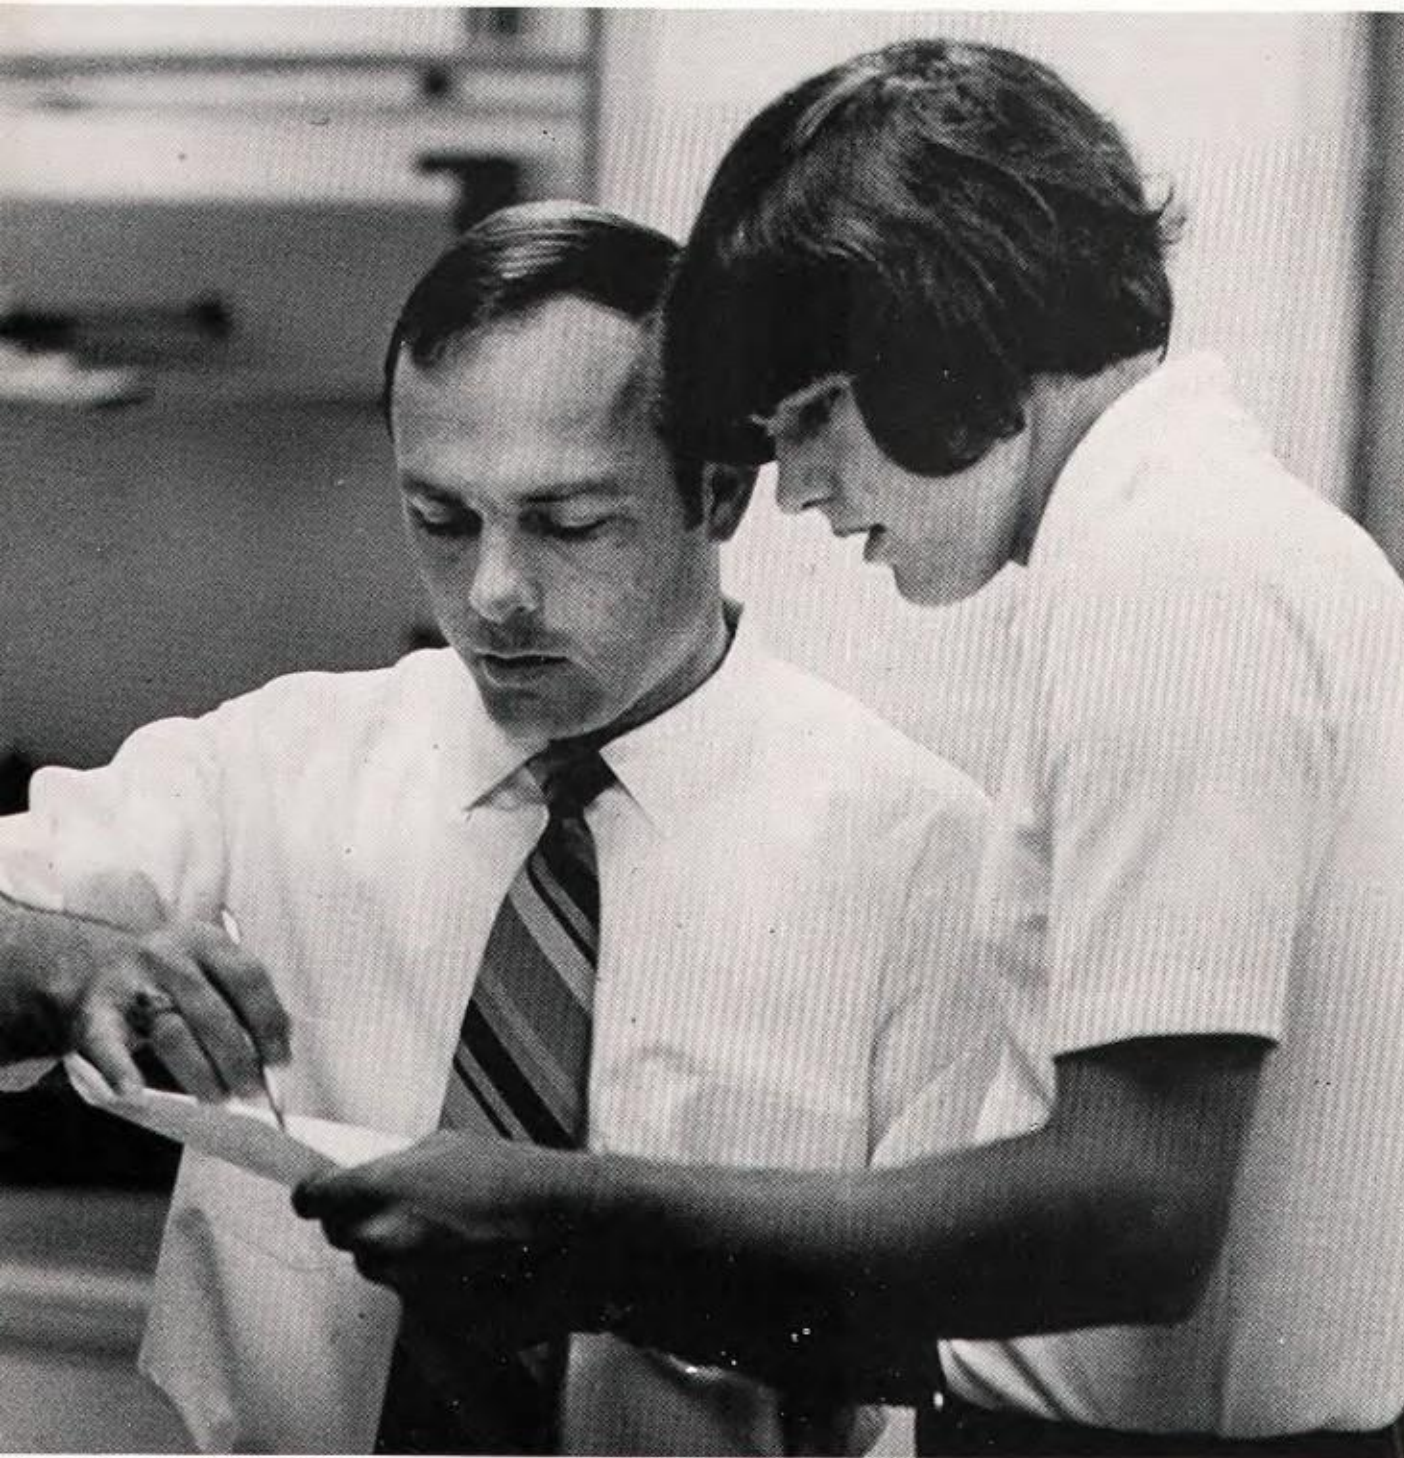

Did you ever bother to think about
the reasons that we are discouraged
or elated . . . motivation . . . that's it . . .
let's face it . . . if you have a teacher
that motivates your stuffy brain . . .
you do something . . .

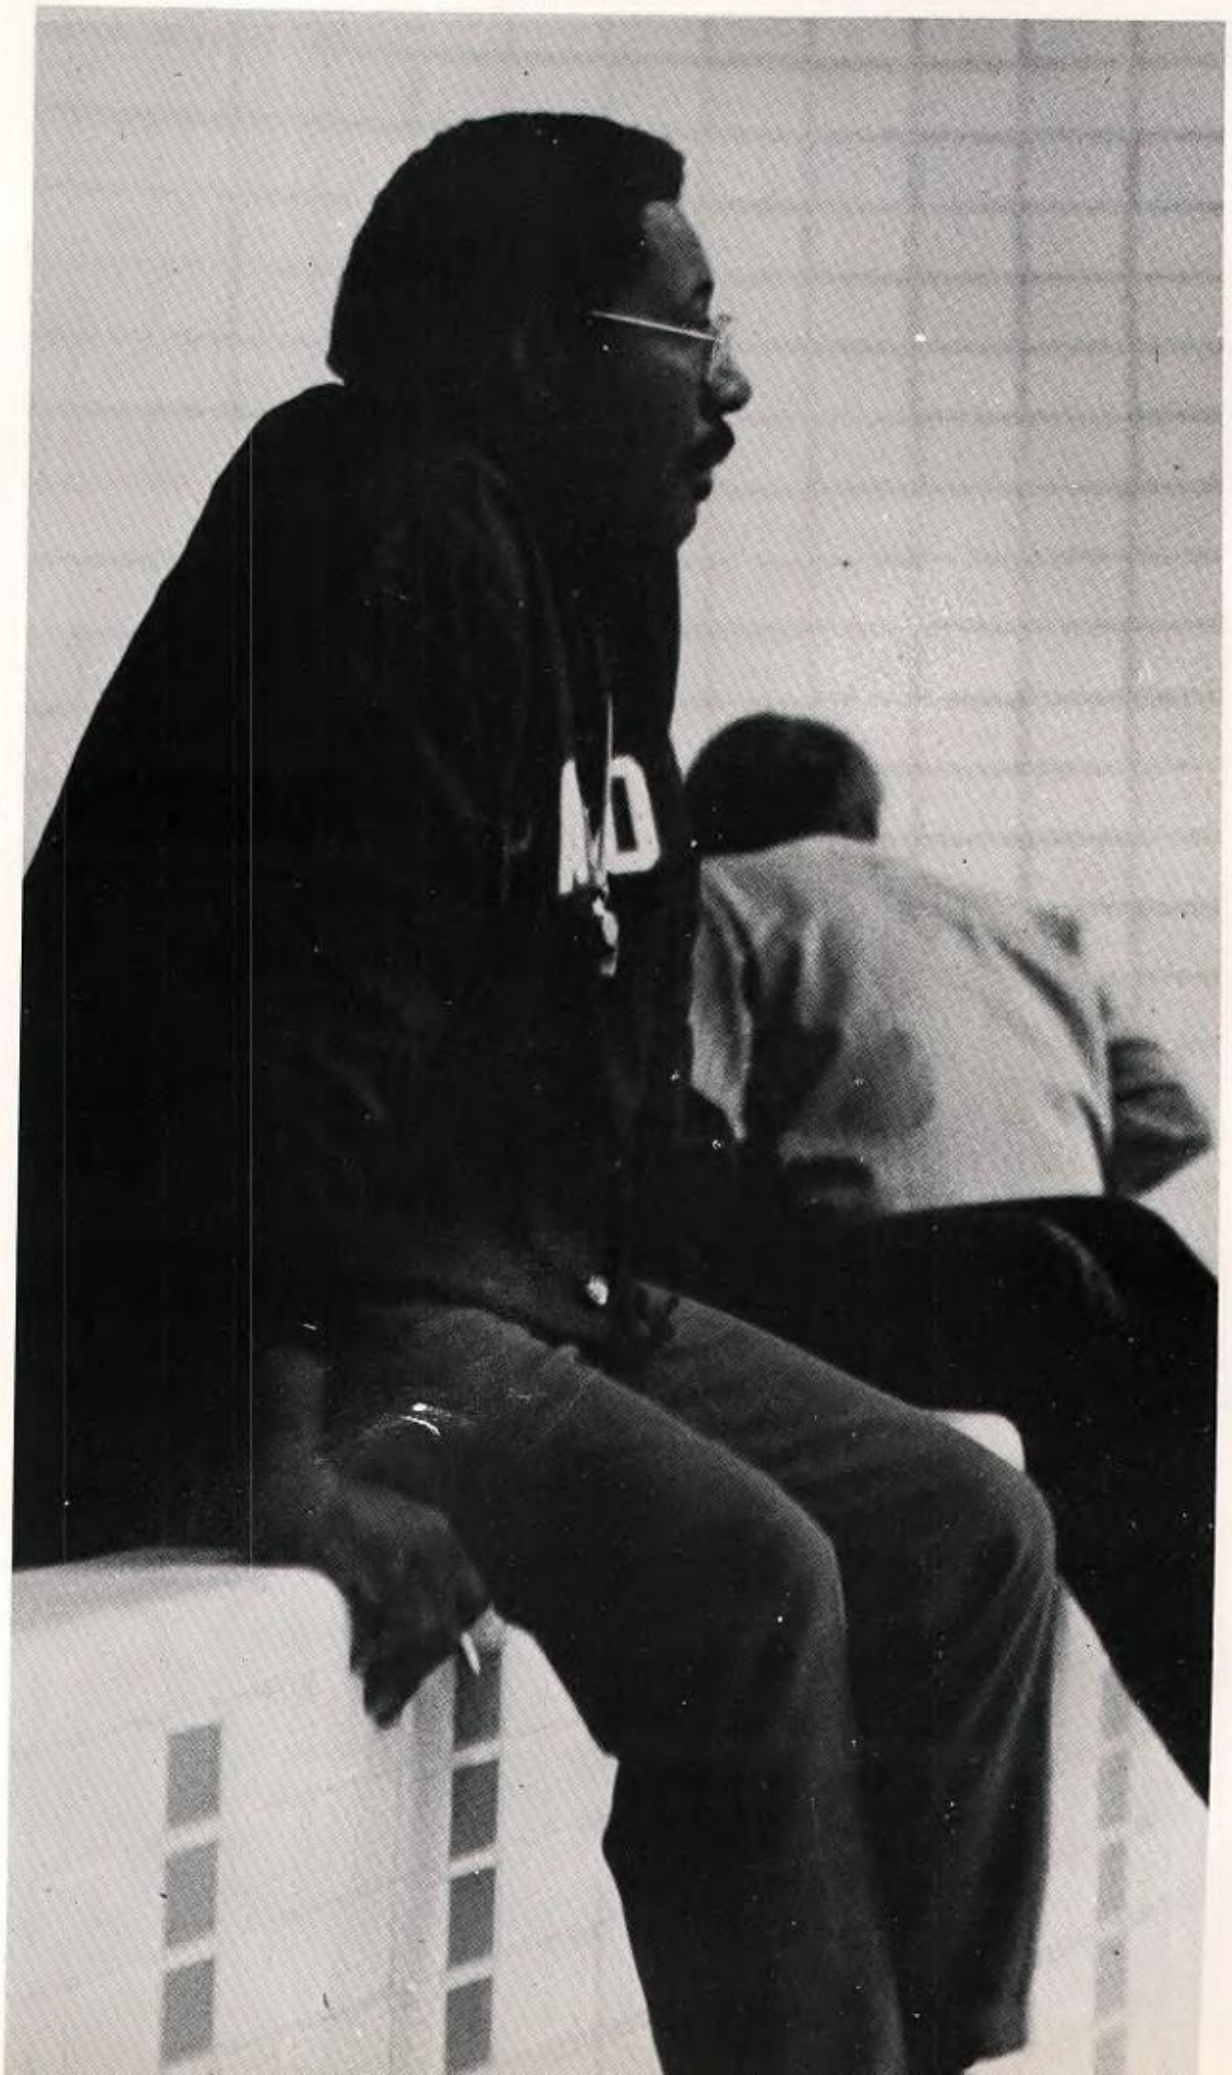

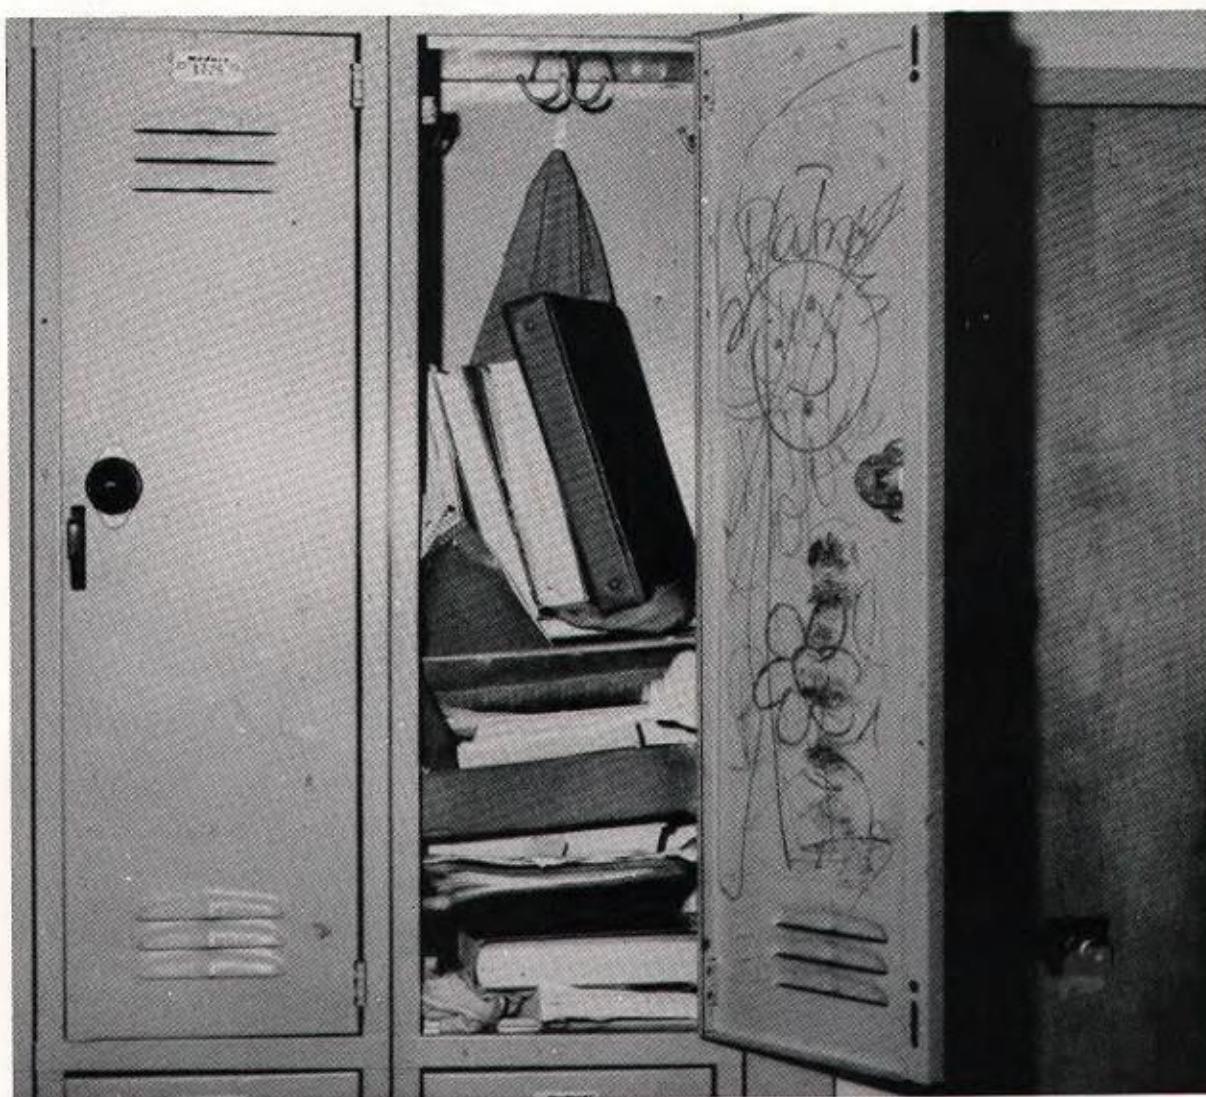

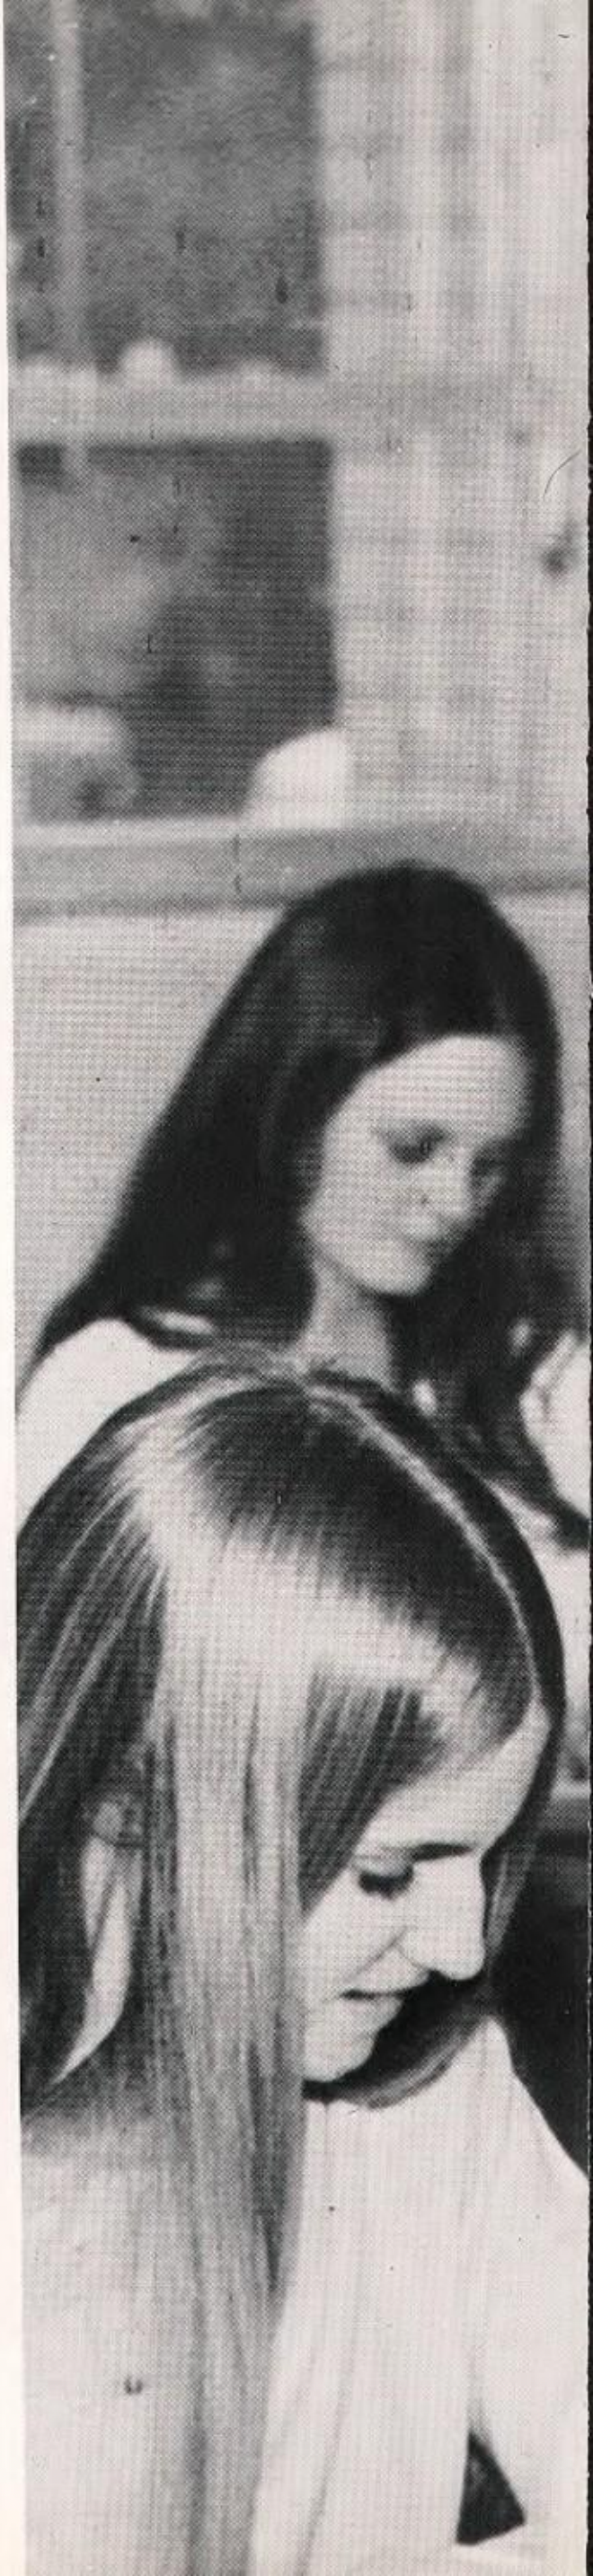

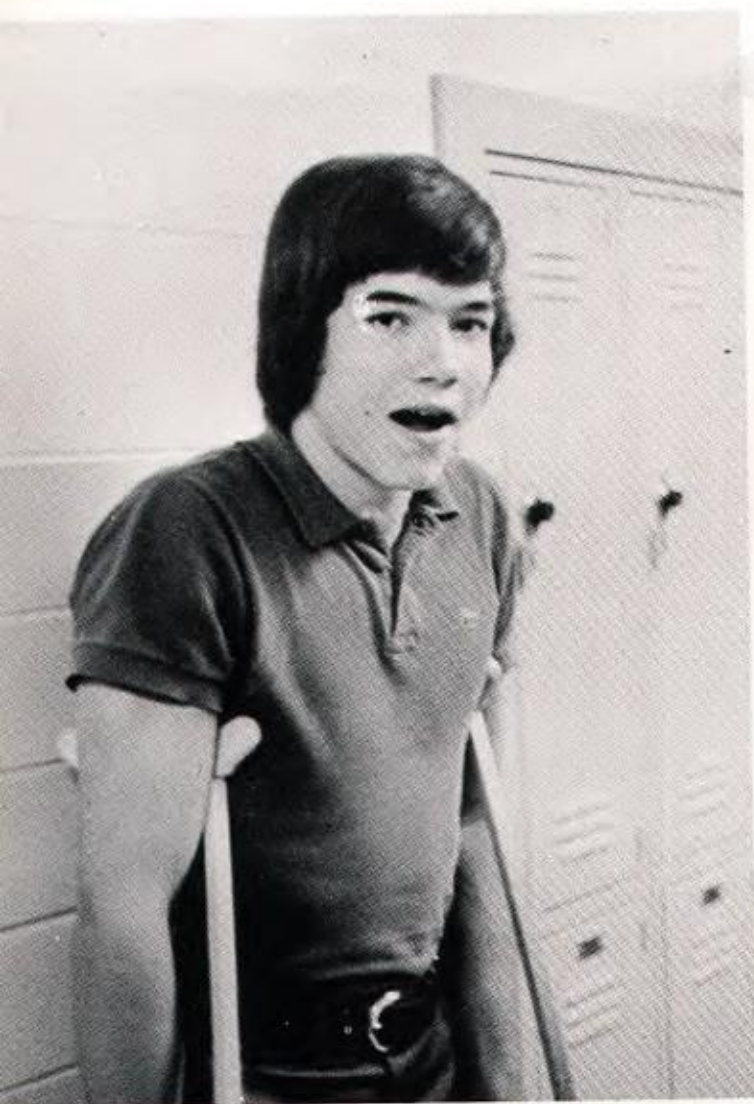

Of course there's the problem of positive and negative influences . . . some teachers hold your attention so well that you can't help but to do good . . . then there are those that make you so mad that you do well just to spite them . . . and . . . last of all . . . we have the teachers that bore you . . . maybe we shouldn't go into that.

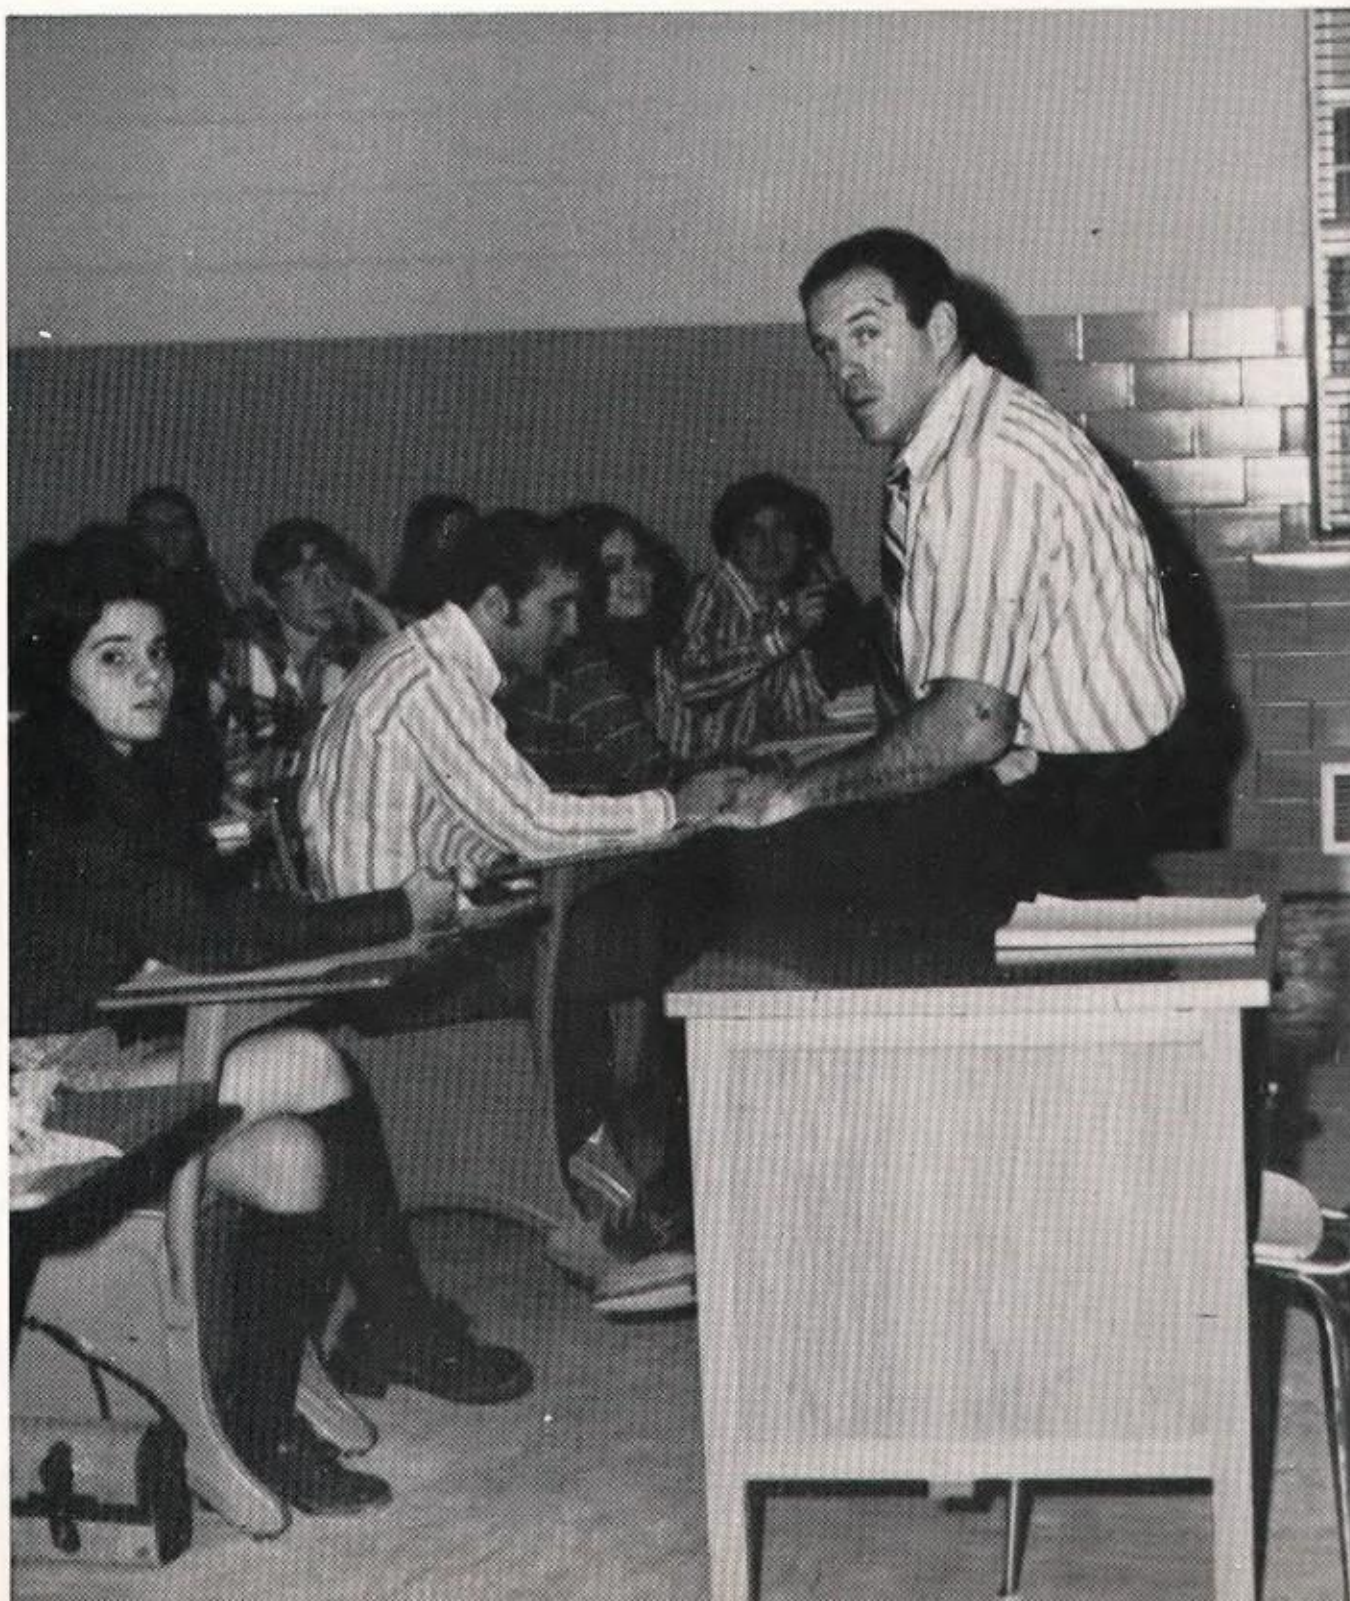

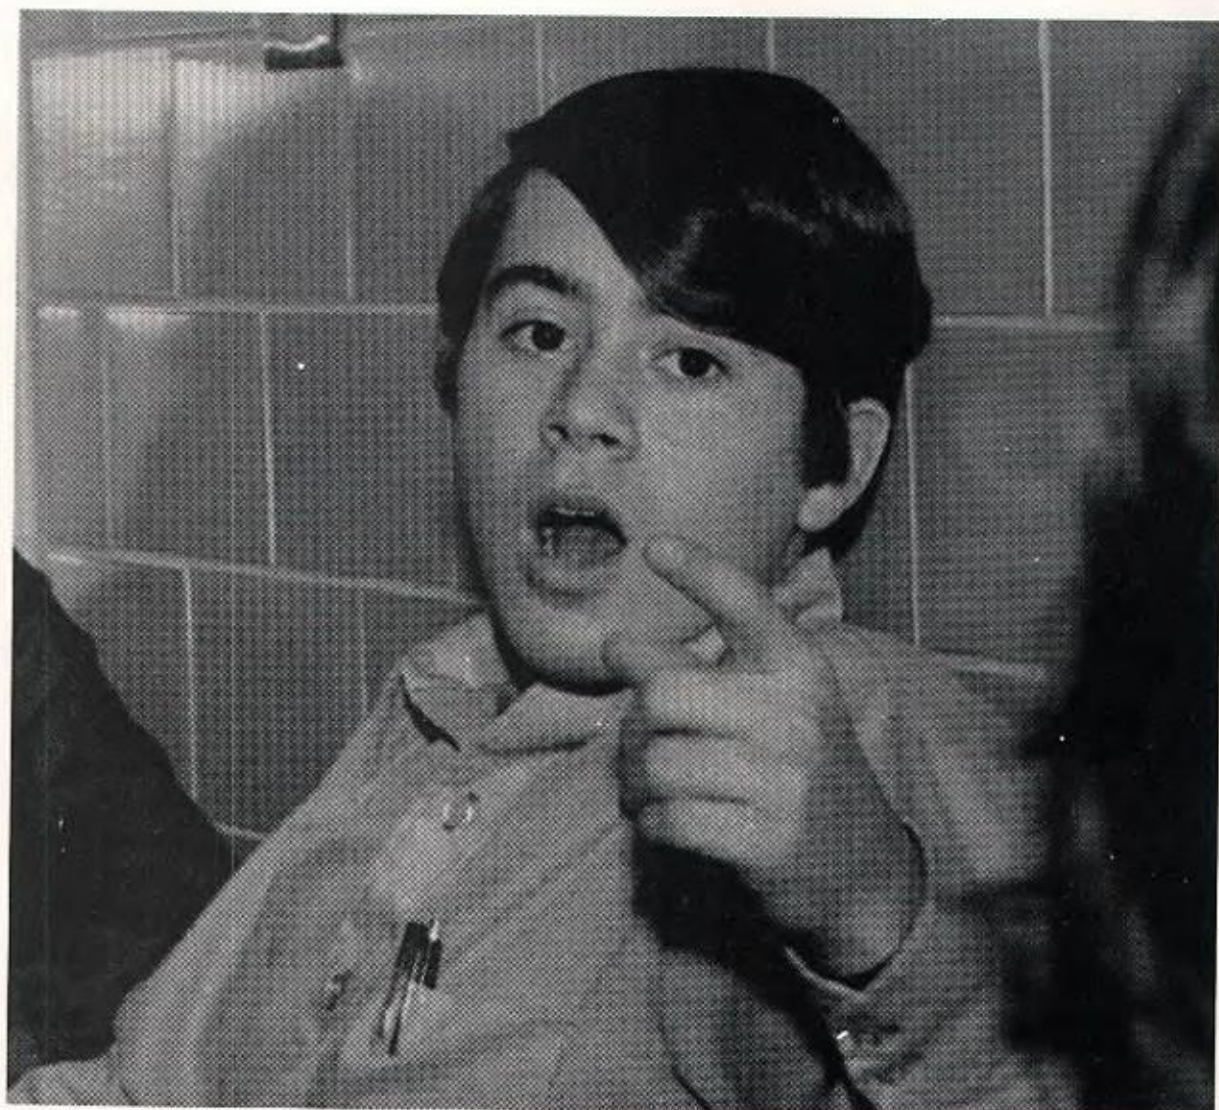

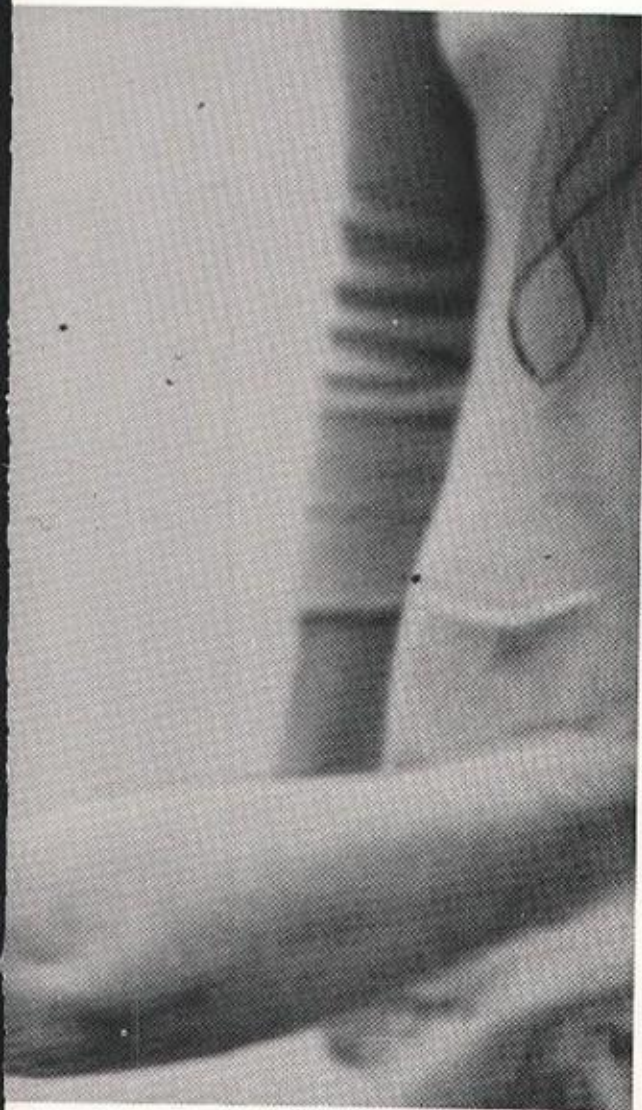

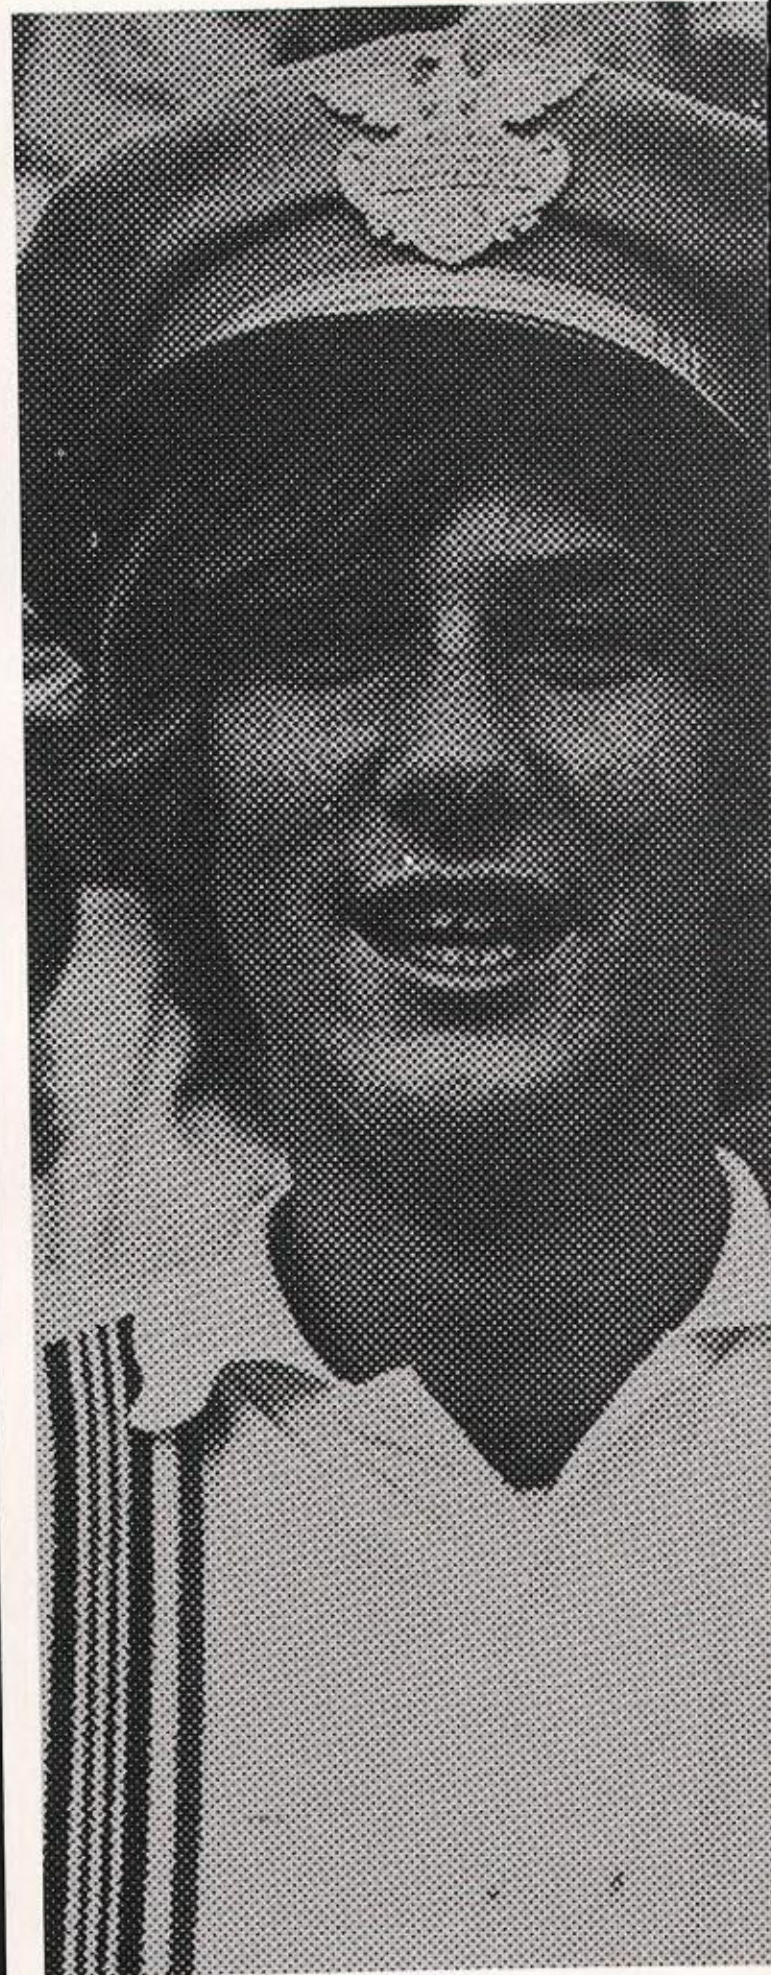

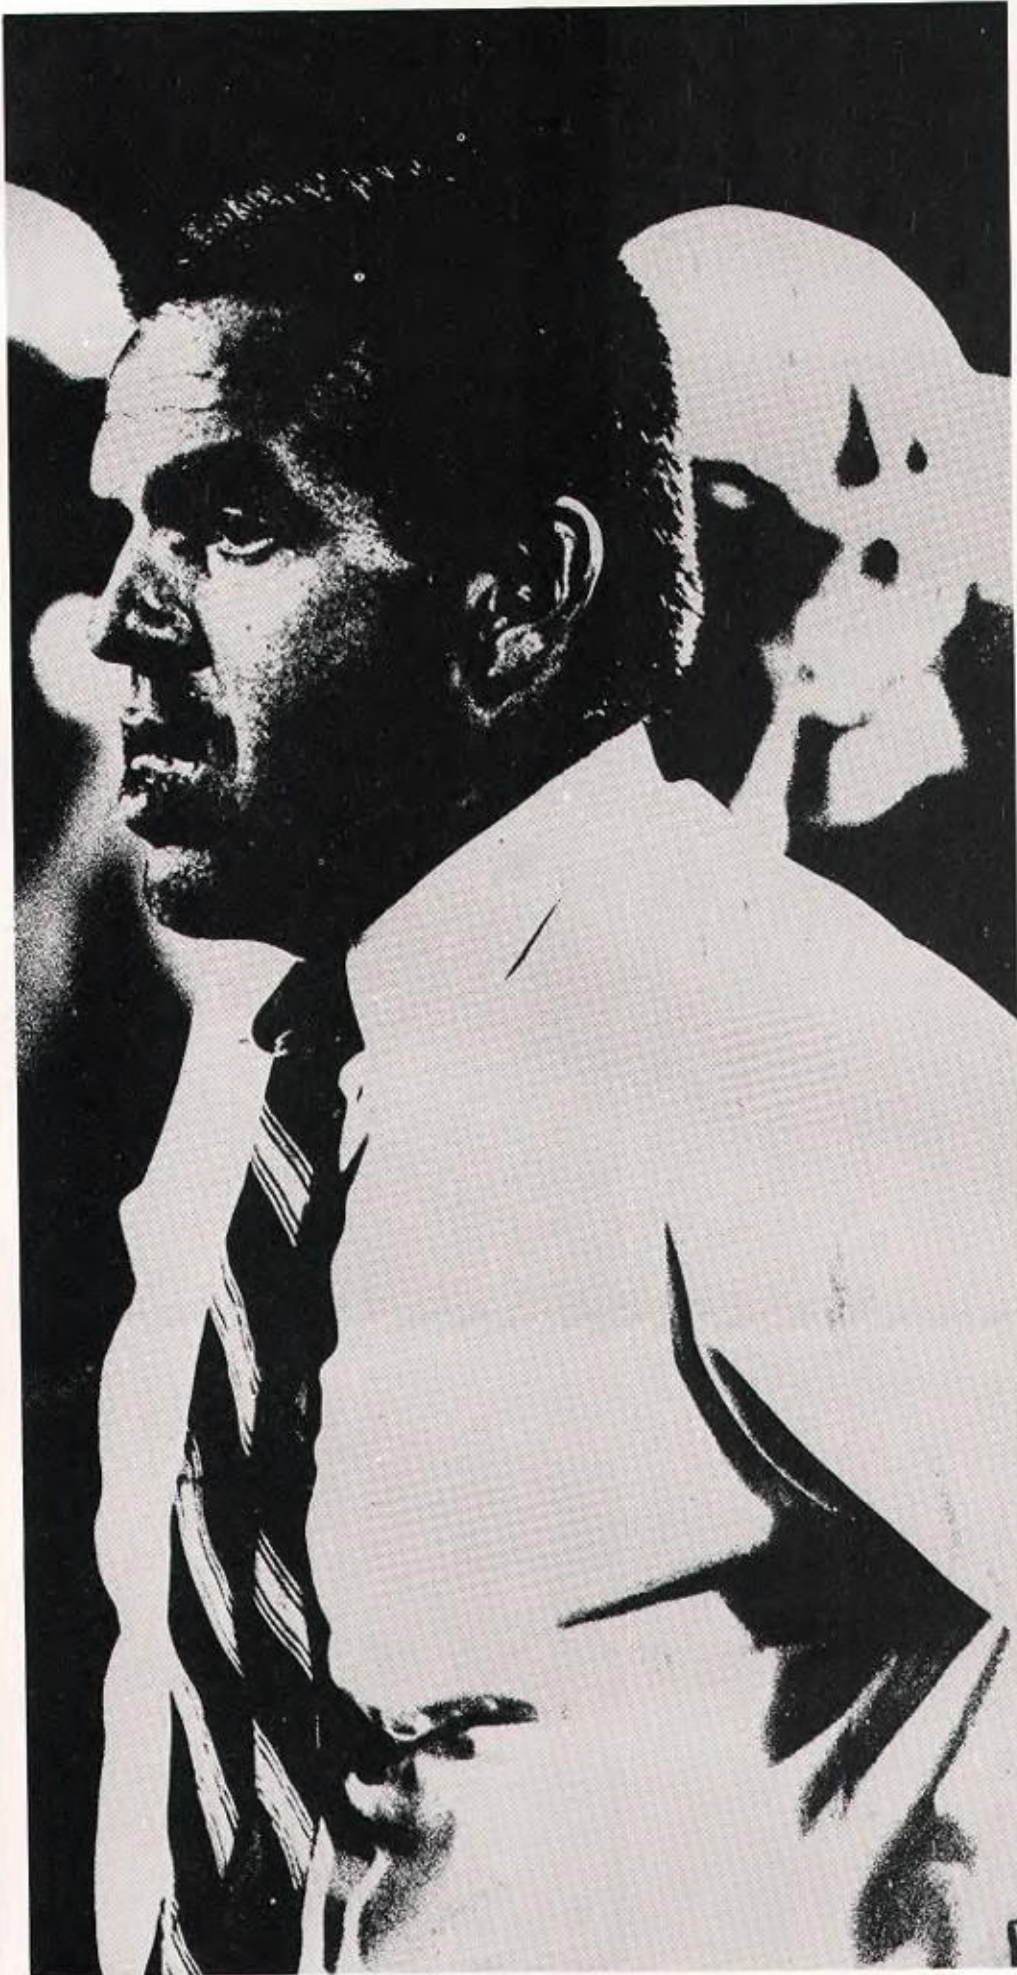

Familiar Phrases . . . and how many times have we heard . . . "enough to adequately cover the subject" . . . "repeat after me" . . . "stop dabbing your paint" . . . "look it up in the dictionary" . . . "you gord-head" . . . "I'm going to pinch your heads off" . . . and last but certainly not least . . . "read the directions" . . .

FOOTBALL

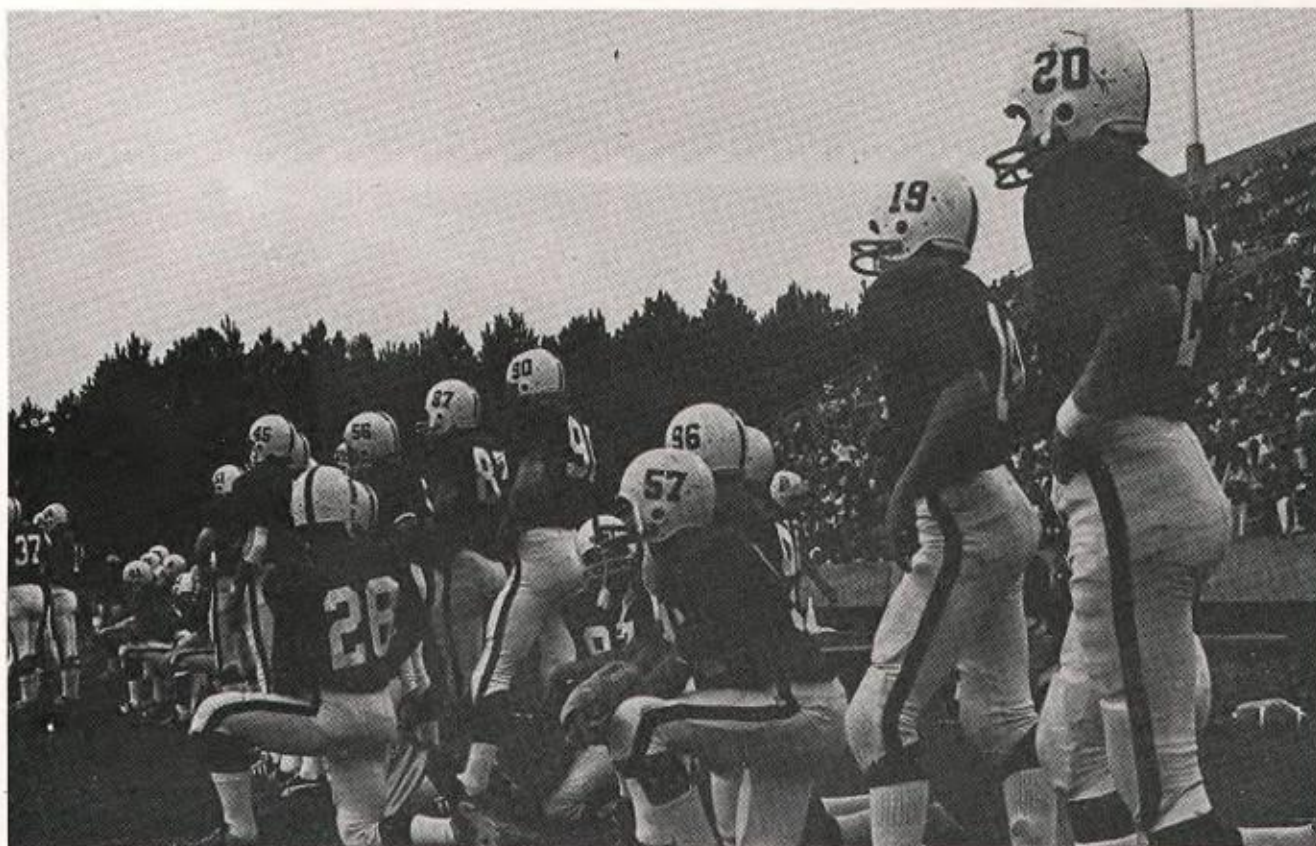

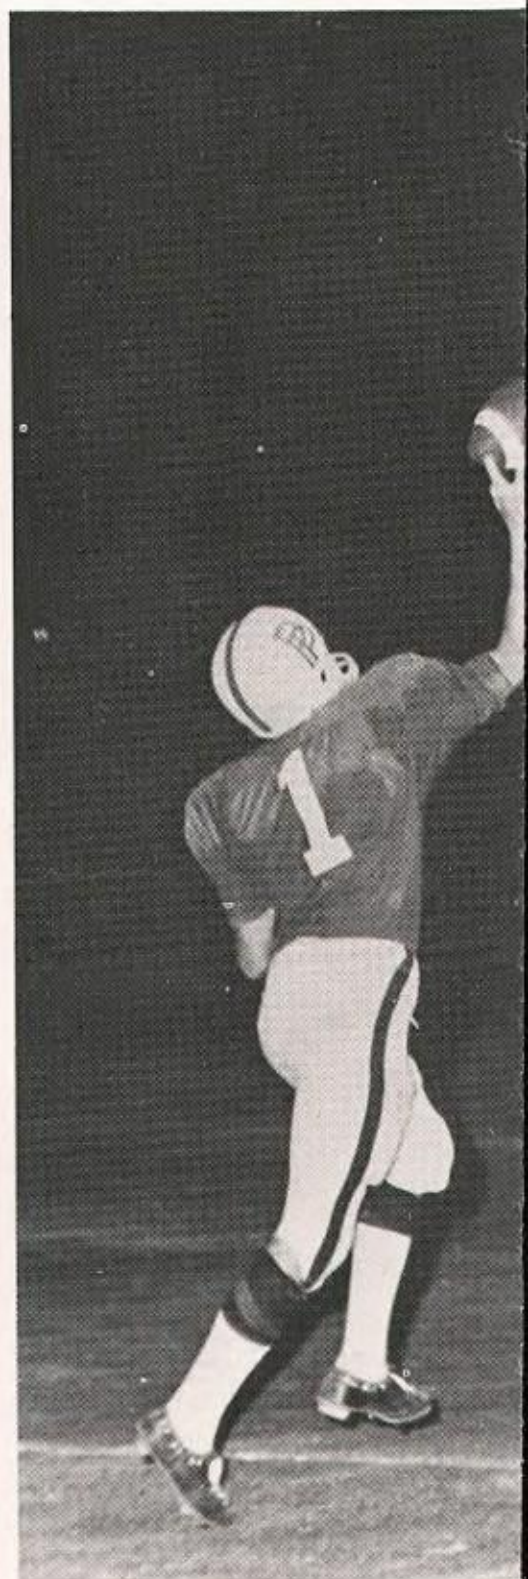

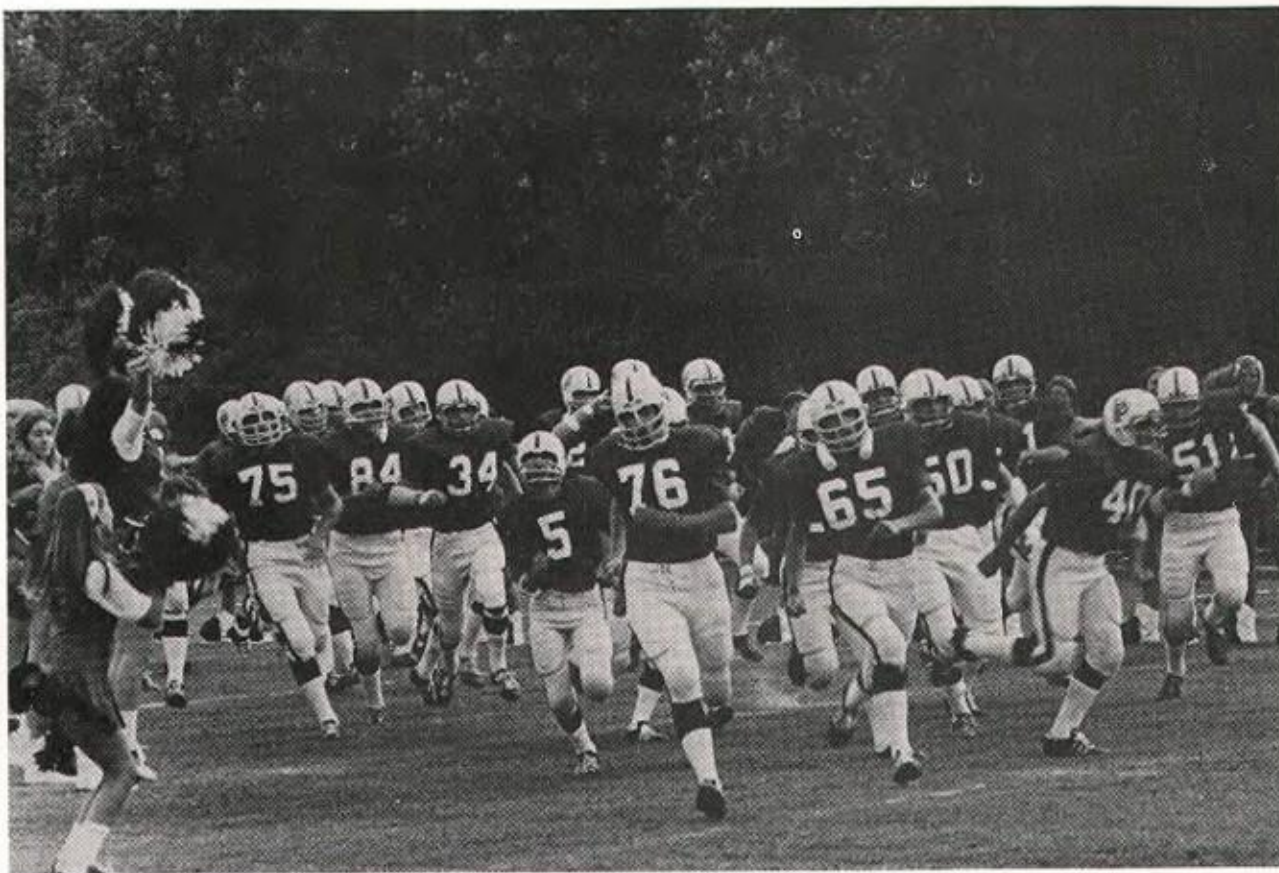

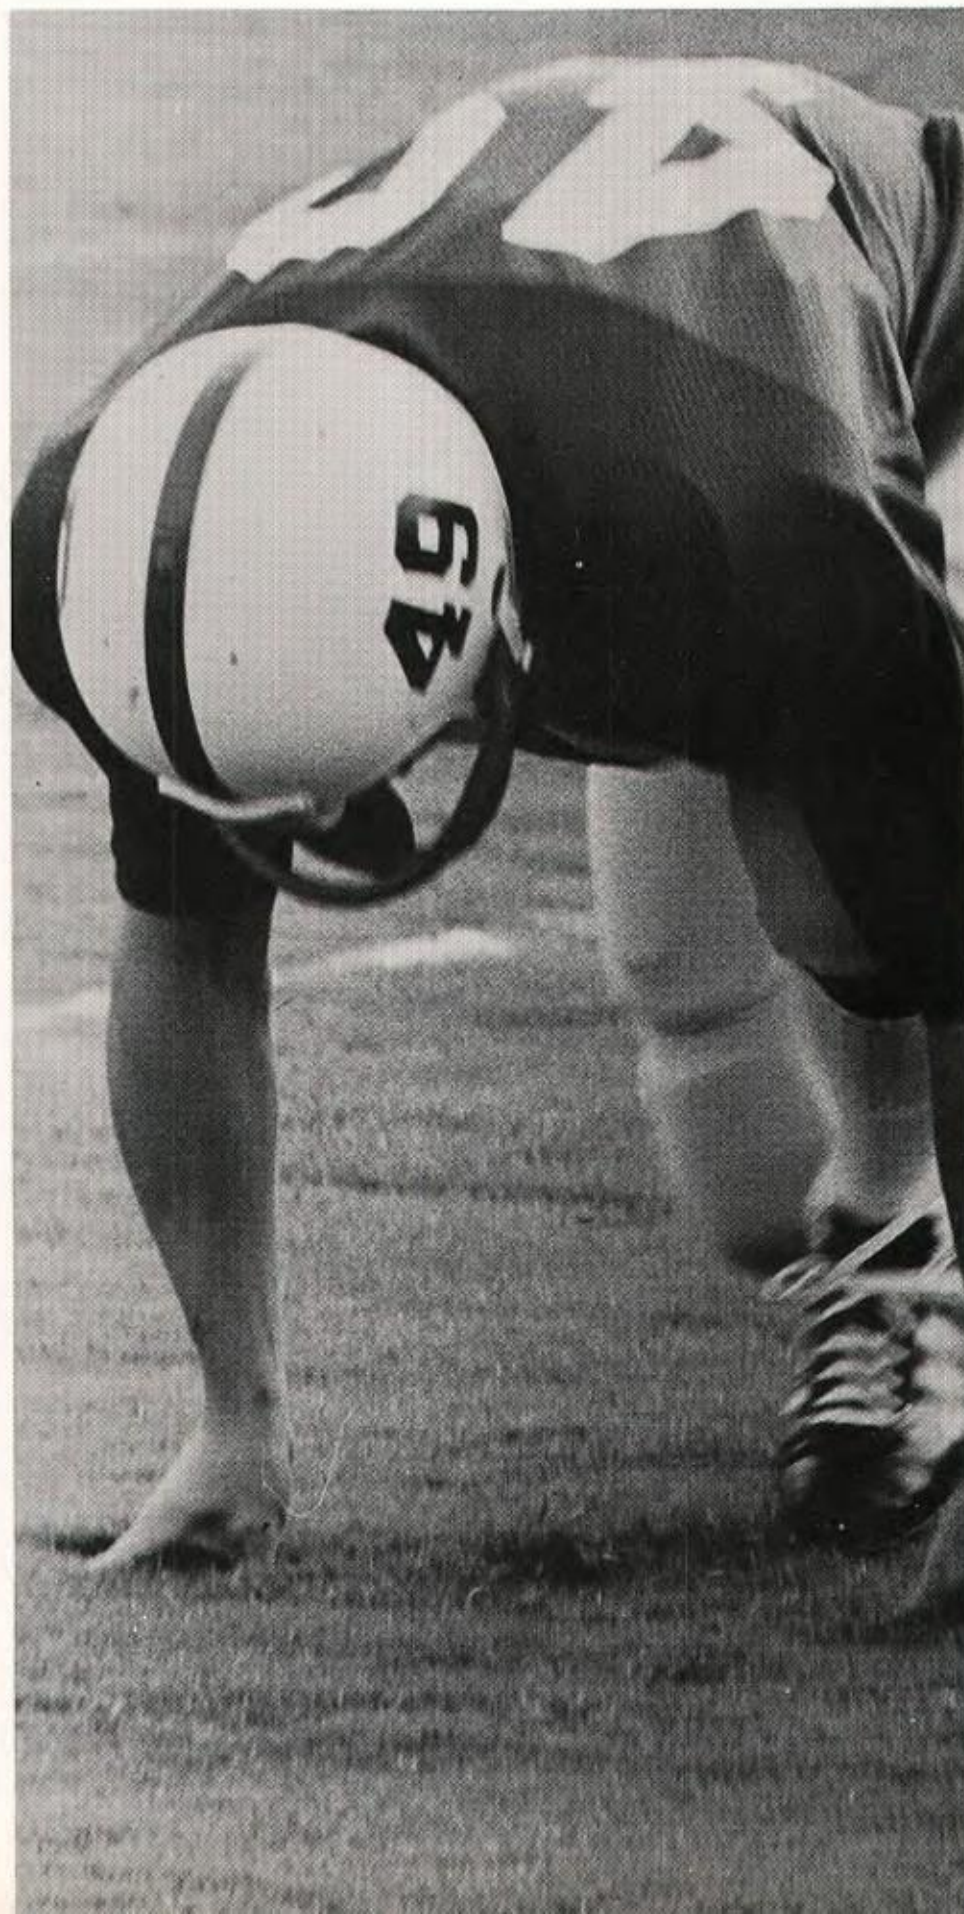

Summer practice began August 17. Peachtree followed last year's precedent by practicing four times a day. A new, simplified offense and a stingy defense were put in on the first day. Conditioning drills payed off as it was claim that Peachtree was in better shape than any of the teams we played. After three weeks of dust and hot weather, the Peachtree team was mentally and physically ready to face anything the opposition could provide.

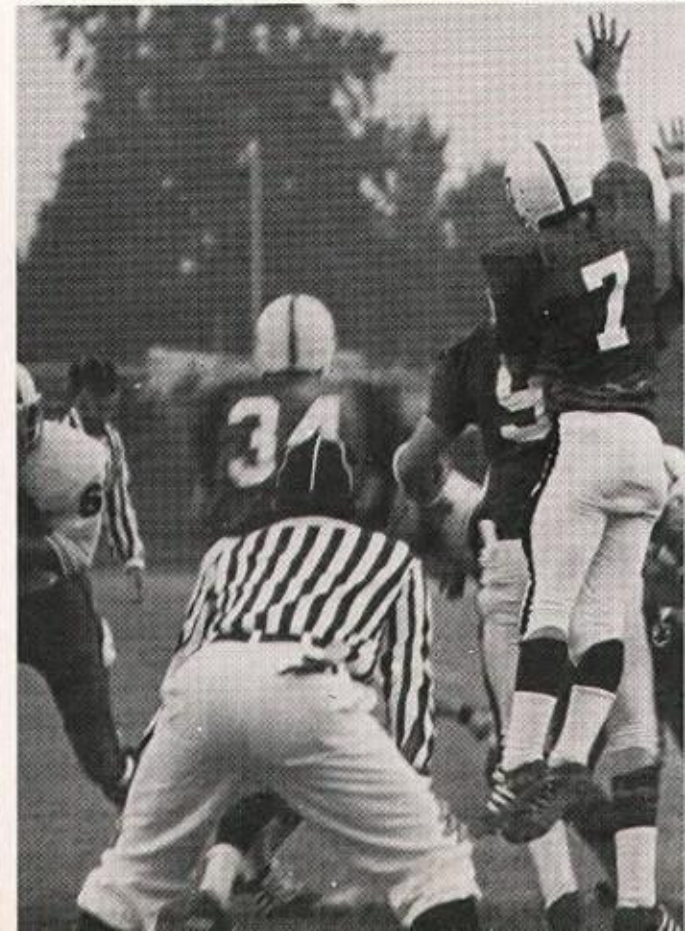

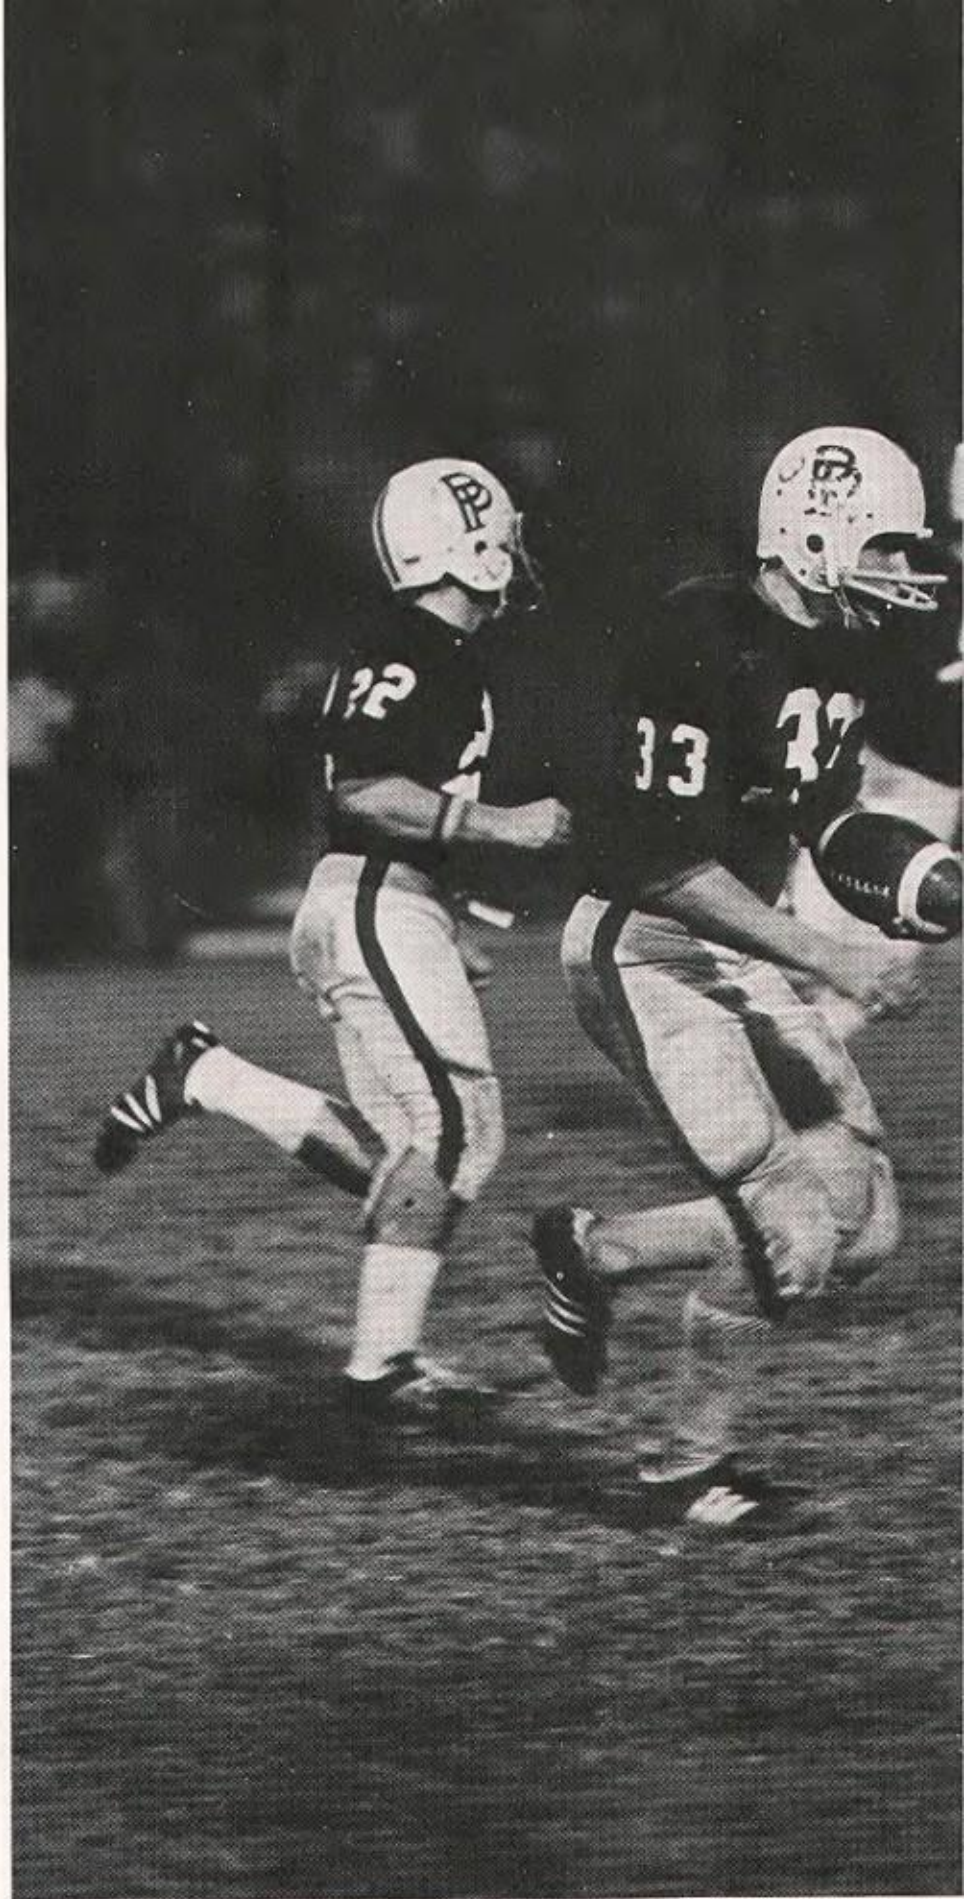

The team had a very good attitude from the start. The seniors this year were very anxious to bring Peachtree its first winning season. This year seemed to go by faster than in the past probably because for the seniors this would be their last year playing for Peachtree. The attitude started out fantastic and it ended that way.

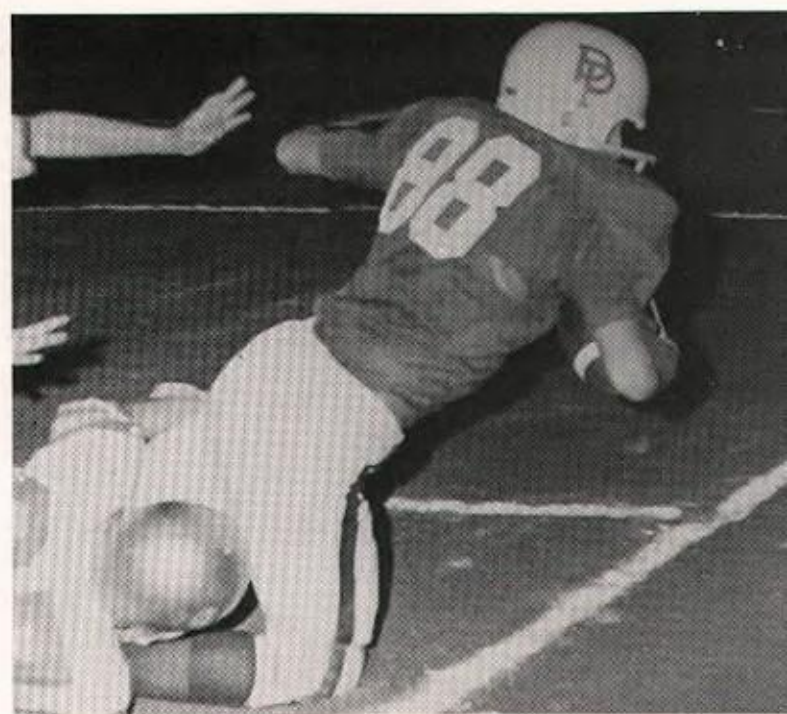

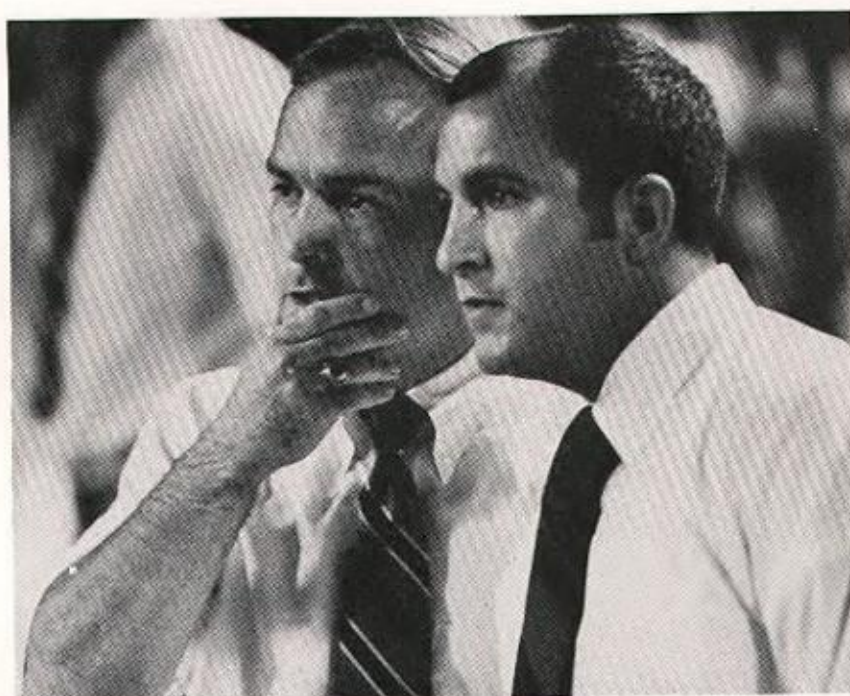

At one point in the season we could have quit because we were losing but the desire to bring Peachtree its first winning season prevailed. Everyone played as a T. E. A. M. and won as a team.

The Peachtree Football team this year was going into a region that was supposed to be the toughest region in the Metro Atlanta Area. The team began the season with a tough Chamblee opponent which ended in a 13-13 tie. The first five games of the year were played against triple A schools. After the region began with an undefeated tough Shamrock team who handed Peachtree its first loss 21-0. Peachtree just couldn't get itself together in region competition and fell to Southwest DeKalb, Westminster and a heart breaking defeat to St. Pius.

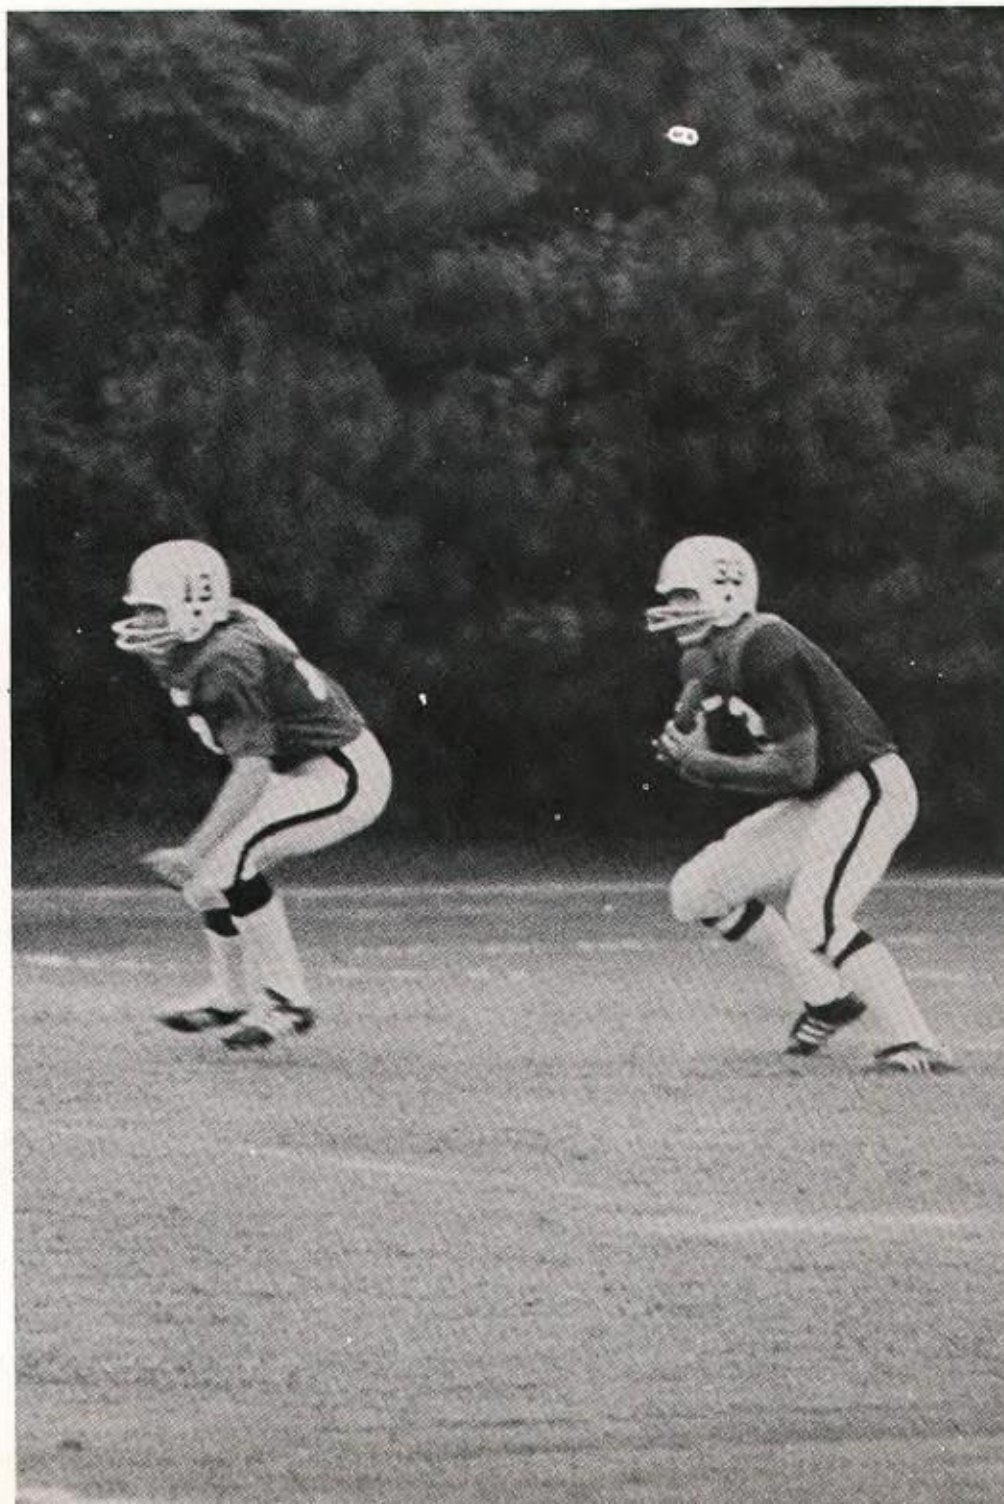

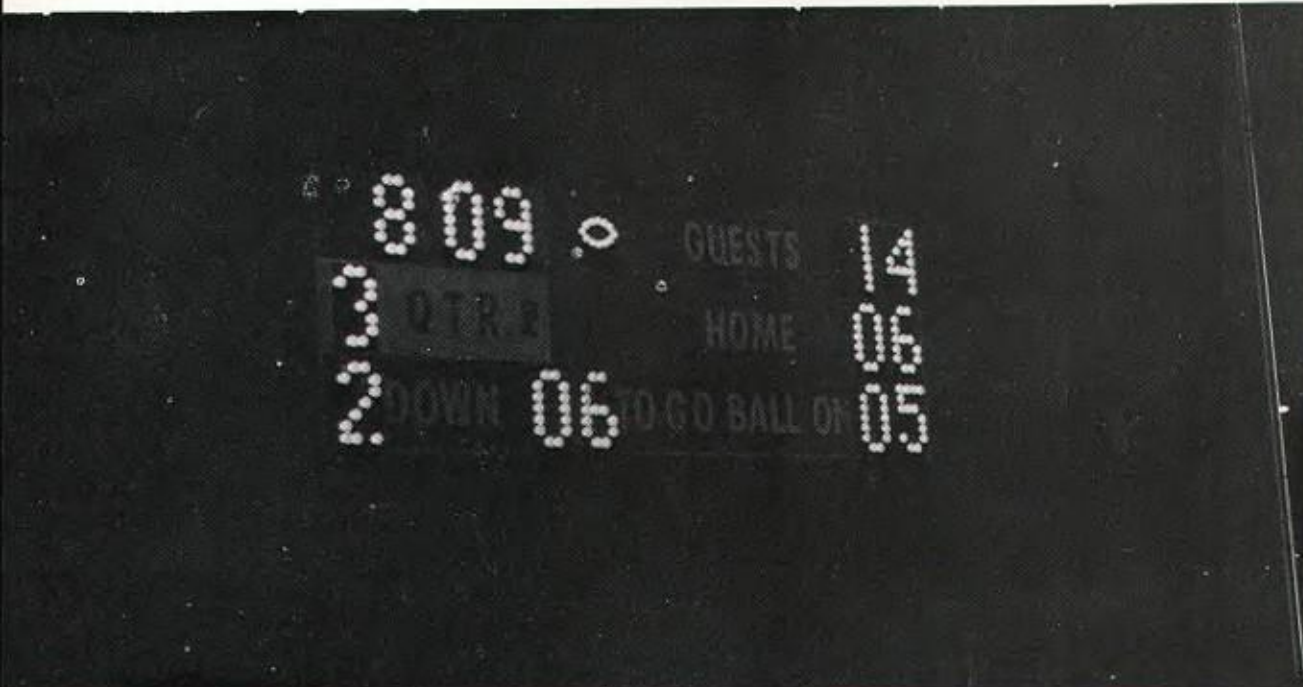

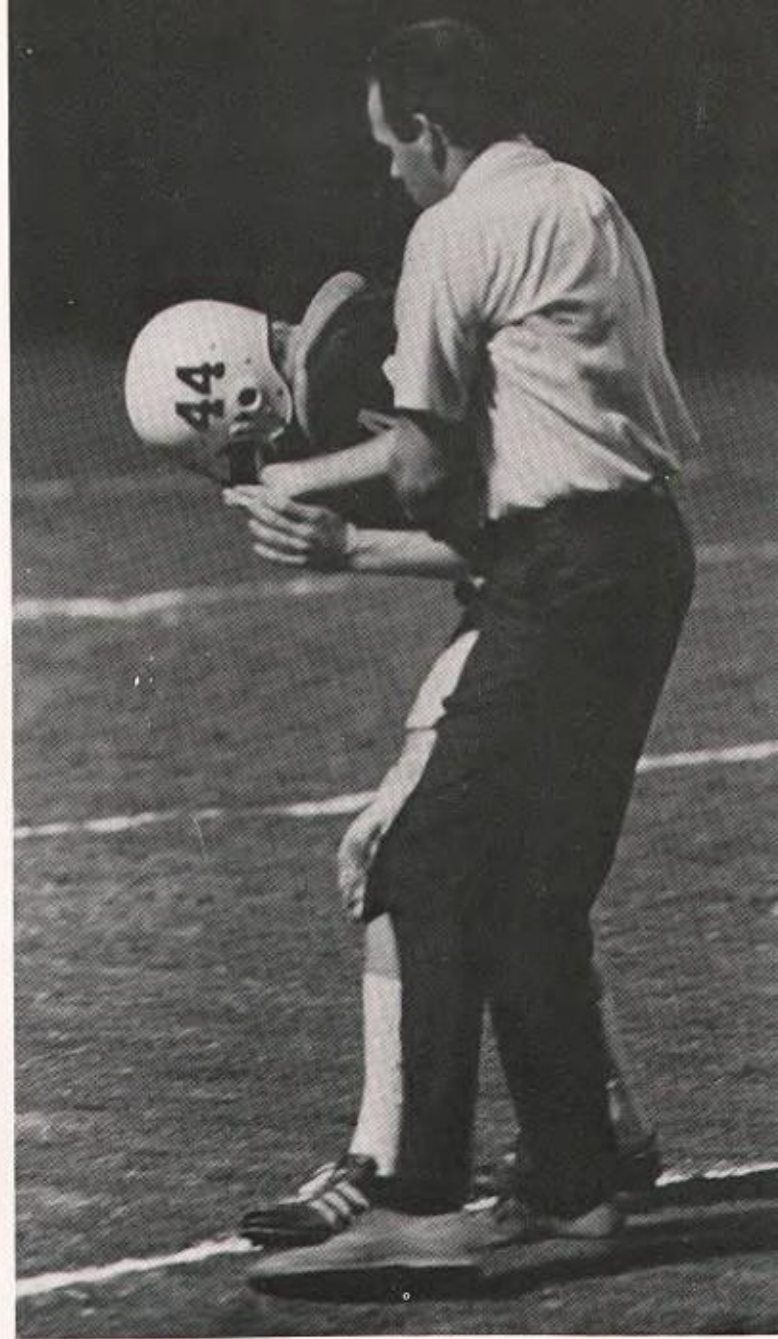

Peachtree just couldn't get itself together in region competition and fell to Southwest DeKalb, Westminster and a heart breaking defeat to St. Pius.

Peachtree finally got together and handed Clarkston an assuring defeat 21-0.

Next year the Patriots move into Region 8-AAA. In the past Peachtree has handled the competition from AAA schools. This year we were undefeated against AAA teams. The future looks bright for Peachtree football fans as the varsity will have help from a good group of returning Juniors and an only once-beaten B-Team. The eighth grade was undefeated and should have a good B-Team.

Peachtree will be hard to beat next year.

CROSS COUNTRY

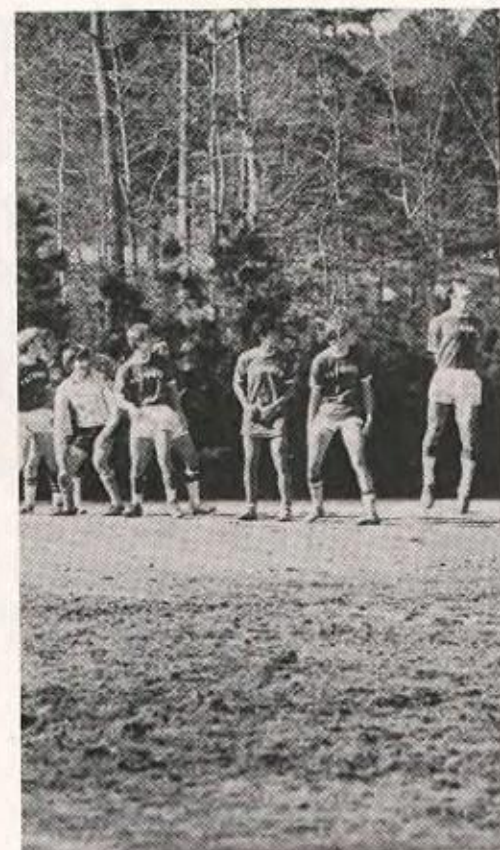

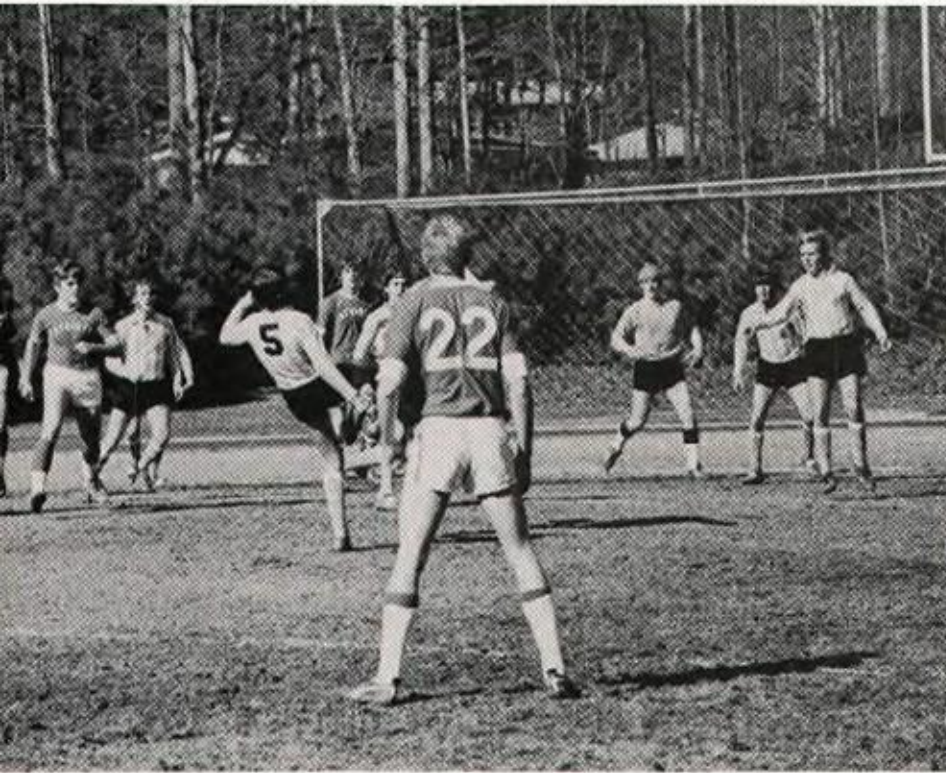

SOCCER

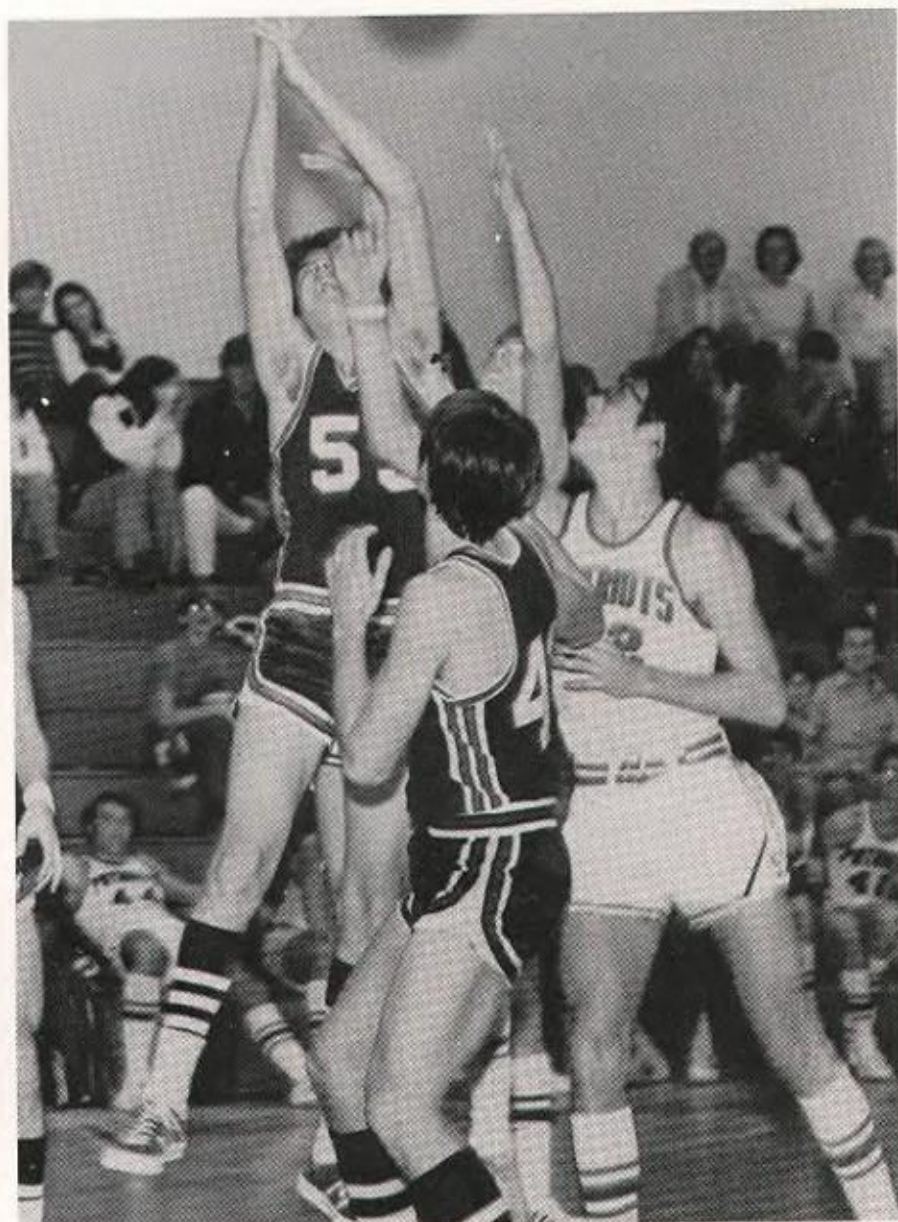

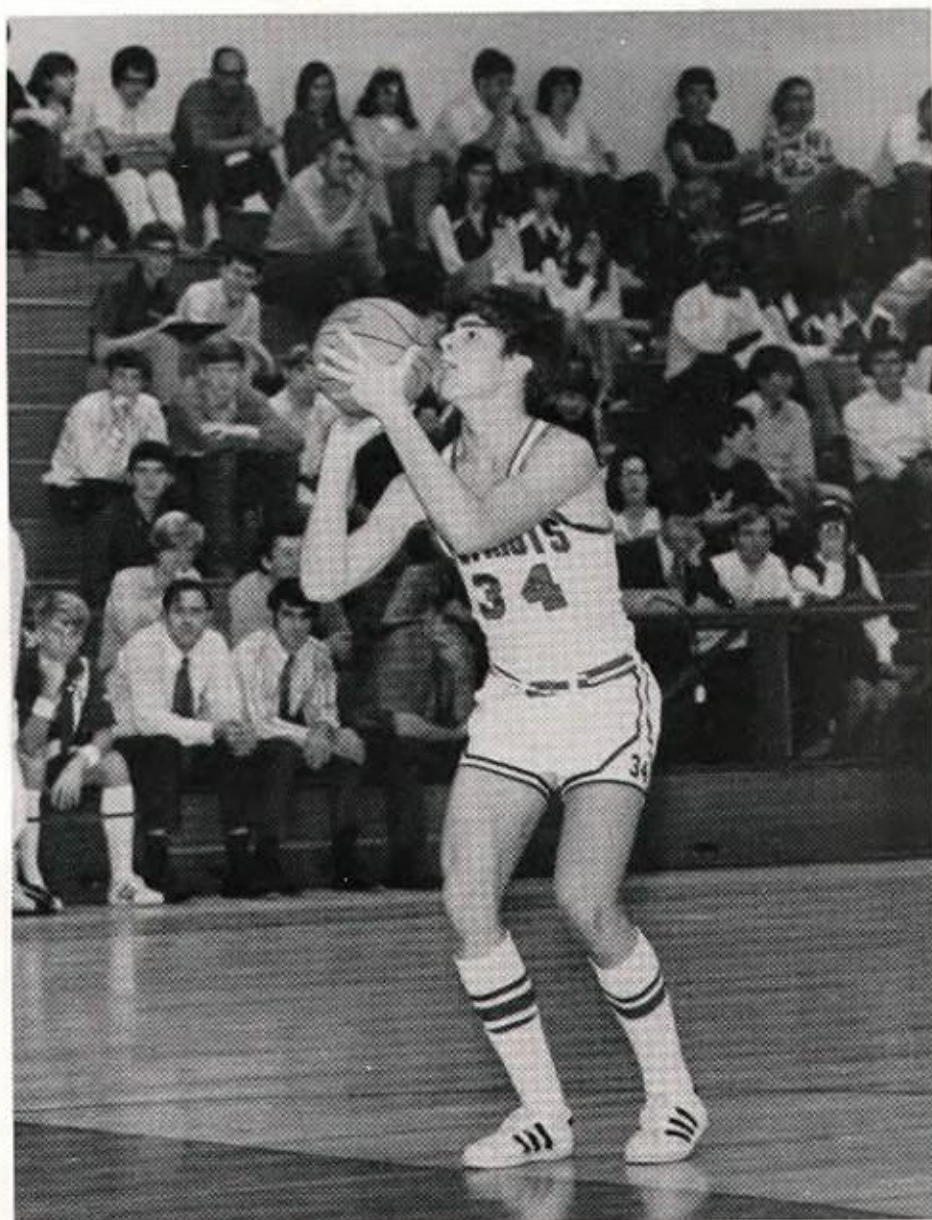

While the soccer team was compiling its first winning season, it was also impressing many opponents, and exciting its few fans.

The team's initial win came over Tucker by the unbelievable of 8-0!

A couple of victories later, the boys shut out previously unbeaten Briarcliff 1-0. This made thoughts of the playoffs run through everyone's head; however a 1-0 loss to Shamrock shattered all hope of playing any post-season games. Lucco Vizurage, Marty Richardson, and Rick Payne were three very valuable additions to the team this year. Coach Dykes counted heavily on these three boys, as well as returning lettermen Lee Herron, Mark Young, Gavin McQuiston, Bob Fontana, Allen Drucker, Mark Kramer, Tony Langan and several other boys to make their successful season possible.

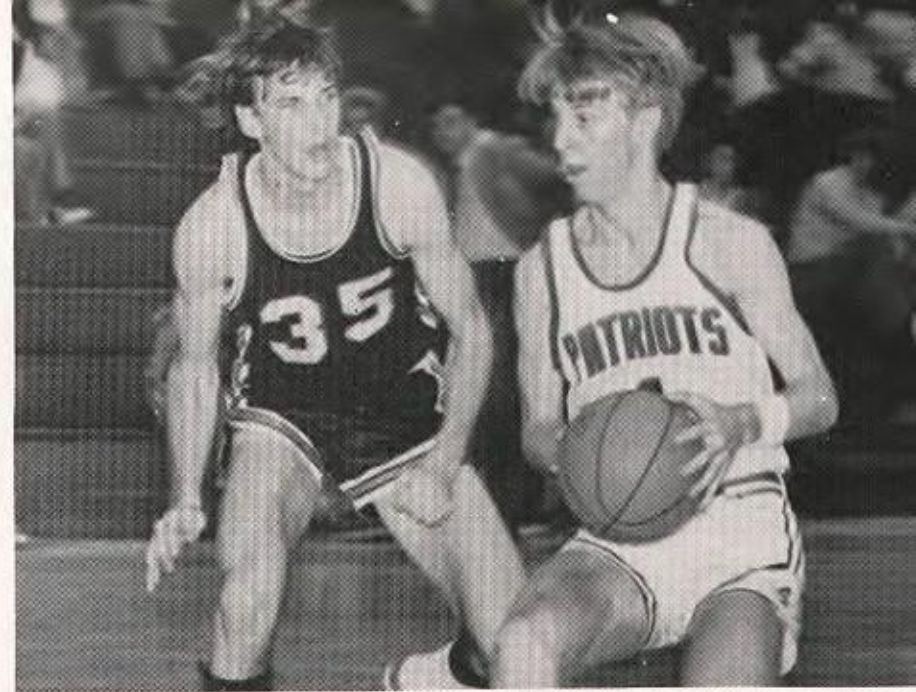

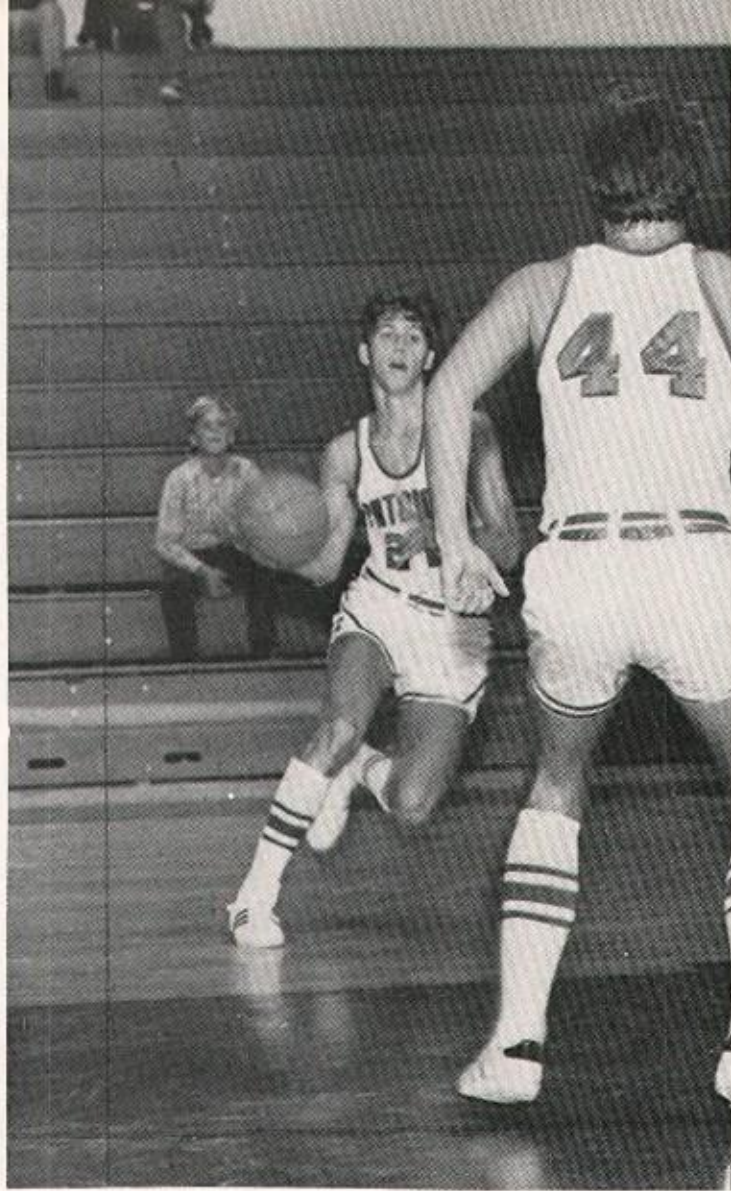

BASKETBALL

Coach Franks is smiling, and here's the reason
His first year with the Patriots - a winning season.

For scoring ability, and jumping so high
Rebounds and defense - that Buck's quite a guy!

Long shots from the outside, Tom gave it his all
Til a great Sophomore season was cut short by a fall.

With fancy ball handling, his feirce will to win
He excelled in all phases - that's Hollywood Kim!

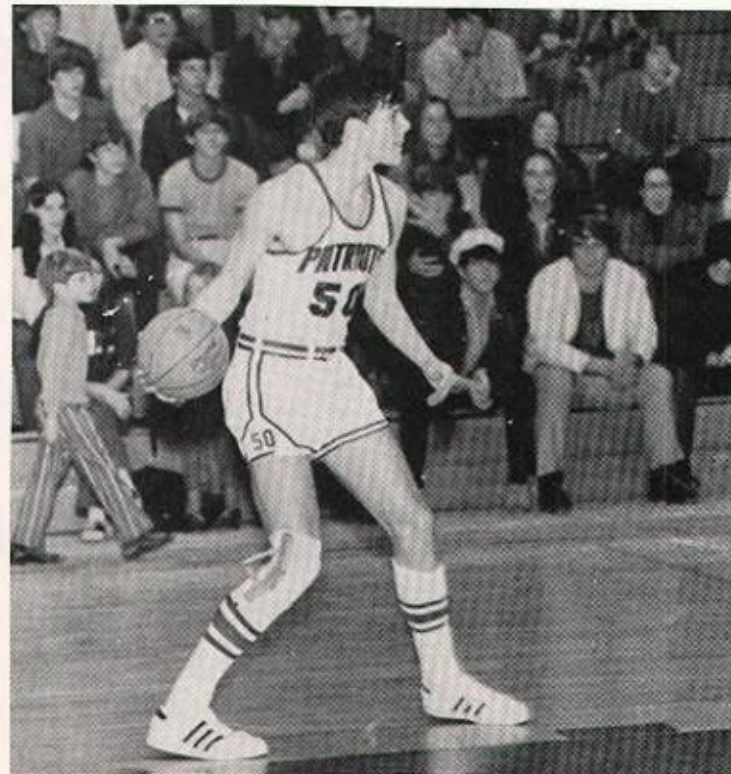

Many's the time the opponets were huffin'
trying to catch long-legged McGuffin.

For hustle and drive he stands all alone
A one hundred and ten per center - that's T-bone.

Paris and Nutt, Wilson, King, Adams too
When points were needed, they always came through

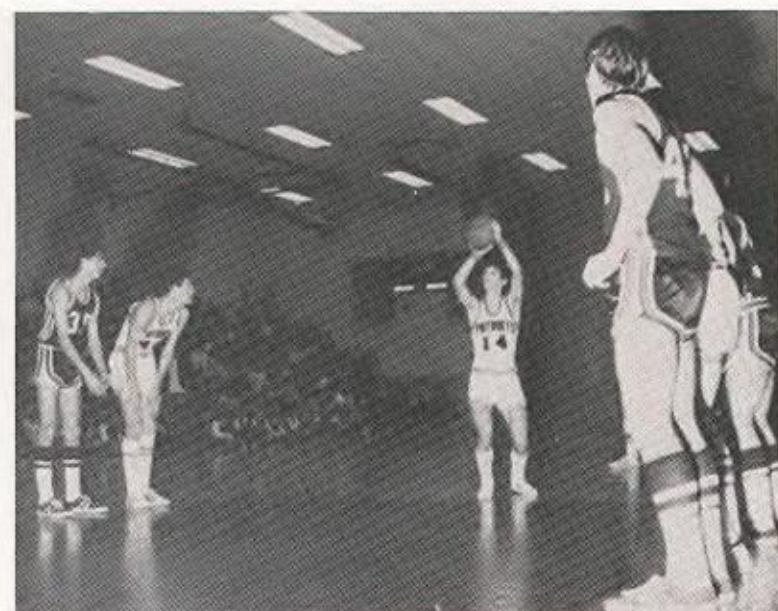

Randy, Craig, Ed, Stan, and Mike
Are a back-up team any coach would like.

We all tried our best to play good clean ball
To the cheerleaders and fans, our thanks to you all!

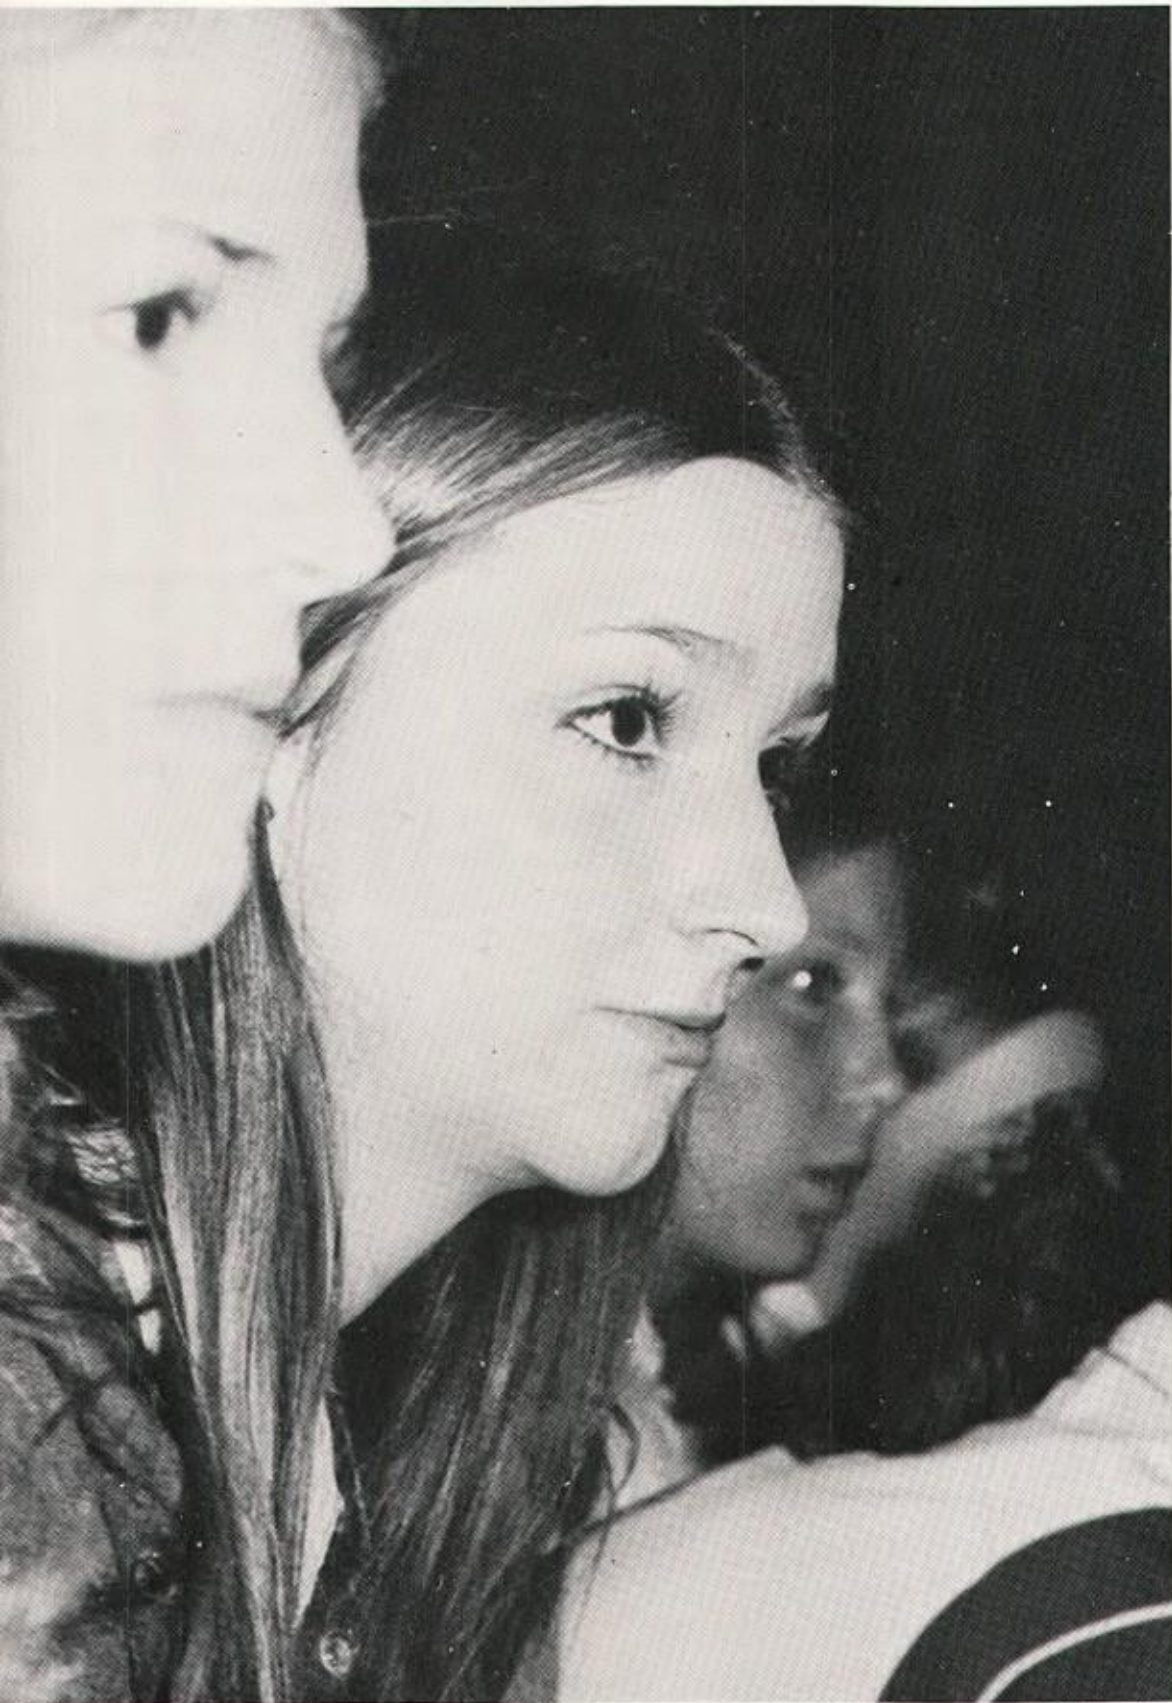

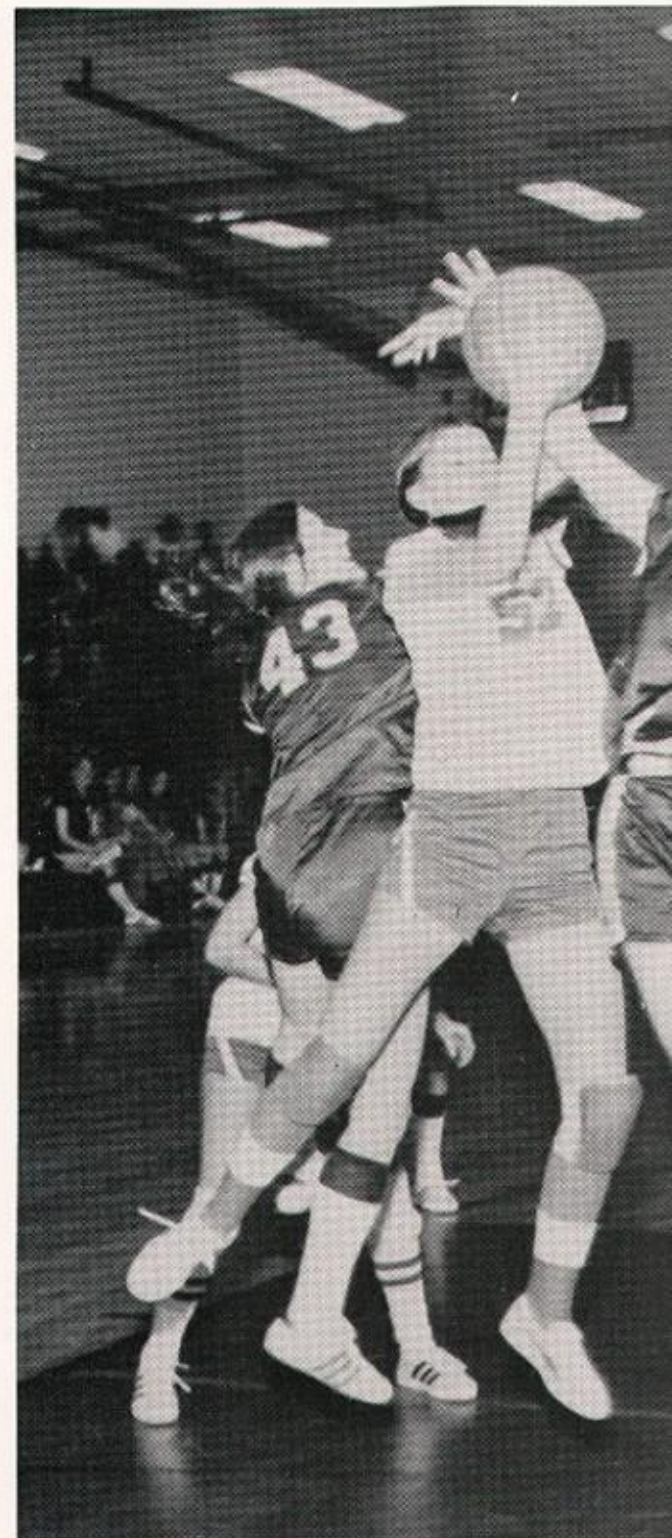

Years . . . we've never really been able to say that before . . . but now . . . it's years . . . of experience . . . of being together . . . of knowing . . . really knowing each other.

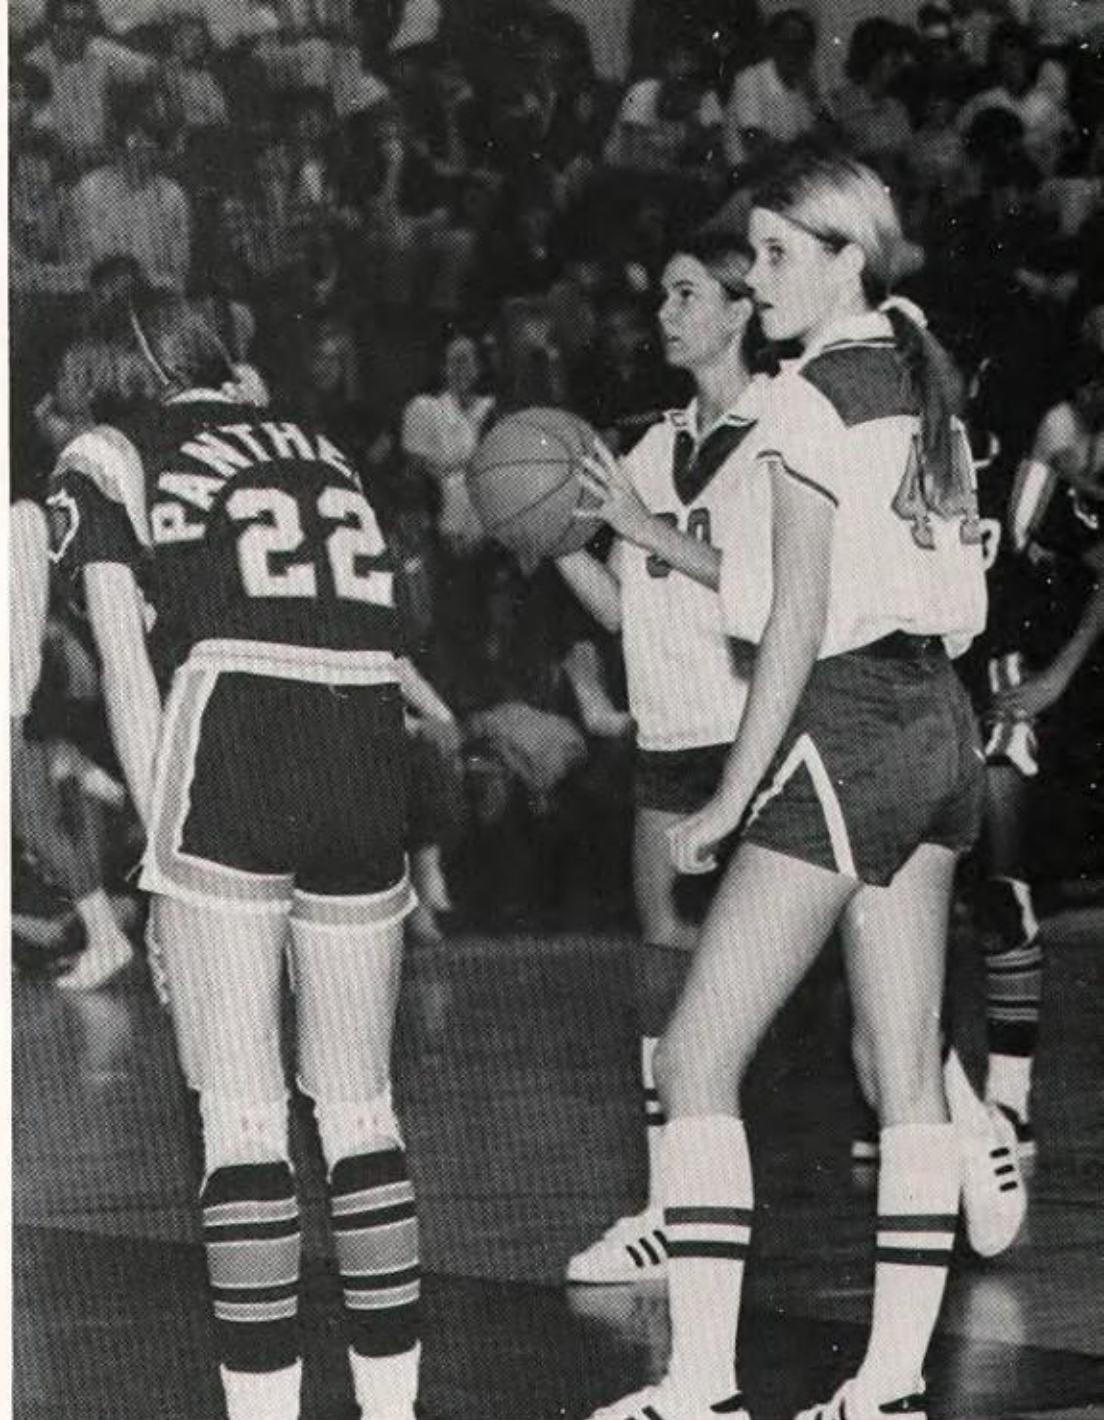

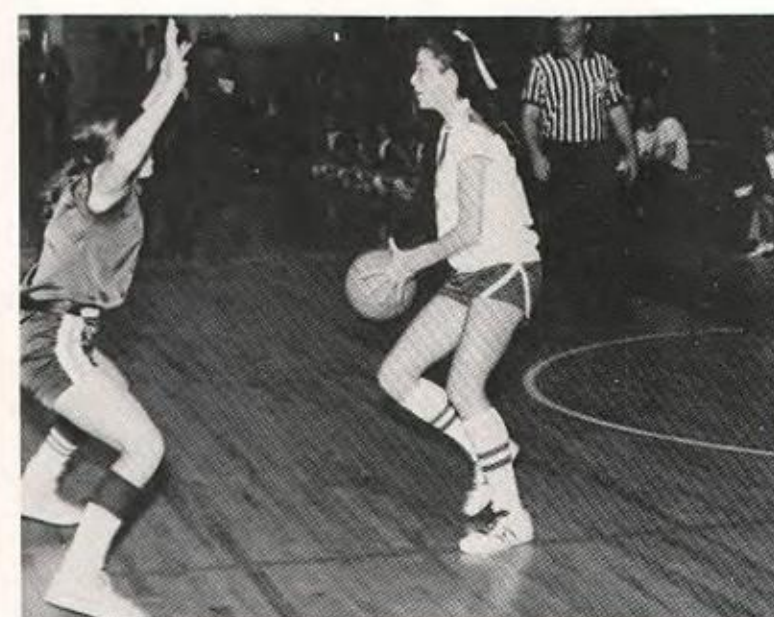

And now it's ending . . . for most of us . . . why did we never stop and realize that it was all passing so quickly before us . . . each practice into a week . . . each week into a game . . . each game into a season.

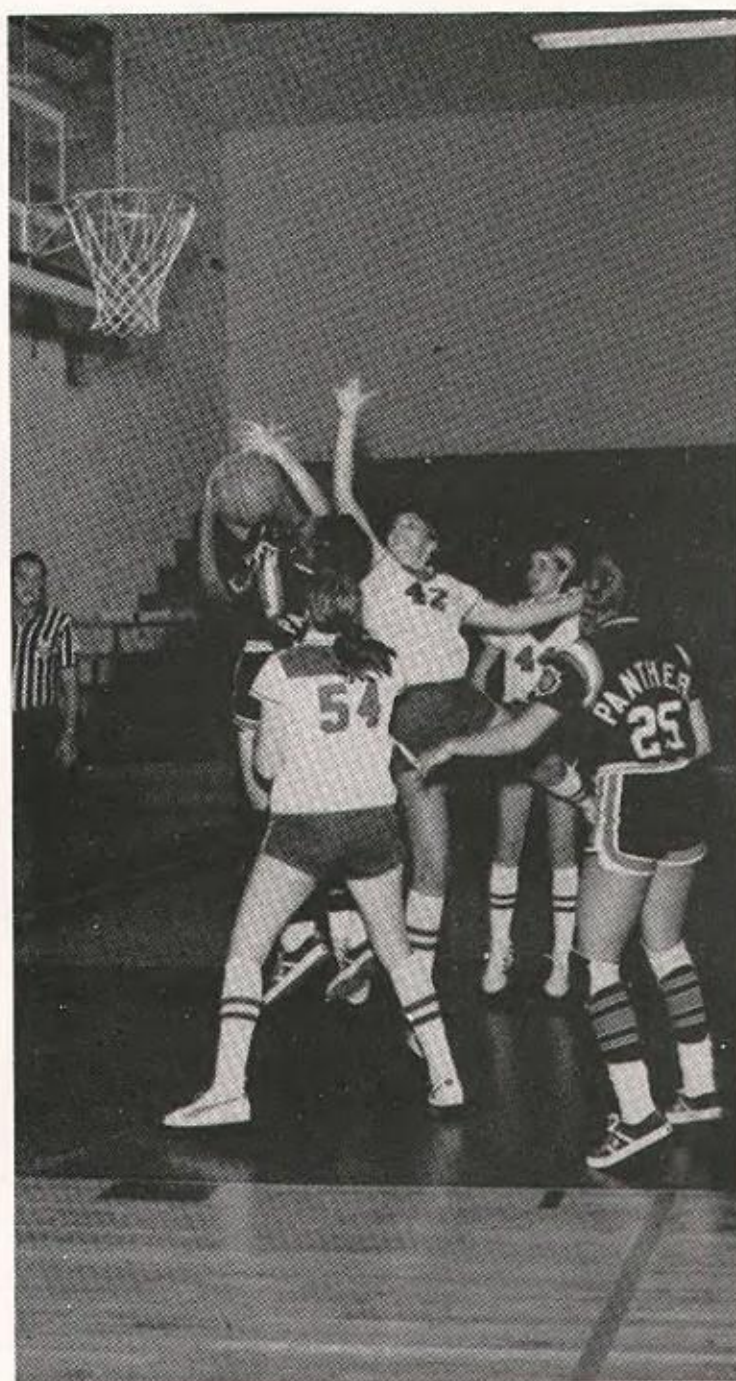

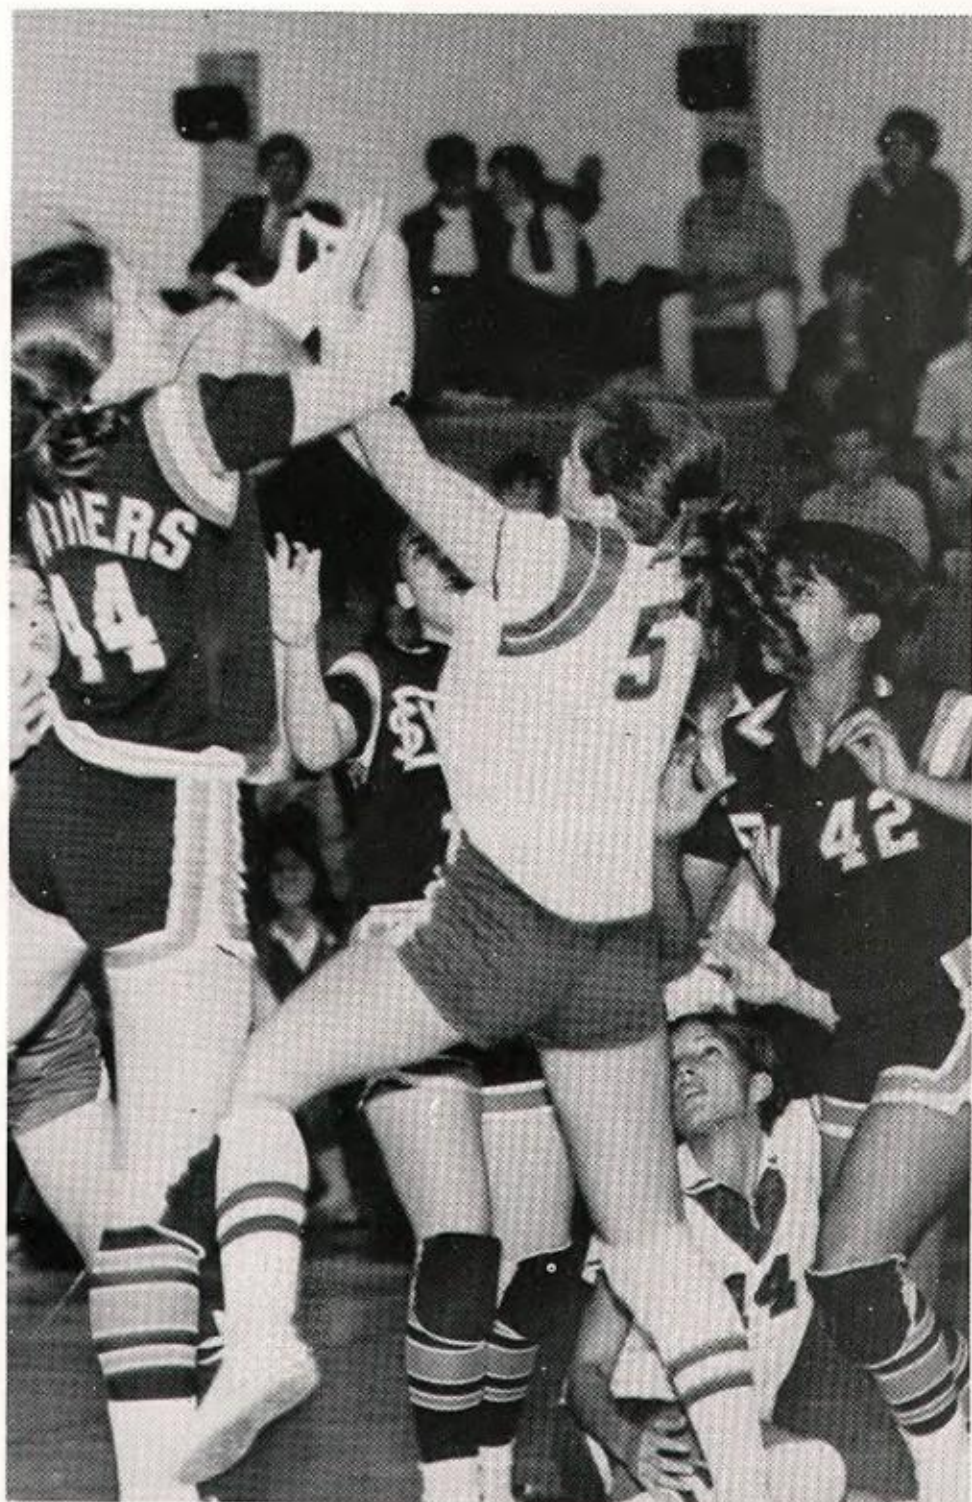

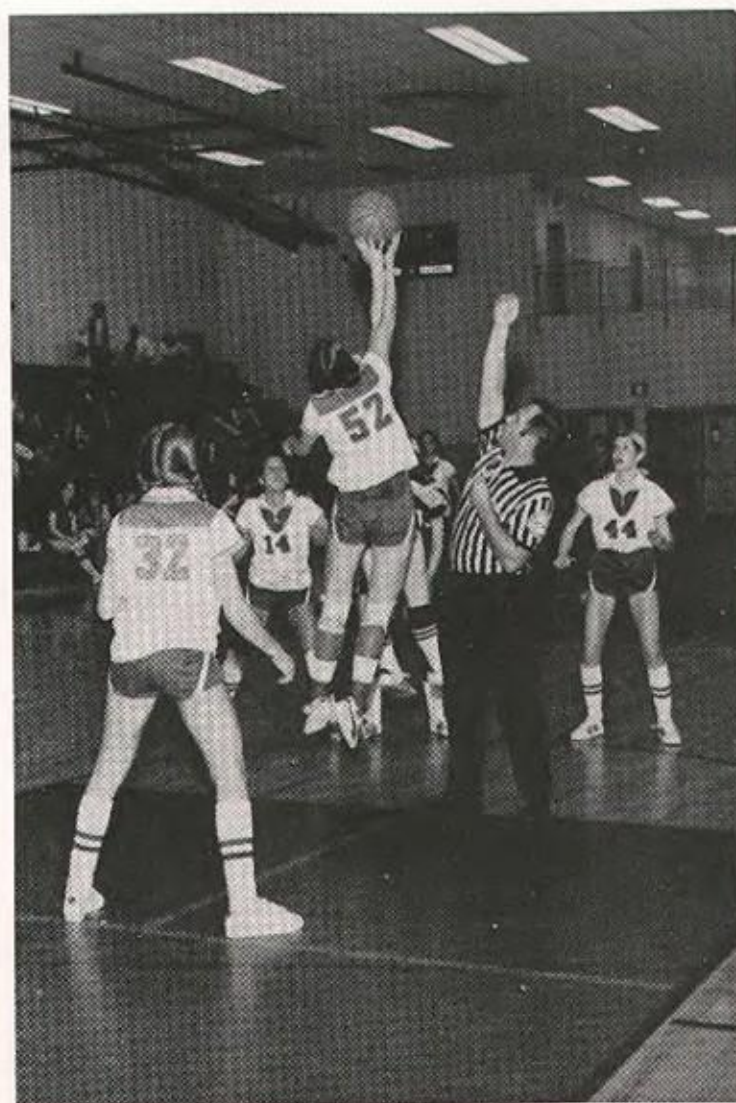

Looking back . . . remembering . . . To those of you who are left behind . . . the ones who really made us good . . . take care of it . . . we'll miss it . . . more than anyone in the stands could ever know . . . goodbye.

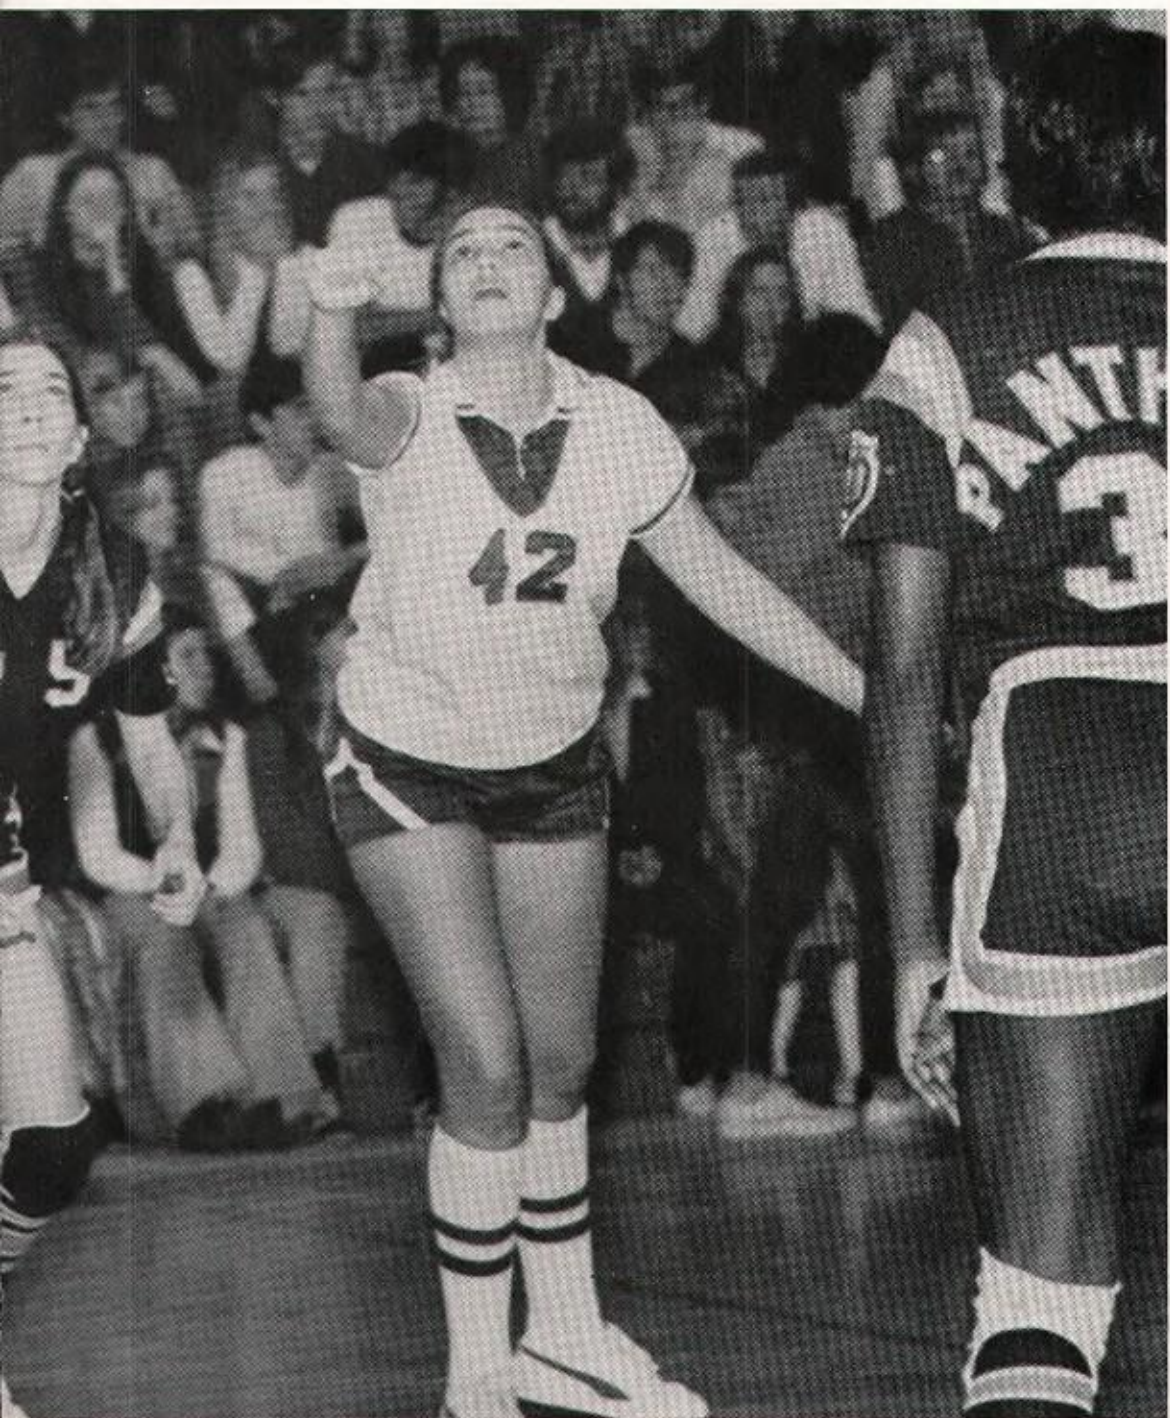

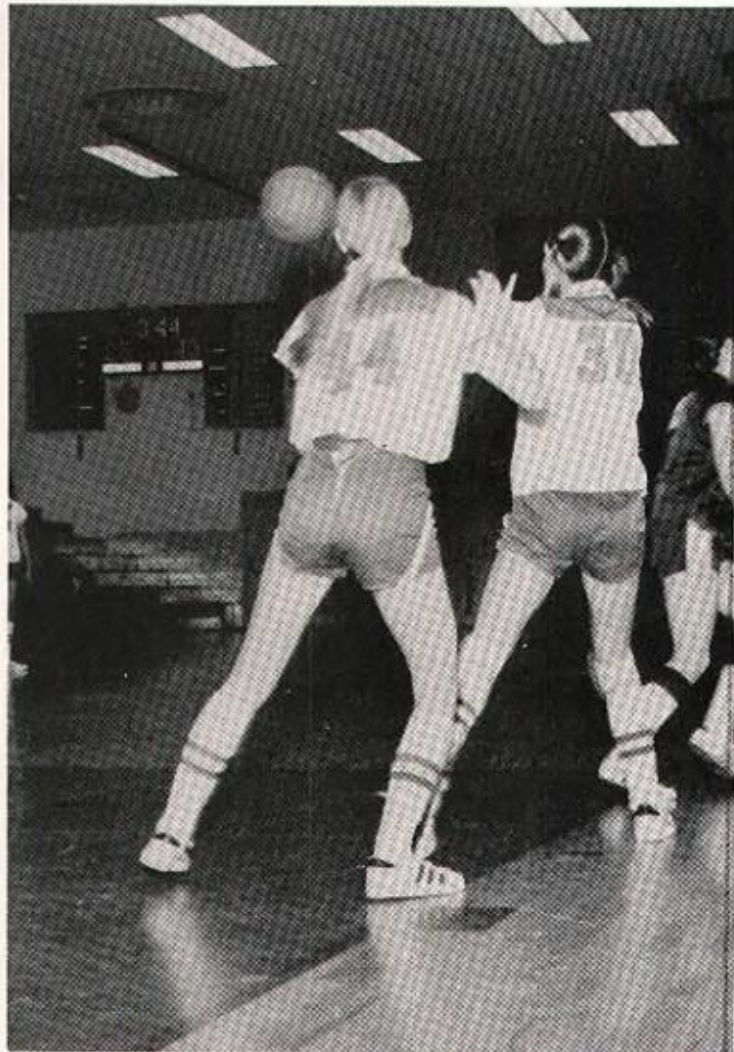

Watch out for Peachtree
Here come the girls
Beauty, talent and flying curls!
We've got the tip-off
We're out to win
Pass it to Pieper she'll dump it in.
There goes Liz right down to score,
Cindy rebounds, now we'll have two more.
Pass it to Jaime, she plunks it in,
We'll show Miss Maddox we're out to win.
Amy's a guard that's sure hard to beat,
Knocking opponets right off their feet.
Sherri's a shooter second to none,
There goes the whistle, we've almost won.
Becky sure fights to capture the ball,
Here comes our hardest workers, we admire them all.
The season's over we say good-bye
We're proud to have been a part of Peachtree High.

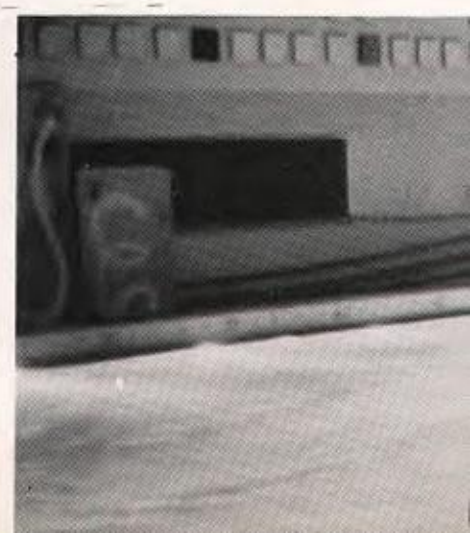

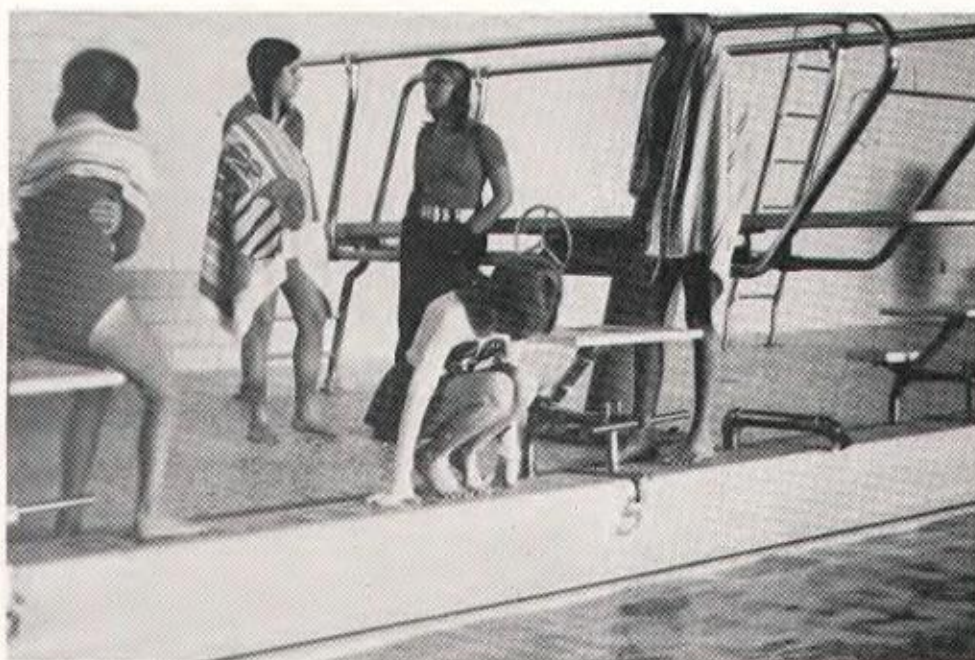

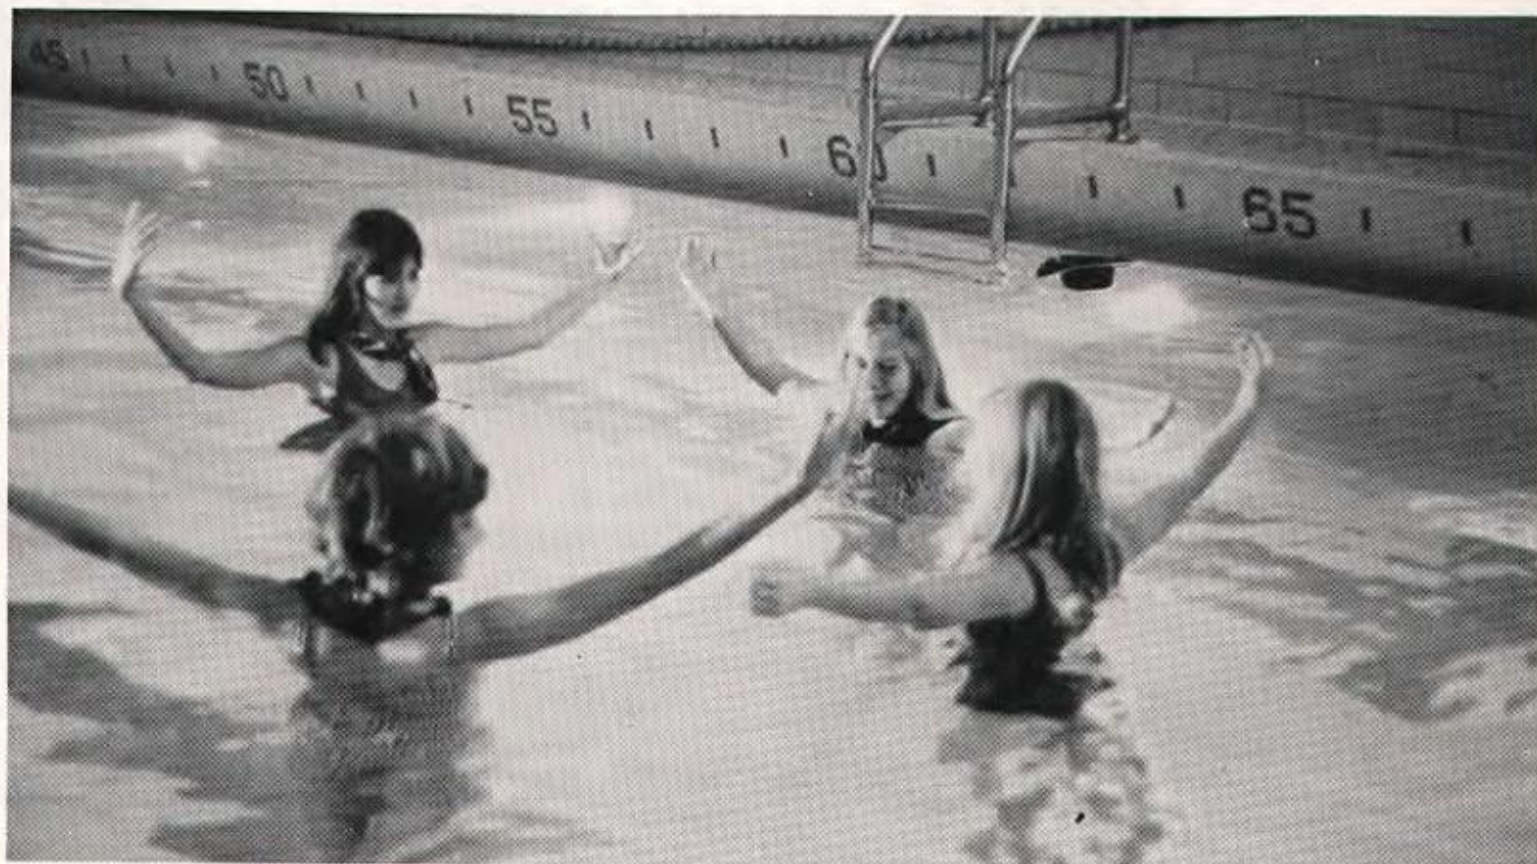

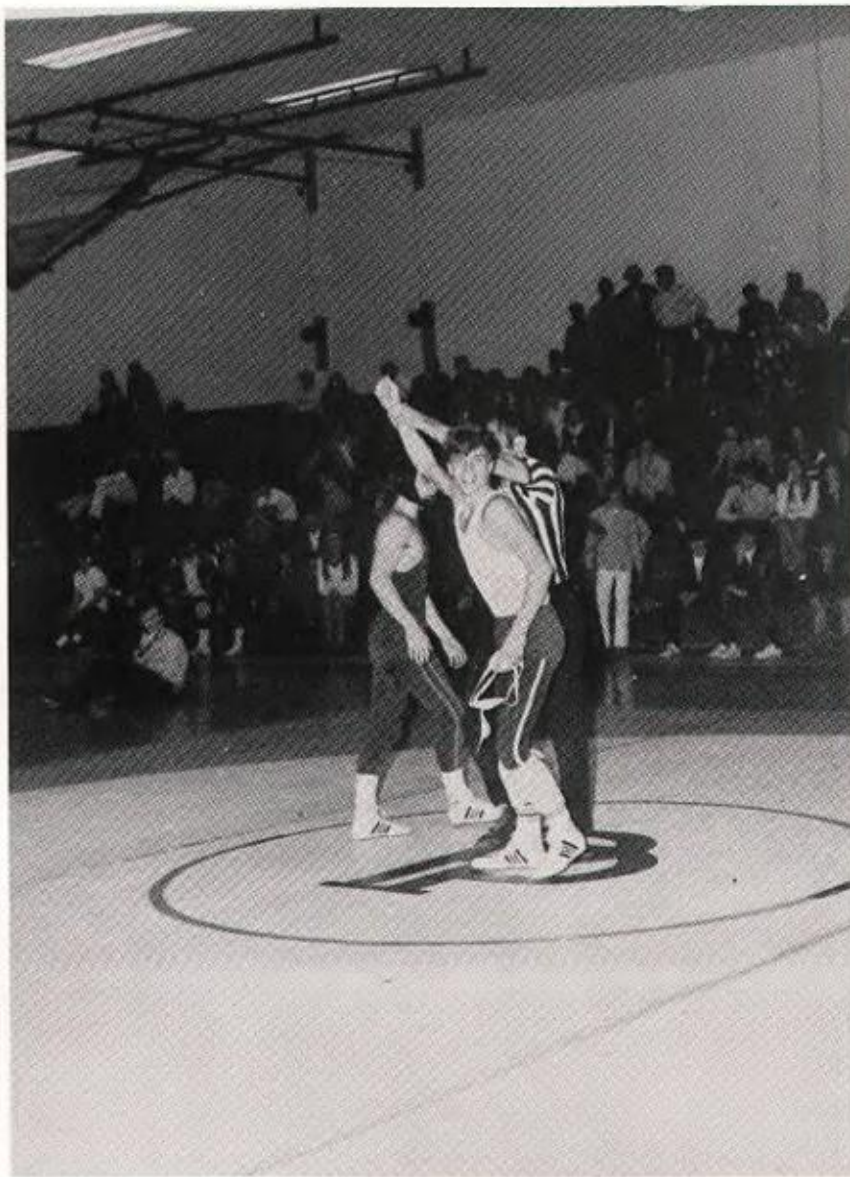

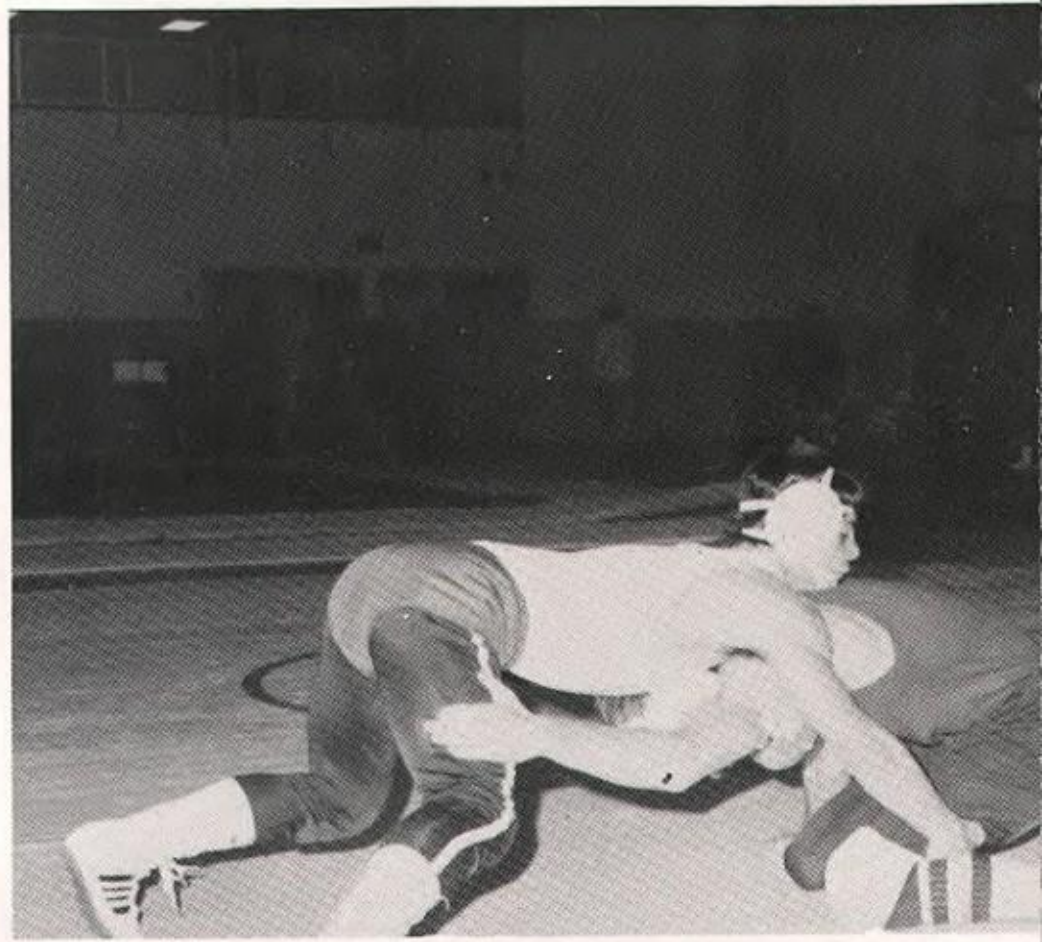

WATER BALLET

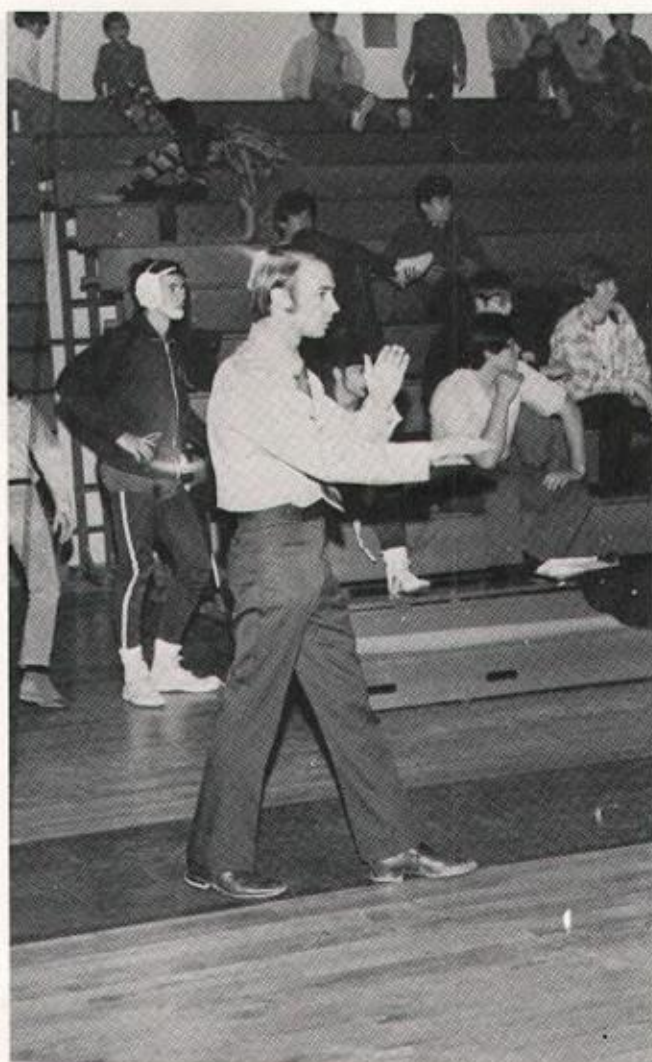

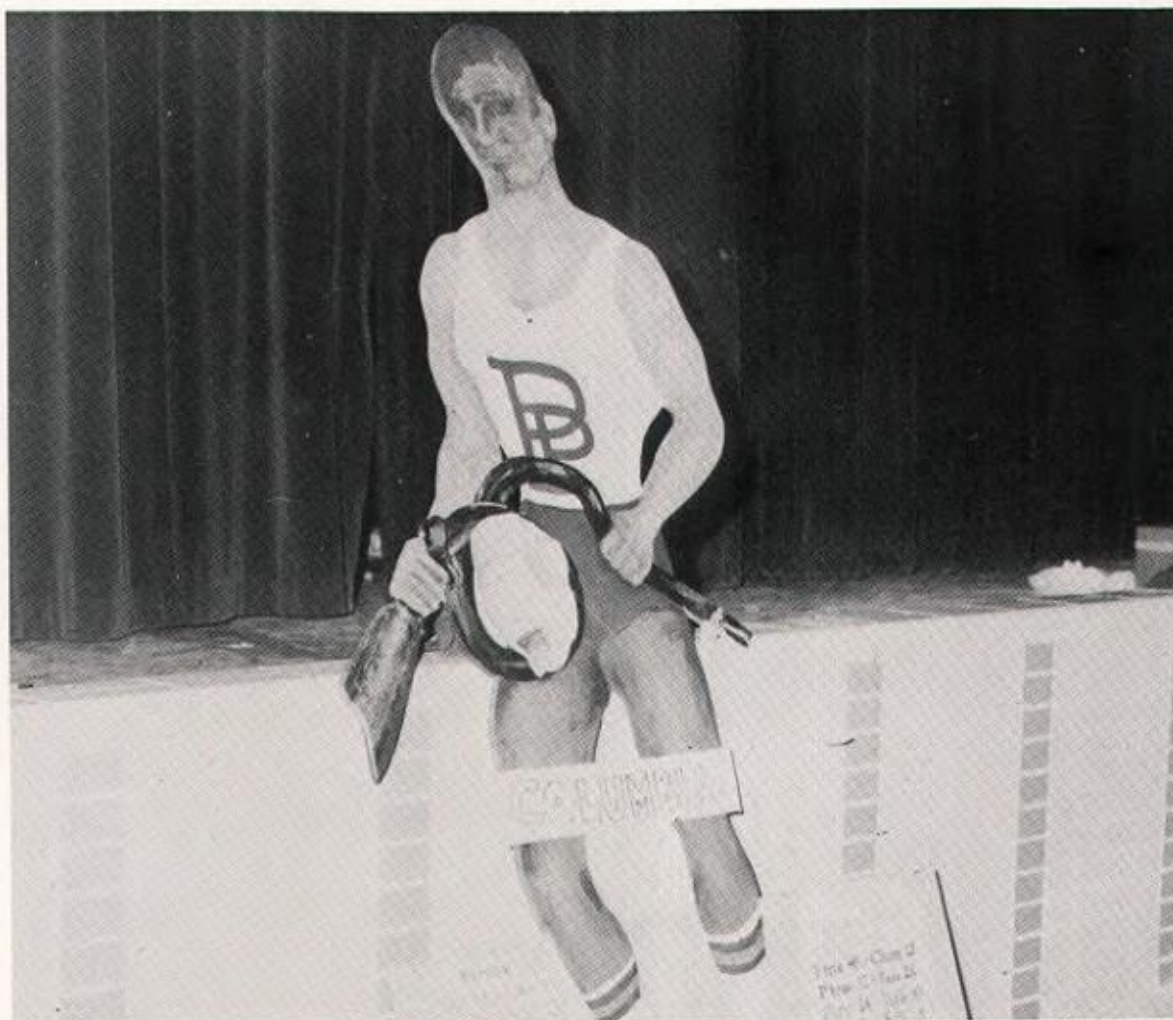

WRESTLING
1st Place — Region AA

Under a new coach, John Allen, the Peachtree Wrestlers have been working out very hard. Peachtree was considered a strong team this year but many people did not think they were champs. Peachtree showed that they were underrated as they won the 11th annual Dekalb County Wrestling Championships in both the varsity and B-Team competition, thus ending the three year reign of Walker High School in both areas. Coach Allen said the conditioning that he puts his buys through has been the key difference in winning and losing.

The Peachtree baseball team began its season with hard and long practices. The Peachtree team was going into a tough region but the team this year had a lot of potential, along with the great head coach Ed Tatum the Peachtree team started out on the right foot with a victory over a good Chamblee team. After the first win the team went on to win its next three games until meeting a very tough Druid Hills team. The game went into ten innings and the final score was 2-1, this handed Peachtree its first loss of the year. Peachtree lost its next game to Southwest Dekalb, but the team got back on the winning streak that they held before and won its next four games. The last four games of the season was divided with a tie to St. Pius, a win against Southwest Dekalb, a win against a tough Westminster team and finally ending its regular season plat with a loss to Shamrock.

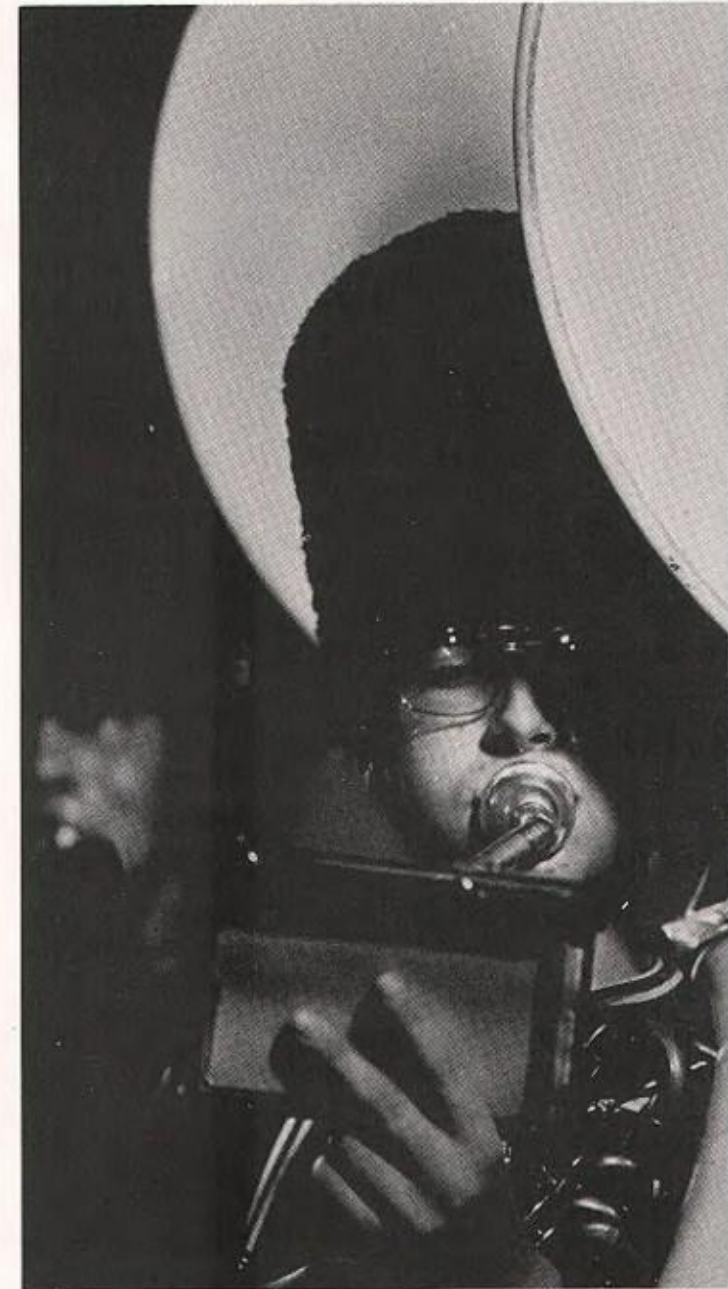

The team throughout the season was playing together and working hard to get in the playoffs. The team went on to play Sprayberry in the finals, but the Sprayberry team was too impressive for the Patriots to handle.

Mr. Henry Eddleman
Principal

Administration

Peachtree is very lucky to have three outstanding and greatly needed people. These individuals are Mr. Eddleman, Mr. Holbrook, and Mrs. Bray. Each contributes in many ways to help Peachtree function in the best way possible.

Mr. Eddleman certainly has Peachtree in his heart. Whether he is at a game, at an assembly, at a meeting in Miami, at his desk, or on the intercom he supports Peachtree in every way possible. His guidance, leadership, and influence are vital for all of us.

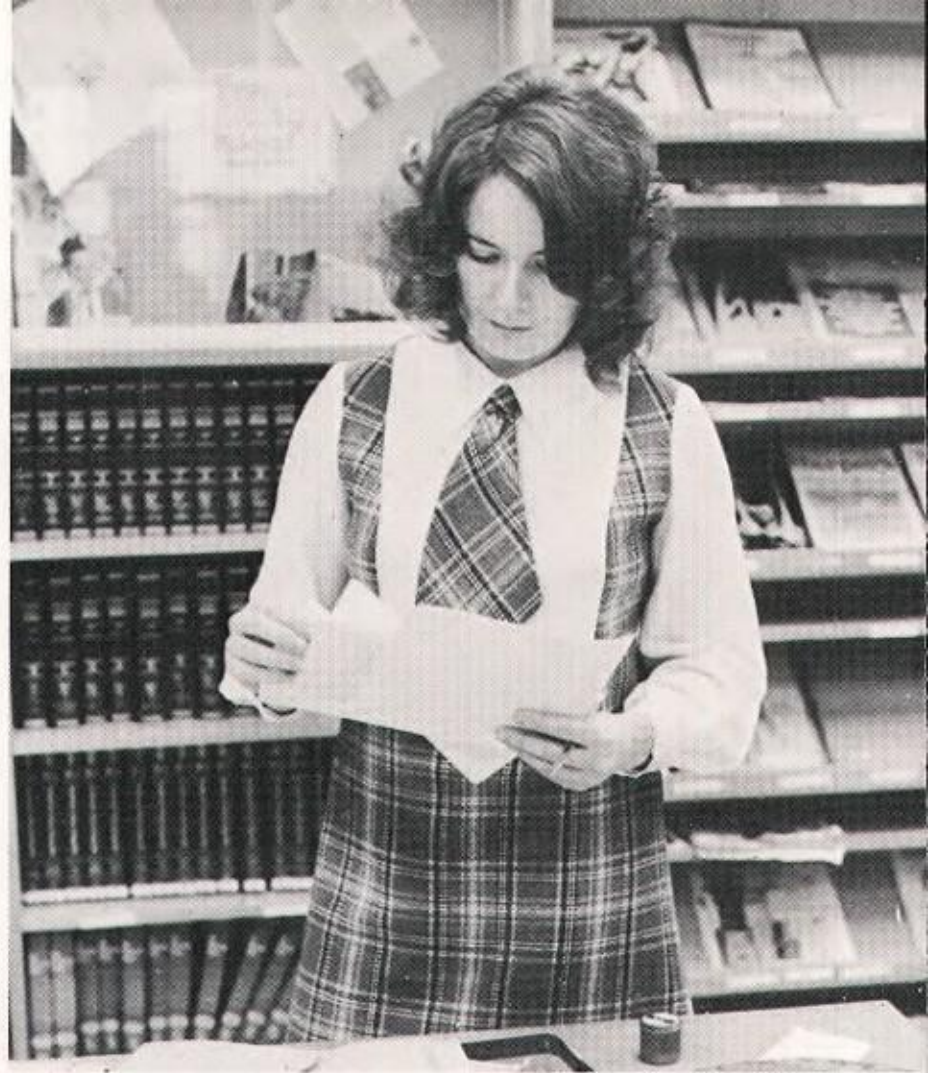

It's not easy being a new vice principal in a huge school like Peachtree! Mr. Holbrook seems to work well, however, with this terrific challenge. He not only instills some discipline in us, he also promotes spirit at pep rallies.

Mrs. Bray is what Peachtree has always wanted—an administrative assistant. She not only helps Mr. Eddleman and Mr. Holbrook, but she helps the faculty and students as well. As a result of her efficient work Peachtree is a more orderly and smooth-running institution.

Counselors

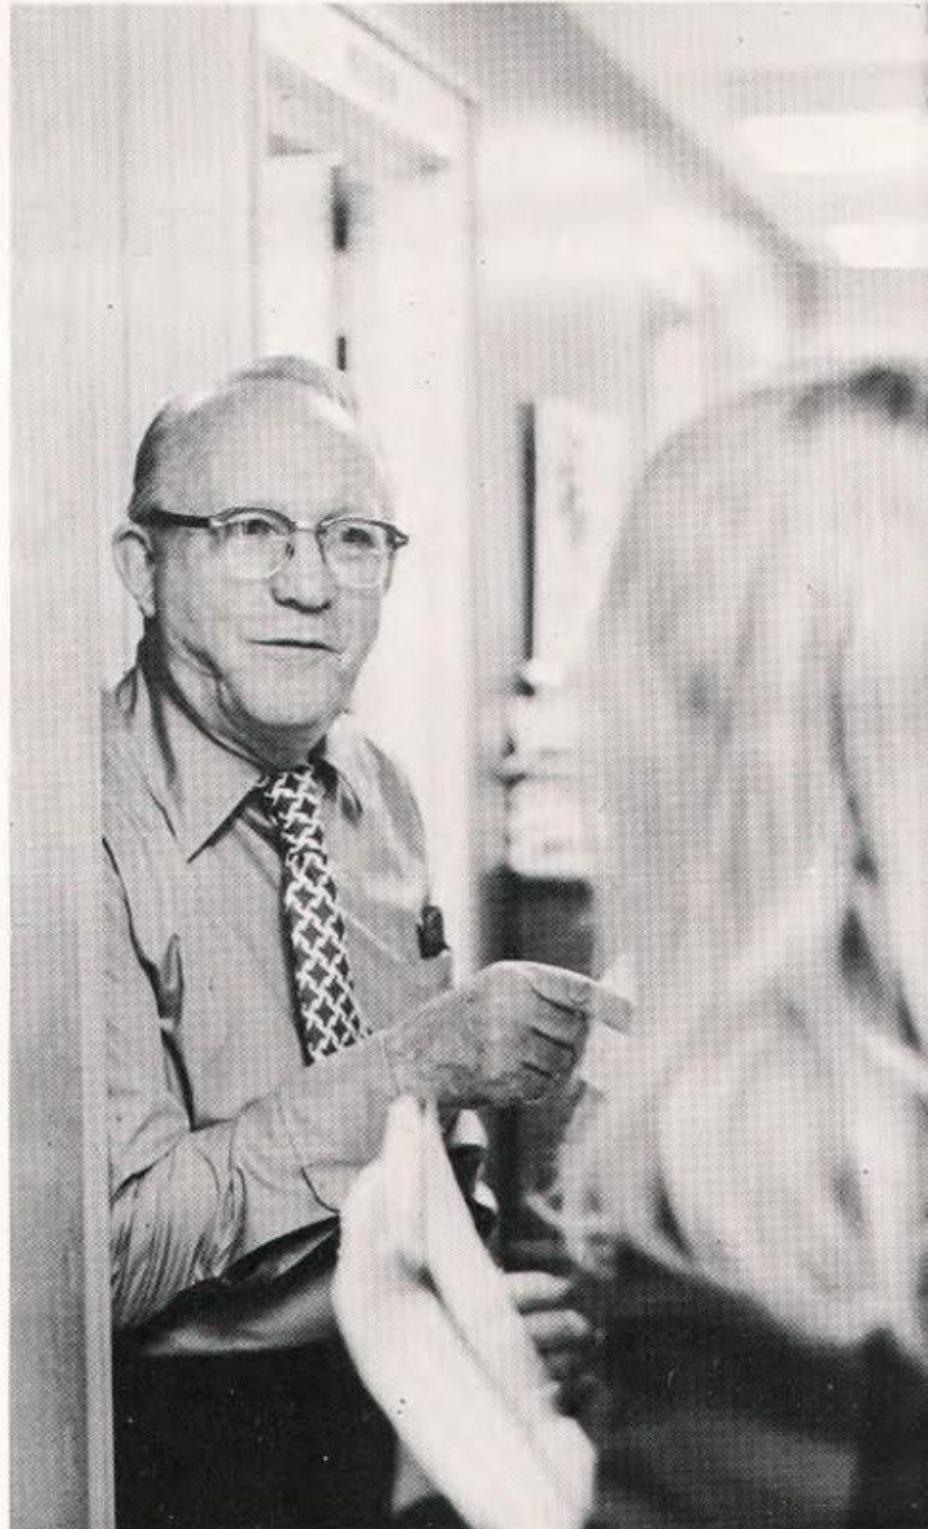

Mr. Charles
Wright

Boy do we need counselors, secretaries, and librarians! What would we do without them? Counselors take care of the schedules and problems of 2600 students. They help us find direction in our lives.

The secretaries do the behind-the-scenes work. They do more important paper work than we could even imagine!

How easy it is to keep thousands of books in order! It is doubtful that our librarians would agree with that! All of these are indeed very important people.

A teacher has a full-time job. It doesn't last just eight hours a day. He takes his work home with him. Planning and preparing lessons, grading papers, and evaluating students' overall progress require lots of time and effort.

Henry Adams said, "A teacher affects eternity; he can never tell where his influence stops." This is so true. A teacher influences us in more ways than we can think of, especially in more good ways!

He has a message to get across and sometimes this isn't very easy to do. He helps us to learn things so that we can get through life a little easier.

Service Personnel

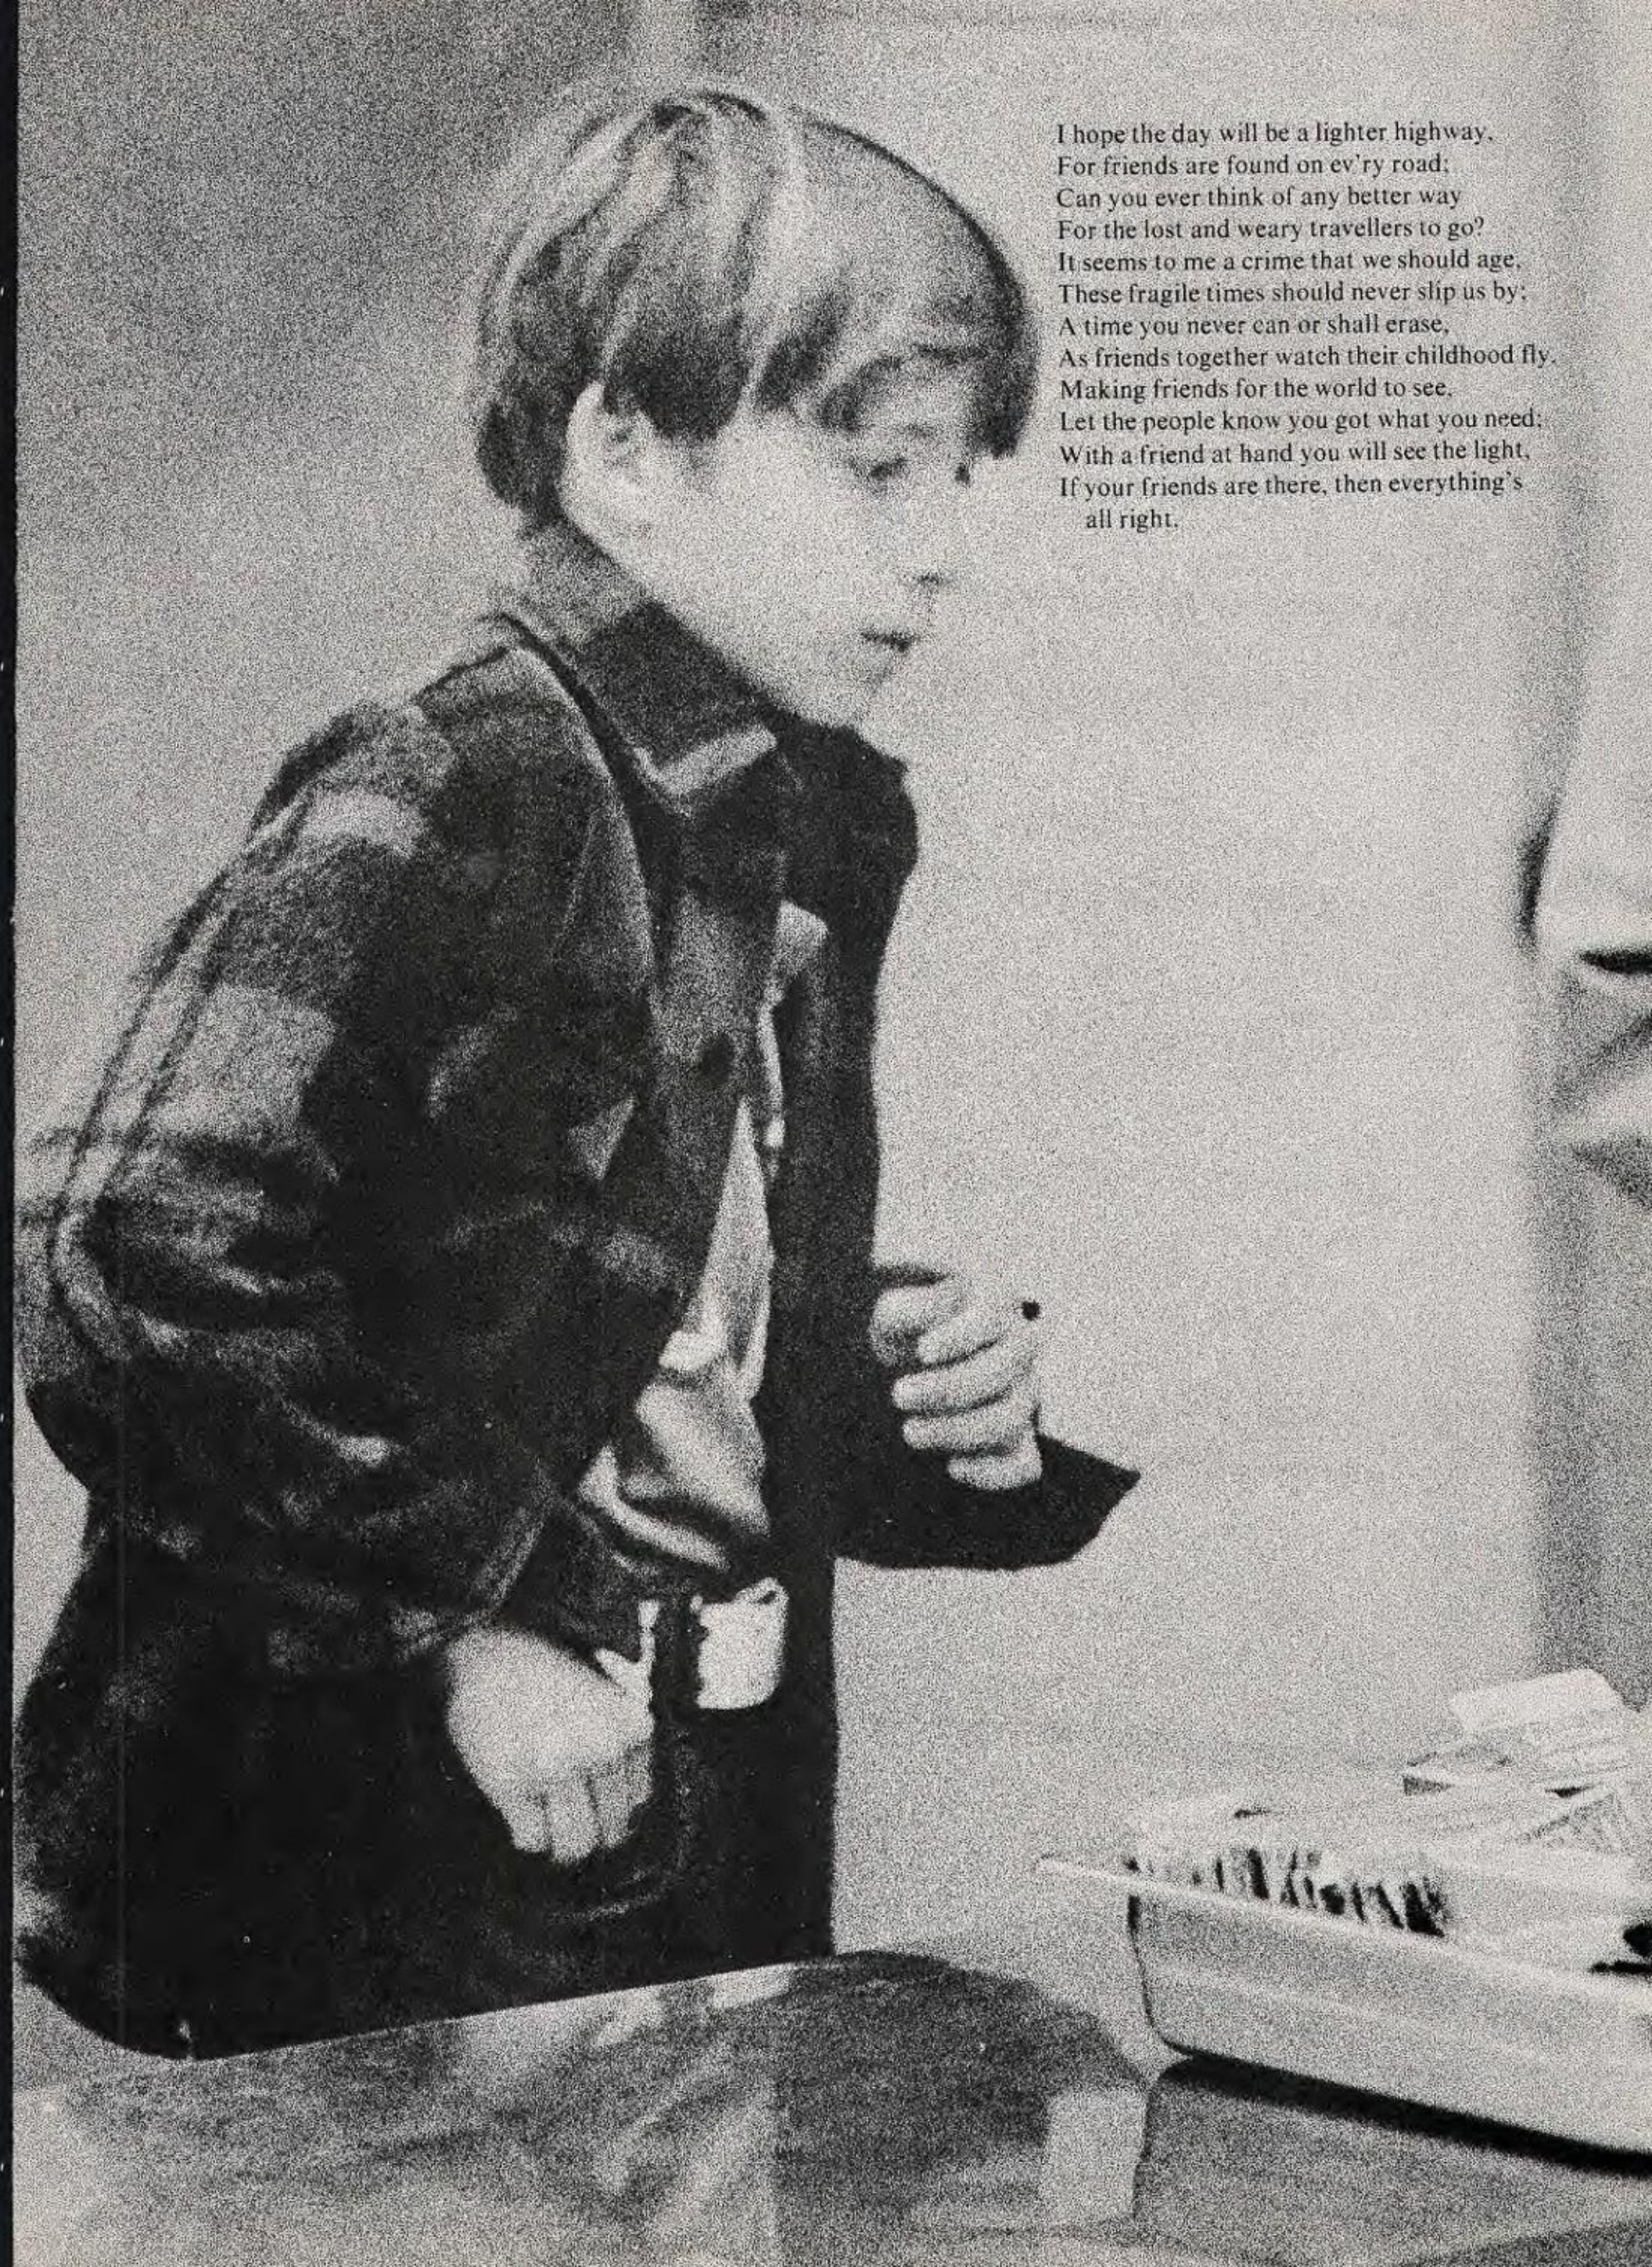

Mrs. Lillian Harrell

Mr. Grady Robinson

The service personnel are also a very vital part of Peachtree. They do more than they get credit for. They see to it that we are fed and that we have a clean school to come to. We students are the ones that mess it up! With the leadership of Martha Ann, Grady, and Mrs. Harrell multitudes of chores are accomplished.

I hope the day will be a lighter highway,
For friends are found on ev'ry road;
Can you ever think of any better way
For the lost and weary travellers to go?
It seems to me a crime that we should age,
These fragile times should never slip us by;
A time you never can or shall erase,
As friends together watch their childhood fly.
Making friends for the world to see,
Let the people know you got what you need;
With a friend at hand you will see the light,
If your friends are there, then everything's
all right.

FRESHMEN

President: Danny Martin
 Vice President: Christie Canada
 Secretary: Angie Wright
 Treasurer: Richard Mason

It's a new feeling
 being a freshman.

Experiencing
 responsibility.

Trying
 to do your best.

Sometimes . . .
 you failed.

Sometimes . . .
 you succeeded.

Sometimes . . .
 you just did

OK.

But most important
 you learned something
 about you.

For the freshman class, this past year has been an important one. Suddenly they changed from children who had to have everything spelled out for them, to maturing young adults stepping out on their own for the first time. It's quite an experience realizing that you're on your own. It's hard at first and you begin to feel all mixed up and then suddenly all the pieces begin to fit and you're ready to face the world. Deciding how to face it is one of the most important decisions a freshman can make.

SCIENCE 1

What does it mean to be a freshman? It means only one more year left to take P.E. It means leaving behind the security of general math for the more challenging world of Algebra or Geometry. It means not having any more general science, instead you get to dissect grasshoppers and frogs in Biology. It means becoming an individual.

The freshman class has really pushed its way to a firm foothold into Peachtree's society. As 8th graders there was still some doubt in the upper classes as to whether they were really a part of Peachtree, but this year the freshmen have really proved themselves. They not only showed good class organization and spirit but they have also produced another spectacular float for homecoming. Their interest and support of Peachtree's activities show that the Freshman Class of '75 intends to carry on the tradition of being Number 1.

The Short Freshman Prayer

Give the courage to face another day of P.E.
 The ability to figure out my Algebra homework,
 The intestinal fortitude to dissect my frog in Biology,
 The lungs to yell loudest in a pep rally,
 The stamina to eat in the cafeteria . . . and survive,
 And while you're at it could you also make me a
 a little taller?

Is the Pep Rally 3rd period or 6th?

I don't know, but I hope it's 3rd. I have a term paper due for Henderson, and I haven't started yet!

Let's walk to DQ!

Do you know anyone with a car this period?

I wish it would snow.

REPRESENTATIVE SENIORS

A vivid and inspiring individual Karna Dierks has contributed much to the Senior Class of Peachtree. Karna has been active in Drill Team for 4 years and has held an office for 3 of those years. As well as being pretty, Karna has the ability to turn out the grades. She served as President of National Honor Society this year.

See the little girl on the end that's always smiling? . . . Although she's sometimes a little hard to find in Peachtree's halls, Gail is a very active person. While at Peachtree, she has served as a cheerleader, on Kappa, and as a Student Council Representative. A true compliment from the student body, Gail was elected as Peachtree's first Homecoming Queen . . . something to be proud of.

Who's #99? ... Well, kid's if you don't know by now, it's time you found out.

Remember the guy that was always busting through the line and creaming the quarterback on the other teams?

Yep, that's Jim Griffith. And, who wrestles "unlimited", and who happens to be a big dumb football player on Beta Club, and why is he so well liked at Peachtree? Because he's an honest and very straightforward person. Jim Griffith.

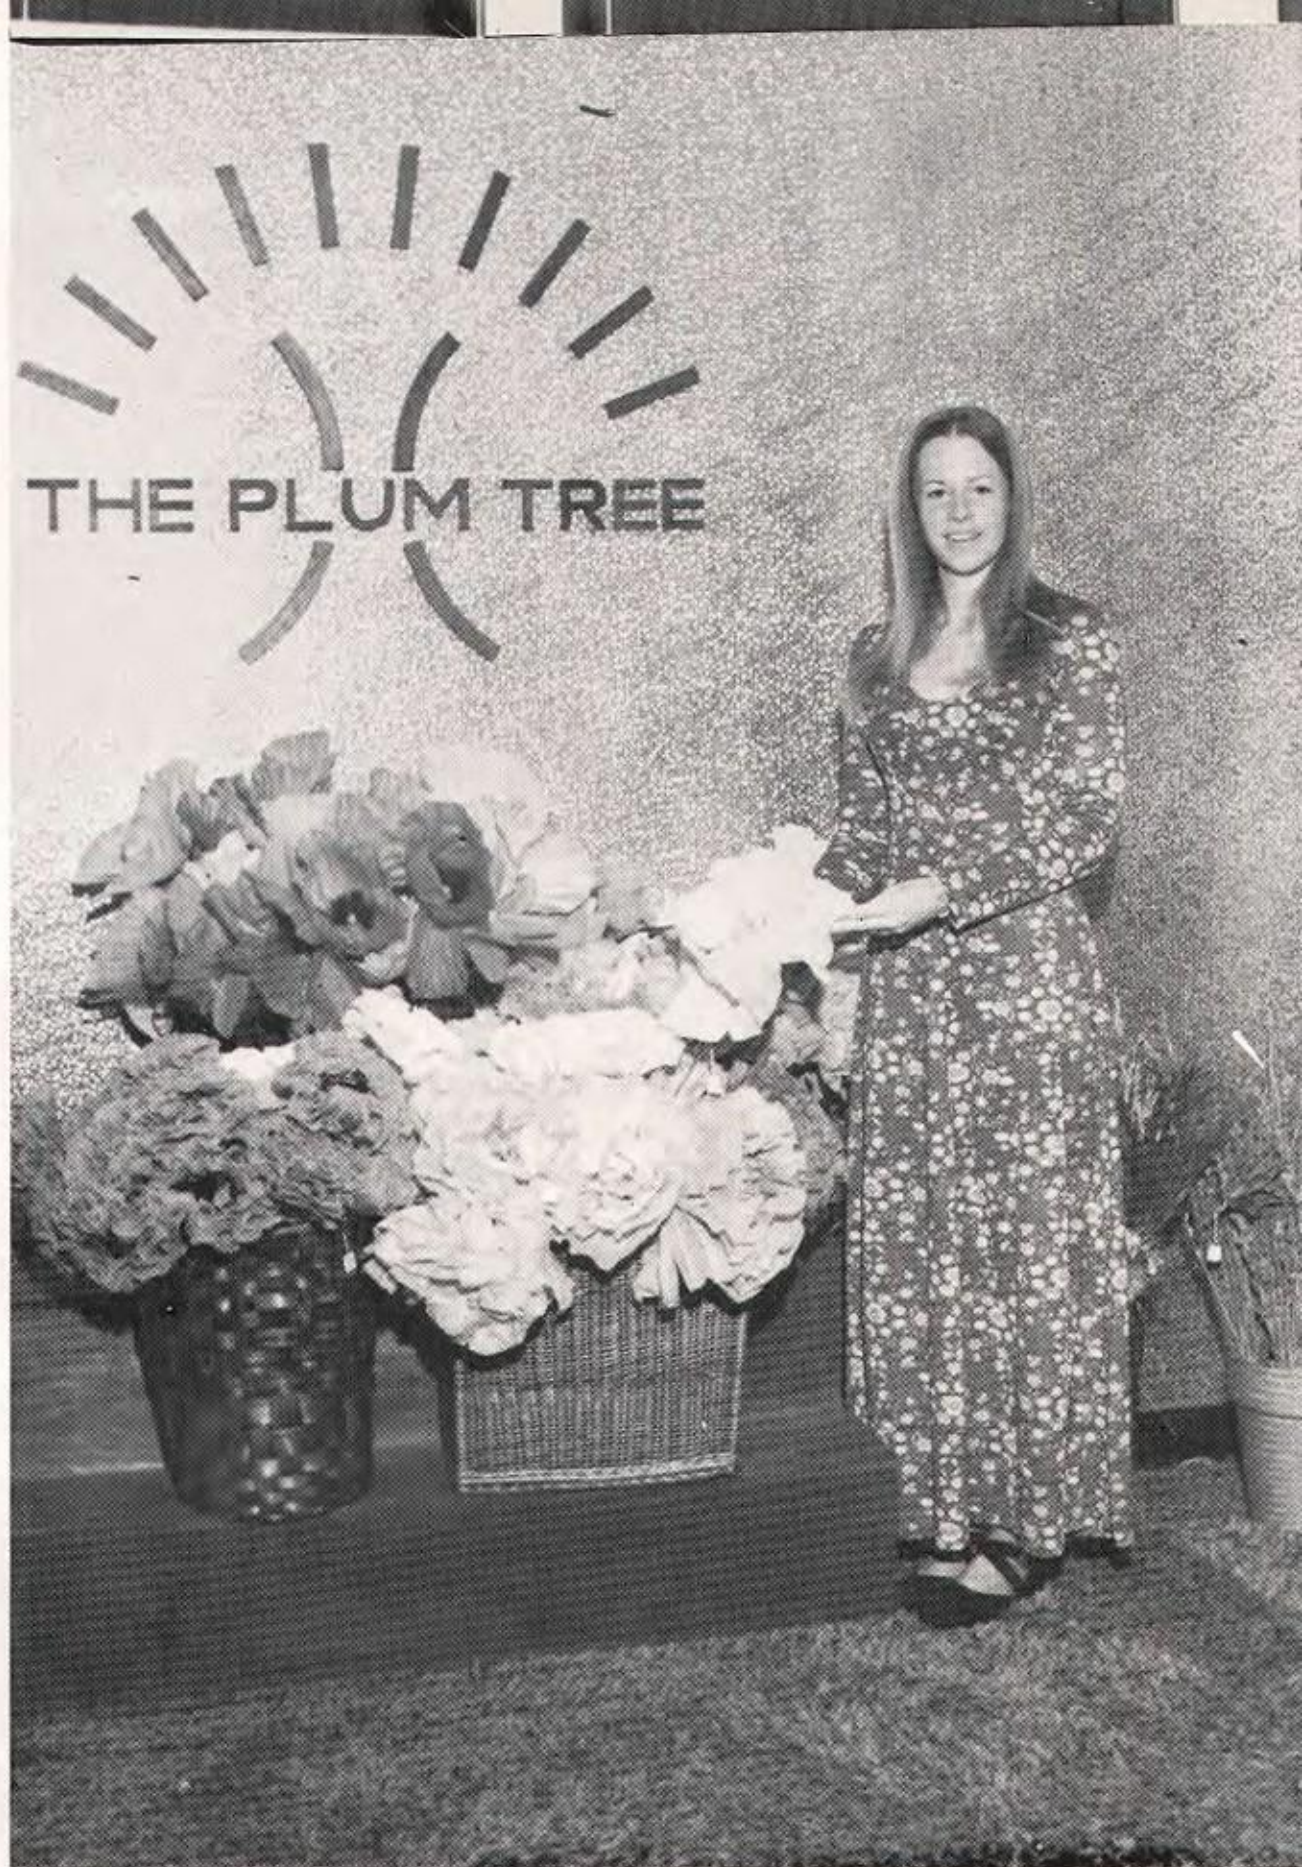

The annual staff has its own Rod McKuen and all-around creative genius . . . Jaime Henderson . . . but most people probably think of her as co-captain of the basketball team or maybe as a member of the Mistletoe Ball Court. Everyone agrees though, that Jaime has dedication and has contributed greatly to Peachtree.

Beth Johns . . . A dominating influence in many ways. Beth is heard throughout Peachtree with many suggestions for its betterment. Deeply concerned for the future of our high school, she has worked hard this year as Student Council Secretary and as Captain of the Drill Team.

When you say the word "enthusiasm" about a person, who comes to mind? — Mark Kramer. Have you ever seen Mark when he didn't offer a smile and a hello? Just being around him makes you think there might be some hope left. Mark is definitely an all around person. Take a look at his list of activities here at Peachtree: soccer, newspaper, cross country, baseball, football, track, PHS Court, Campus Crusade, and FCA. How's that for all around? A true example of Peachtree's undying spirit.

What does giving a hundred per cent mean? . . . Putting out the effort . . . maybe not always succeeding . . . but putting out the effort. No one can say Tom doesn't give his total dedication to what he does. His efforts in football, basketball, and baseball have earned respect with his fellow teammates and as a result he was elected as President of Peachtree's first Fellowship of Christian Athletes. Total commitment to sports . . . Tom Marshall.

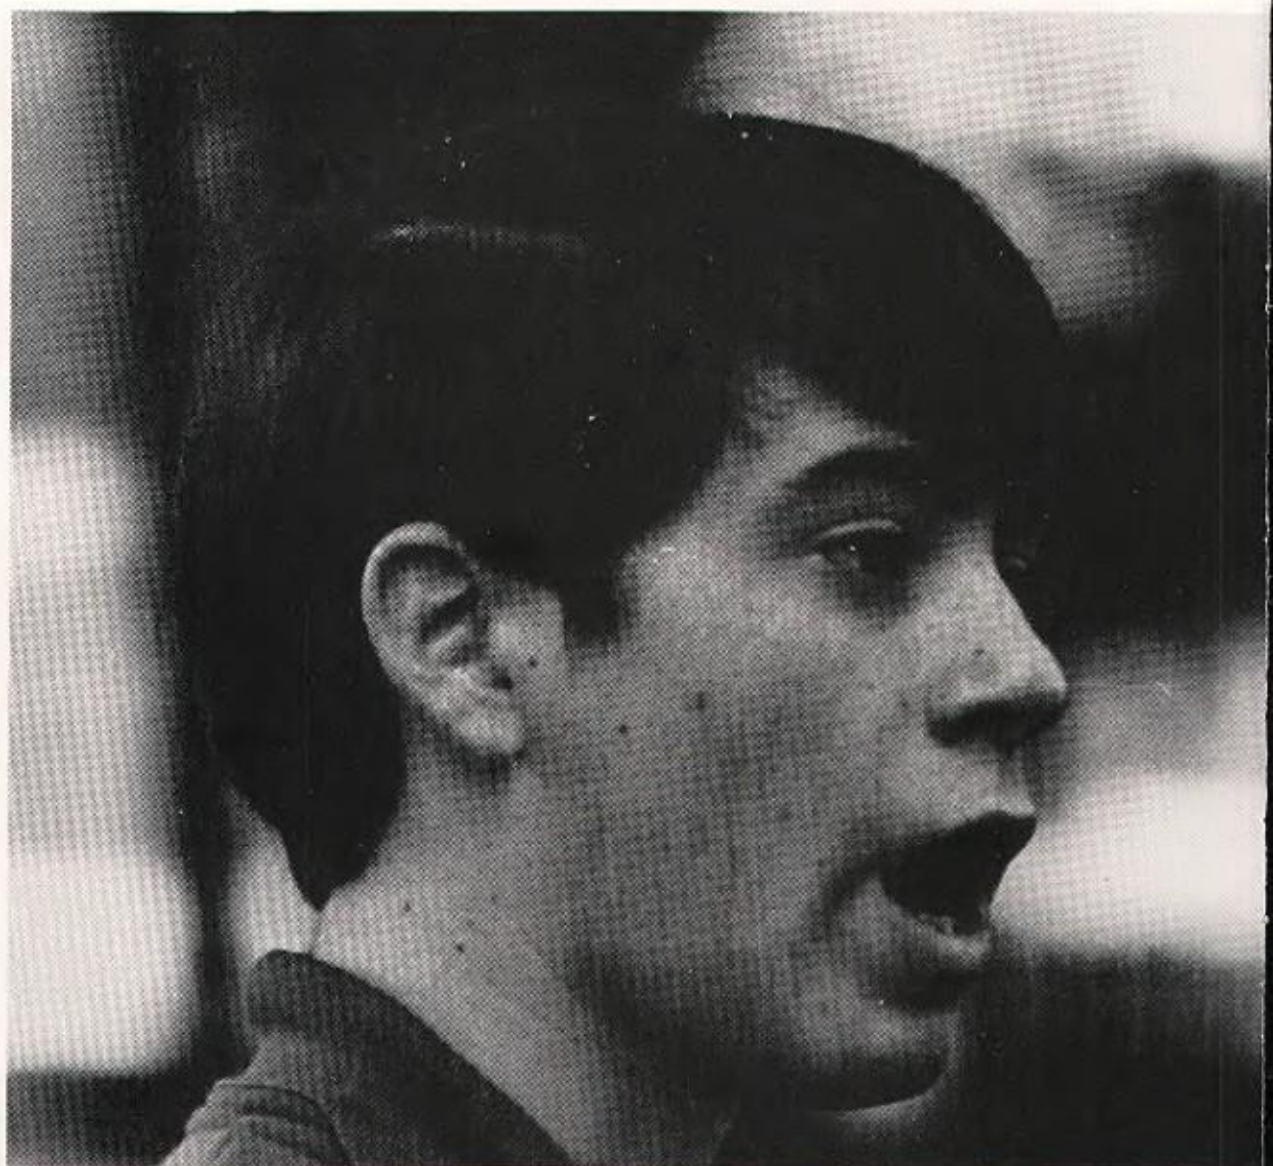

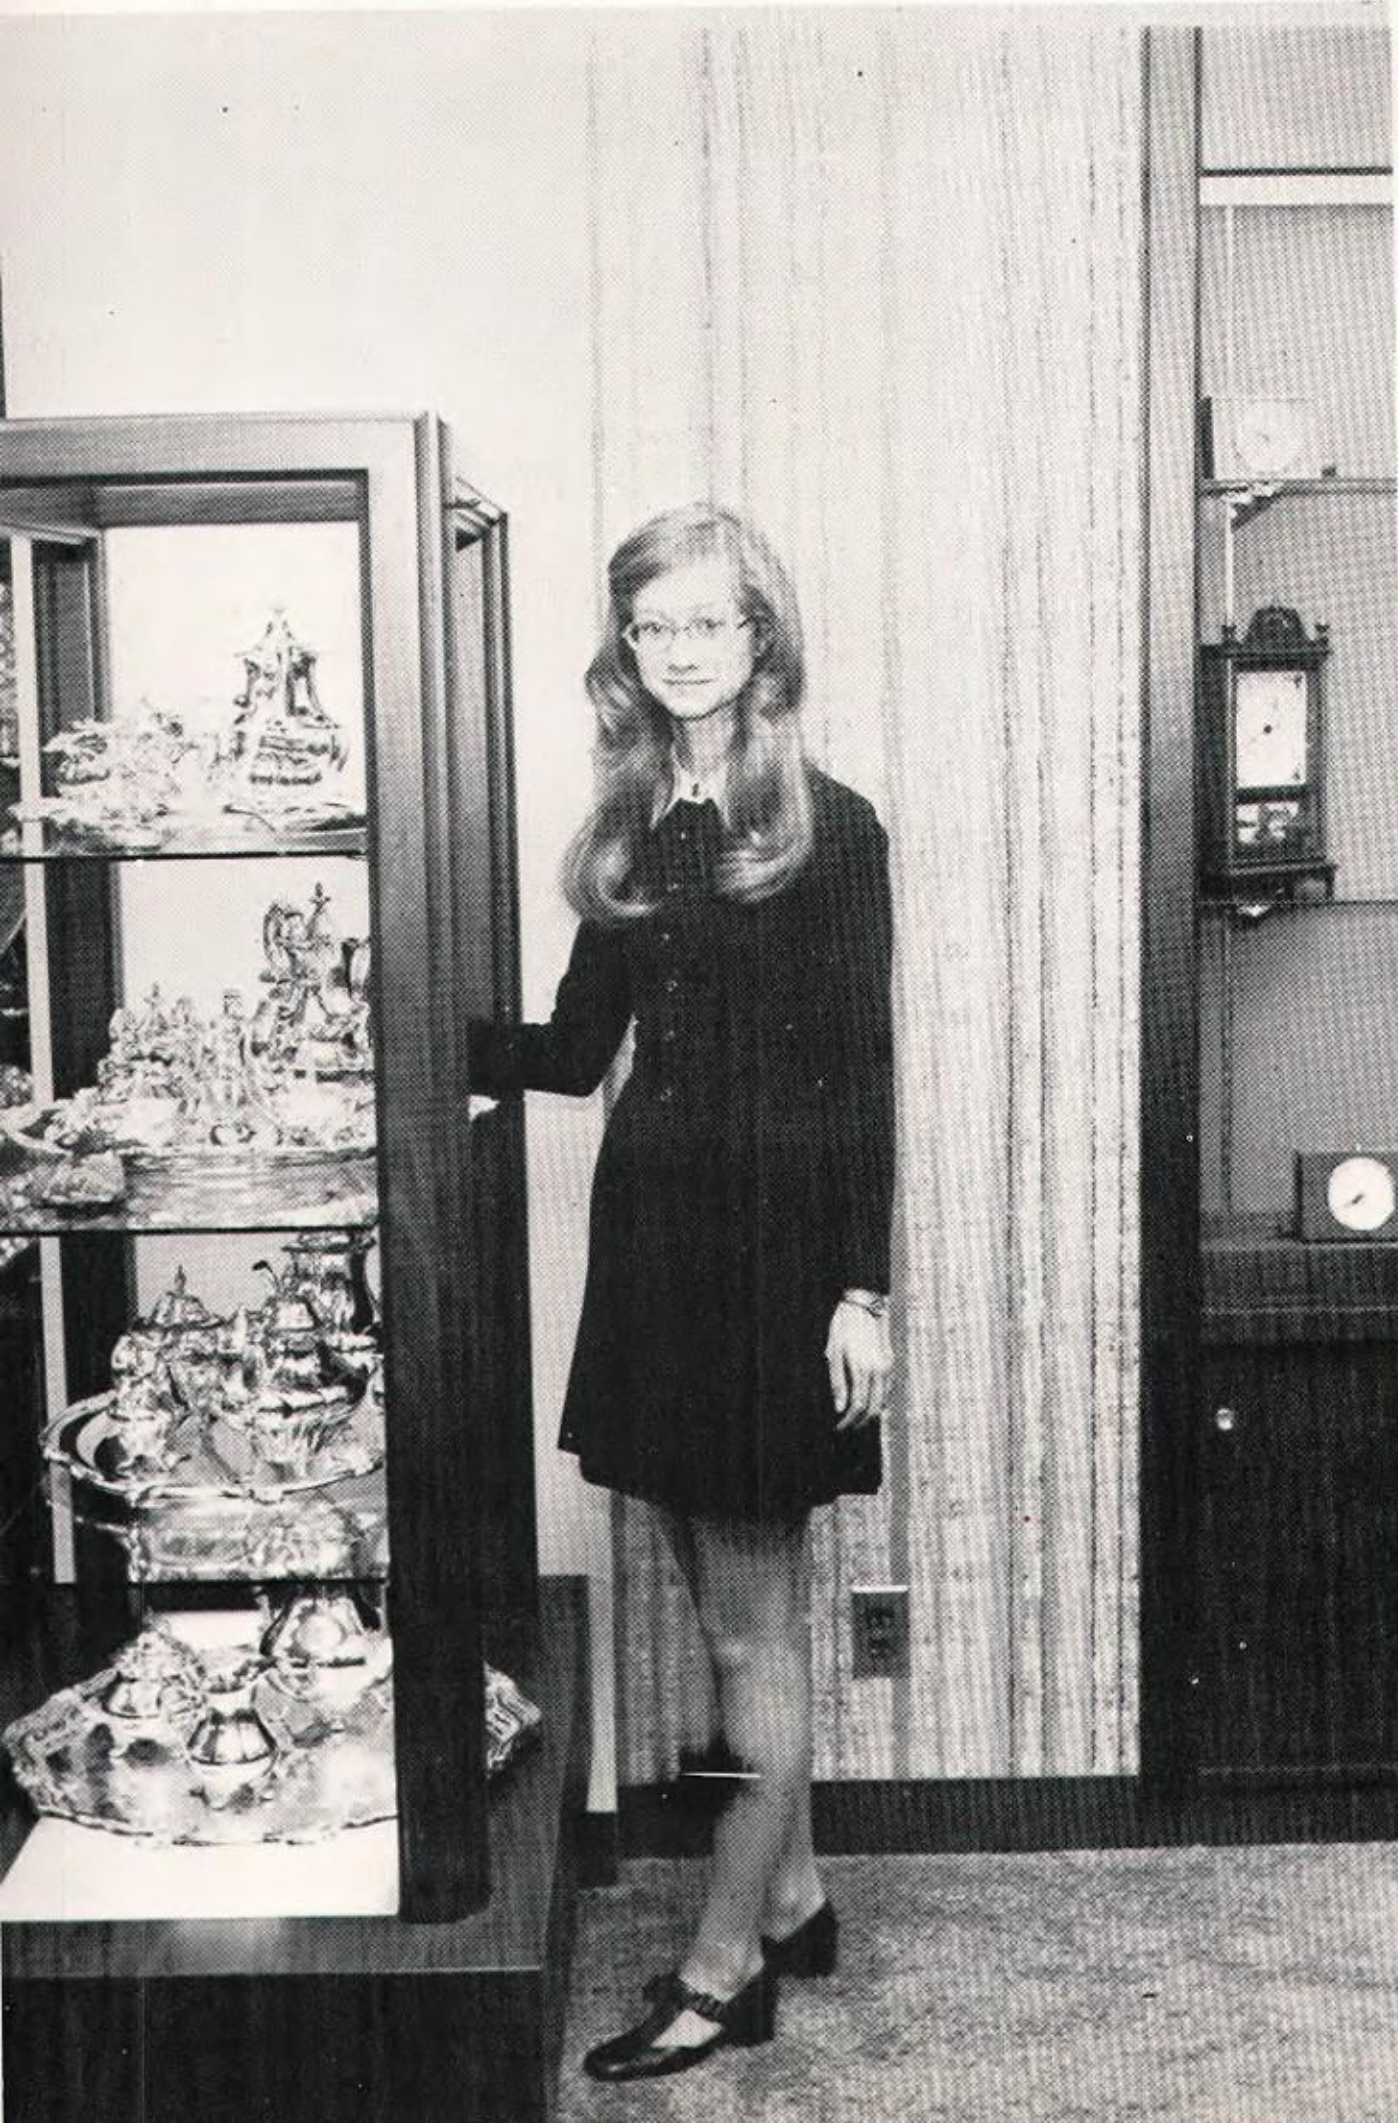

In the formative years of Peachtree, Jim Mitchell was a person you kept your eye on. His sports have contained baseball, football, and basketball and he has excelled in each. A member of Key Club and President of the Senior Class, Jim is someone to remember for his past efforts at building Peachtree.

Who's that guy running around like he's had his head cut off? It may sound strange but no one can imagine all of the trivial things that somebody must organize and guess who the administration finally turns to? Lloyd Nault. Organizing Pep Rallies, presiding at Student Council meetings, and generally getting the rough end of the deal, Lloyd has stayed loyal and dependable through it all.

Always willing to help, Kim has been very active in Peachtree's growth. Though she is seldom noticed for the many things she does, Kim never fails to achieve perfection. She has served as manager of the wrestling team for 3 years . . . yes, the wrestling team. As a member of National Honor Society, Beta Club, and as co-editor of this year's annual, Kim has shown her hard working and optimistic outlook at Peachtree. Petite and feminine, always graceful, she is admired for her conscientious and sincere feelings for the people around her.

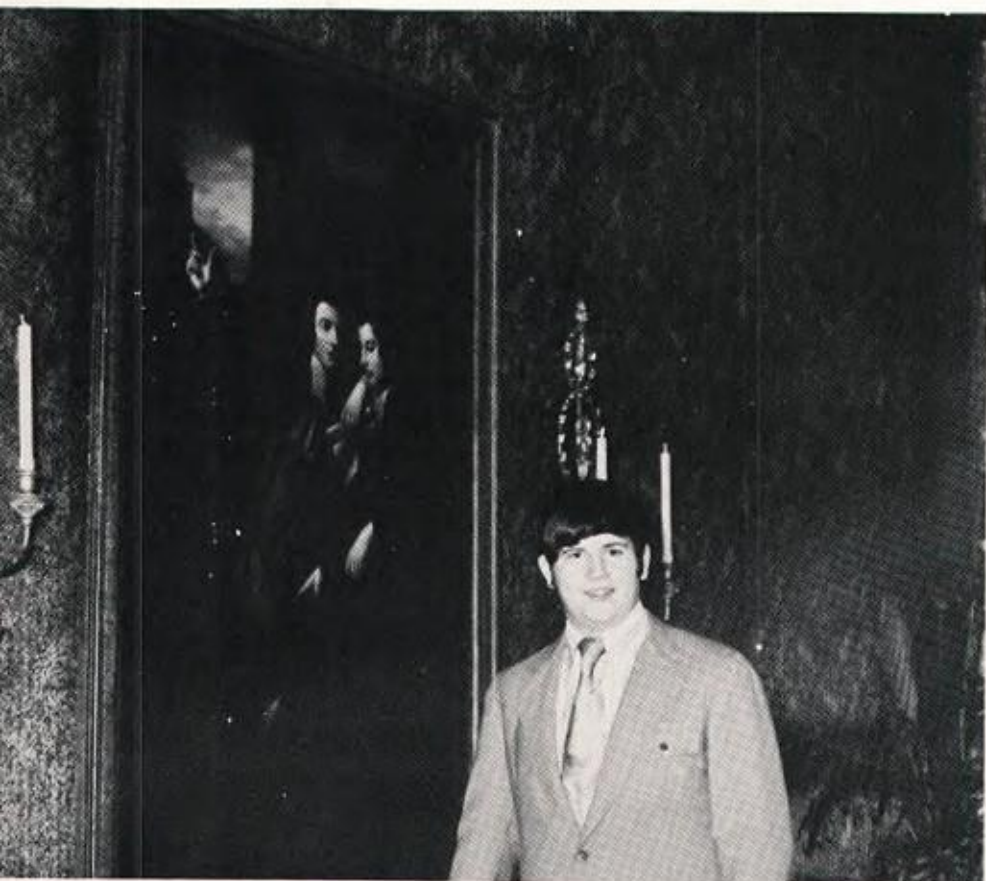

When you're looking for an organizer, or a coordinator somehow you always end up finding Laurie. Definitely a hard worker, Laurie served as Chairman of the Projects Committee this year. What's that? Well, it's the committee that set up Homecoming, an extremely difficult job and Laurie was responsible. Serving as a class officer in her sophomore and junior years, she helped to build a good foundation for this year's senior class. Always in the stands during basketball or football games, Laurie is an enthusiastic and avid supporter of Peachtree.

How many times have you heard a singing voice coming down the hall? Our own Tom Jones — Gary Schwab. Gary is a fun loving person. He is constantly teasing someone or playing 'Papa Schwab'. Gary is a meticulous worker and his studies show it. While belonging to National Honor Society and Beta Club, he has found time for football, wrestling, Key Club, Class Treasurer, and has been co-editor of the yearbook. Gary is a worrier, a helper, a decision maker, and a real gold medal winner. The only real way to describe GARY is — good ole G. Schwab.

Tell me where you will be tomorrow,
or the day after.
And tell me what you will find
there.
Will it be a uniform, or an office,
or another theme, or maybe something else . . .
Tell me when you know what you are
searching for.
And let me know if you find it.

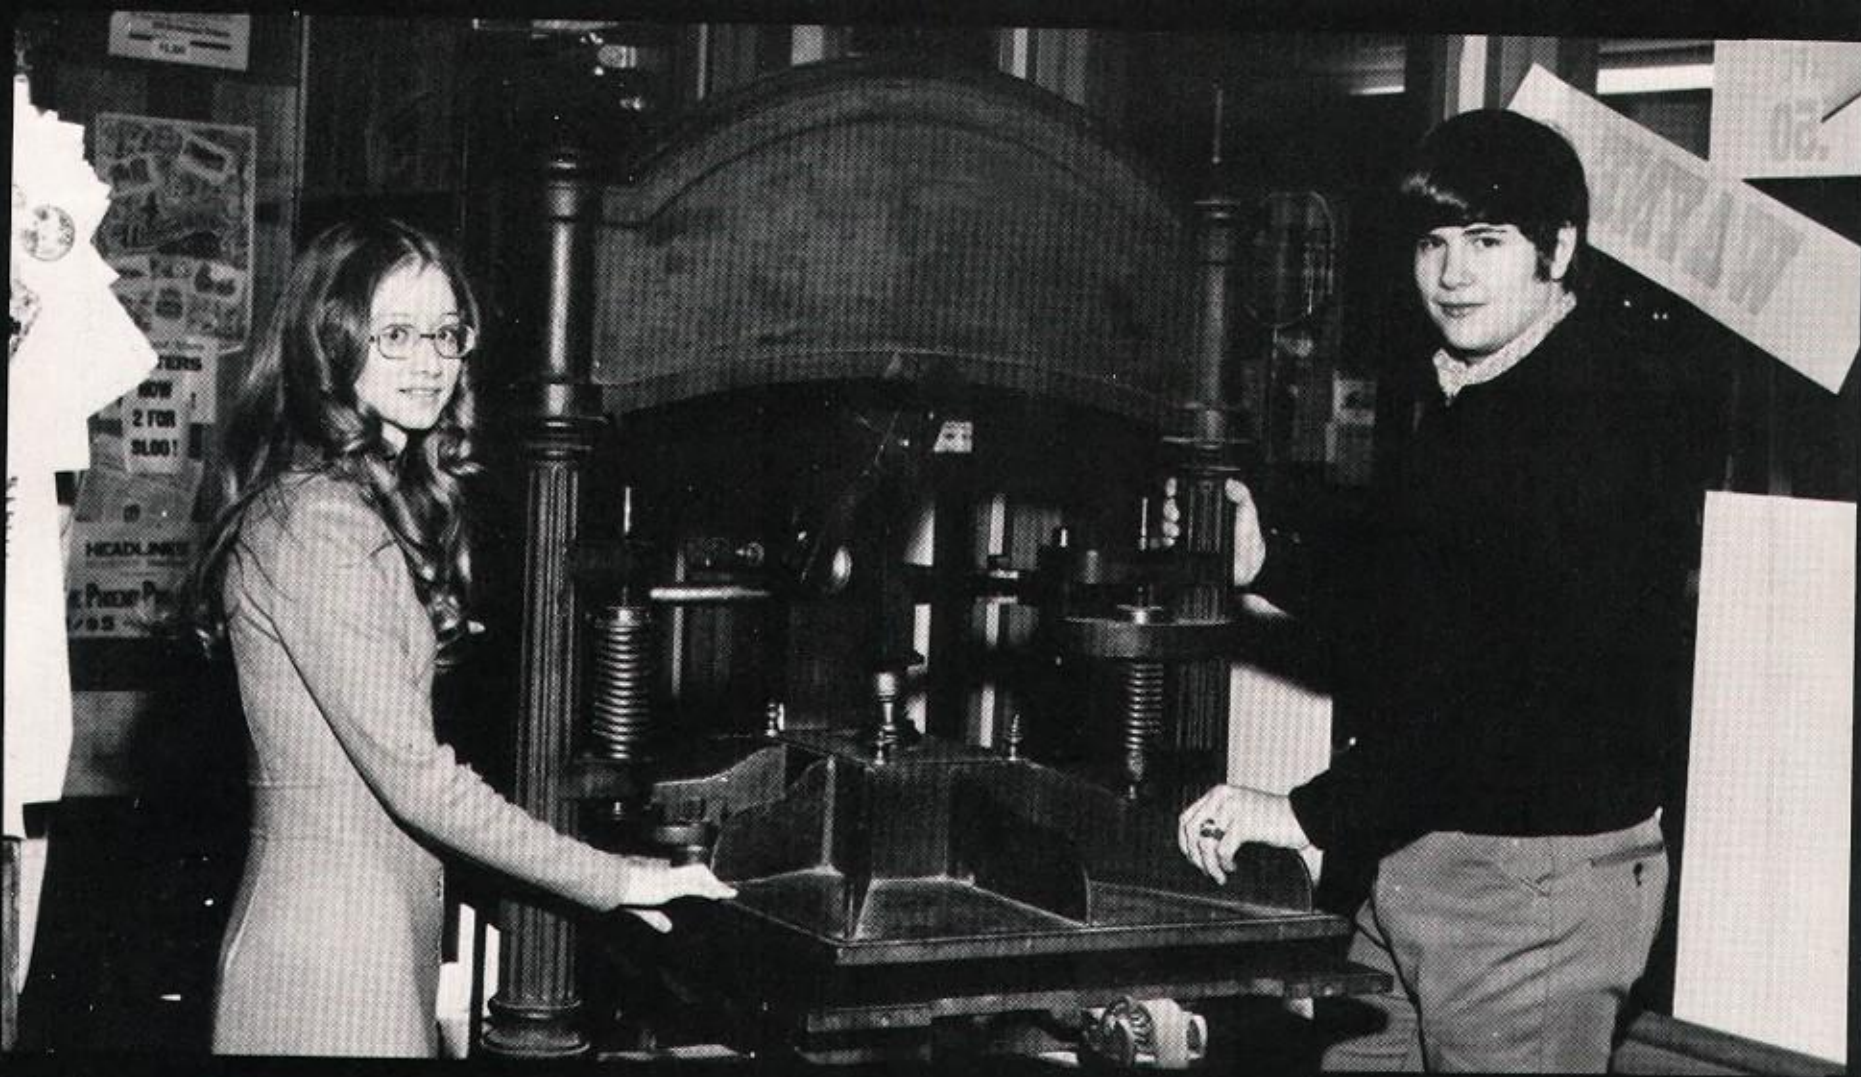

All senior classes have one thing in common—they're all a little conceited. Each class that graduates believes that the school will never be the same without them; it is bound to go downhill.

It never happens though, at least not at Peachtree. A new class comes to start where the old one left off. All the records are broken by the people who follow. Peachtree grows with each new person that comes to it. It's a never ending continuous kind of thing. Peachtree is as long as Peachtree is.

A few years after our own graduation we should all come back and take a look at the school. It will undoubtedly seem very strange and different, but maybe if we search really hard we'll find the part of Peachtree that was us.

This is it. The show is over and the critics are out. This book has been the product of five long months. There have been times when it looked as if we were headed for disaster, but deep inside we knew everything would work out. The BEACON staff worked long and hard for these 304 pages. We were lucky to have such a dedicated and talented staff. The closet was a beehive of activity every fourth and fifth period with someone always having an unsolvable problem. There was that always-full trash can with its own keeper (Gary).

There was that fantastic copy by Jaime and the organization of clubs by Polly and Ellen. There was Melinda, who somehow got the class sections done. Then there was everybody who made the Miss PHS Pageant work. And there was Jenny with her tremendous layout and that all important encouragement.

We got our usual fine job from Mr. Dan Troy of American Yearbook Company. Somehow he had the courage to stick with us, even though we're sure he had his doubts. He had that great ability needed to pull it all together.

And finally our deepest appreciation goes to our advisor, Miss Sarah Patsy Miller. This book definitely would not have been published without her. She is the great one; the one who does so much with such little recognition. She made a group of believers in us all, and we appreciate it.

To all these people we say Thank-you. You have made this yearbook an experience we will never forget. Each and every one of you made it all possible. Thank-you for a job well done.
